50 SAT & ACT Passages You Will Enjoy Jun 07 2021 One of the first things I ask a new student is "What was the last book you read for fun?" They typically laugh, then pause, and finally admit to me (and to themselves) that they can't remember the last time they read something for fun. Remember when you were young and you enjoyed reading? You read stories of adventure, tales of pirates and wizards and knights, of jungles and deserts and space. New books were devoured like chocolate cake. Library days meant you were entering an unexplored world or going on a new adventure with old friends. Sooner or later, however, school intervened. Reading became something you had to do. Teachers assigned book reports, reflection papers, essays. Midterms sap the fun out of reading faster than anything. Anything except standardized tests, that is. The reading sections of the SAT and ACT not only take the fun out of reading, but they also inject a healthy dose of anxiety into your already chaotic and busy world. But the best way to improve your reading score is to read. It's hard to study for the reading section of standardized tests. The passages are not the types of books and essays you would typically choose to read. Sometimes, the content can trip you up. Other times, the archaic words and phrases of nineteenth-century literature slow you to a crawl. There are lots of strategies you can deploy to help yourself with the passages but nothing will improve your score faster than reading regularly. This book will help you prepare for the test in three ways. First, you will (re)-learn to read for fun. You'll get more out of reading when you read something you want to read. Second, you'll know what to expect on the test. The passages here, more or less, conform to the types of passages you'll see on test day. Third, you'll learn to focus, relax, and pace yourself. These tests are stressful enough as it is. Preparing will remove some anxiety and give you the confidence to succeed. One final thing: There is nothing parents like to see more than a student doing homework. Read this book in the living room or at the dining room table, someplace where they can see you. Write all over this book. Make it clear to your parents that you care and you'll find that the stress levels in the house drop noticeably. The passages in this book are, more or less, the kinds of passages you would find on standardized tests. However, I have chosen these particular passages because I think that they may be more interesting than those you'll find on test day.

ACT Essay Writing Prep Book with Essay Prompts and Sample Essays Jul 01 2023 Exam SAM's "ACT Essay Writing Prep Book with Essay Prompts and Sample Essays" is a comprehensive writing guide for the essay part of the ACT Examination. Act Like You're Having a Good Time Oct 31 2020 Winner, 2021 Gilda Women's Book Award In this honest and tender collection of essays, award-winning memoirist Michele Weldon asks what it means to be a mature woman seeking a life of purpose and meaning through work, family, and relationships. Facing ageism and invisibility within popular culture, Weldon examines the effects of raising children, striving for applause, failing expectations, forming new friendships, reconciling lost dreams, and restoring one's faith. With sincerity and humor, she unwraps family traditions, painting classes, lap swimming, dress codes, and career disappointments. She addresses white privilege and her evolving understanding of racism. And she asks crucial questions about mortality, finding connection in writing and stories. Frank, eloquent, and daring, Weldon dissects the intricacies of life, journeying toward self-discovery as a mother, daughter, sister, and friend. Readers of any age or gender will recognize the universal experience of learning to accept oneself and asking essential questions—even if there are no easy answers.

The Five Finger Essay(c) Mar 17 2022 The Five Finger Essay(c) teaches students to write paragraphs and essays without the struggles. Written specifically to and for teenagers and others who need to be able to write essays for a timed-testing situation (such as the SAT/ACT exams). This color-coded learning aid teaches brain-based methods, very kinesthetically, for writing essays that are simple to learn, yet easy to remember. Excellent use of mnemonics for Linguistic and Logical/Mathematical Learners! FREE downloads of practice charts and Ancillary Materials are also available from author's website (retrieval information in book), but are also included in the book.

How to Write Essays for Standardized Tests Feb 01 2021 Master essays for standardized tests with The Princeton Review! The Facts of Reconstruction Mar 05 2021 Thirty years after the publication of John Hope Franklin's influential interpretative essay *Reconstruction: After the Civil War*, ten distinguished scholars have contributed to a new appraisal of Reconstruction scholarship. Recognizing Professor Franklin's major contributions to the study of the Reconstruction era, their work of analysis and review has been dedicated to him. Although most of the contributors studied with John Hope Franklin, *The Facts of Reconstruction* is not a festschrift, at least not the conventional sense. The book does not offer a comprehensive assessment of Franklin's remarkably wide-ranging work in southern and Afro-American history, but instead engages his influential interpretation of Reconstruction. The essays in *The Facts of Reconstruction* focus upon questions raised in *Reconstruction: After the Civil War*. Was southern white intransigence the decisive influence in Presidential Reconstruction? What as the role of violence in southern "redemption"? How successful were the educational experiments of the Reconstruction era? Why did southern Republicans fail to build an effective coalition capable of surviving the pressure of racism? In addition, several essays discuss questions not directly addressed in Franklin's book, since his pathbreaking work indirectly stimulated study in a variety of new areas. For example, contributors to *The Facts of Reconstruction* examine the ante-bellum origins of Reconstruction, evaluate the development of racial segregation during the late nineteenth century, analyze the political and legal ideas behind the Reconstruction debates, and study the prospering minority among blacks. Representing a variety of perspectives, the authors have sought to follow John Hope Franklin's admonition that Reconstruction should not be used as "a mirror of ourselves." If they have succeeded, this book in honor of a profound scholar and inspiring teacher will provoke new discussion about "the facts of Reconstruction."

Text and Act Feb 25 2023 Over the last dozen years, the writings of Richard Taruskin have transformed the debate about "early music" and "authenticity." *Text and Act* collects for the first time the most important of Taruskin's essays and reviews from this period, many of which now classics in the field. Taking a wide-ranging cultural view of the phenomenon, he shows that the movement, far from reviving ancient traditions, in fact represents the only truly modern style of performance being offered today. He goes on to contend that the movement is therefore far more valuable and even authentic than the historical verisimilitude for which it

ostensibly strives could ever be. These essays cast fresh light on many aspects of contemporary music-making and music-thinking, mixing lighthearted debunking with impassioned argumentation. Taruskin ranges from theoretical speculation to practical criticism, and covers a repertory spanning from Bach to Stravinsky. Including a newly written introduction, *Text and Act* collects the very best of one of our most incisive musical thinkers.

Text and Act Oct 24 2022 Over the last dozen years, the writings of Richard Taruskin have transformed the debate about "early music" and "authenticity." *Text and Act* collects for the first time the most important of Taruskin's essays and reviews from this period, many of which now classics in the field. Taking a wide-ranging cultural view of the phenomenon, he shows that the movement, far from reviving ancient traditions, in fact represents the only truly modern style of performance being offered today. He goes on to contend that the movement is therefore far more valuable and even authentic than the historical verisimilitude for which it ostensibly strives could ever be. Leonora's Last Act Apr 29 2023 In these essays, Roger Parker brings a series of valuable insights to bear on Verdian analysis and criticism, and does so in a way that responds both to an opera-goer's love of musical drama and to a scholar's concern for recent critical trends. As he writes at one point: "opera challenges us by means of its brash impurity, its loose ends and excess of meaning, its superfluity of narrative secrets." Verdi's works, many of which underwent drastic revisions over the years and which sometimes bore marks of an unusual collaboration between composer and librettist, illustrate in particular why it can sometimes be misleading to assign fixed meanings to an opera. Parker instead explores works like *Rigoletto*, *Il trovatore*, *La forza del destino*, and *Falstaff* from a variety of angles, and addresses such contentious topics as the composer's involvement with Italian politics, the possibilities of an "authentic" staging of his work, and the advantages and pitfalls of analyzing his operas according to terms that his contemporaries might have understood. Parker takes into account many of the interdisciplinary influences currently engaging musicologists, in particular narrative and feminist theory. But he also demonstrates that close attention to the documentary evidence—especially that offered by autograph scores—can stimulate equal interpretive activity. This book serves as a model of research and critical thinking about opera, while nevertheless retaining a deep respect for opera's continuing power to touch generations of listeners.

Essays in Speech Act Theory Feb 13 2022 Any study of communication must take into account the nature and role of speech acts in a broad context. This book addresses questions such as: - What do we mean? - How do we say it? and - How is it understood? in the broad context of universal, socio-cultural and psychological issues that bear on human communication. It presents an overview of current issues in speech act theory that are at the center of human and social sciences dealing with language, thought and action, building on John Searle's famous article 'How Performatives Work' (included in this book). The contributions by linguists, psychologists, computer scientists, and philosophers thus address issues of communication that are crucial in conversation analysis, cognitive science, artificial intelligence, psychology and philosophy, and a general understanding of how we communicate. The book is suitable for courses with an extensive bibliography for further reading and an Index.

This manual gives step by step instructions for writing high-scoring essays for the SAT and ACT standardized tests. All purchasers of the book are entitled to unlimited practice essay grading and commentary by SAT and ACT professionals via private website at no additional cost. Write your best!

Going to the Territory May 26 2020 The work of one of the most formidable figures in American intellectual life." -- Washington Post Book World The seventeen essays collected in this volume prove that Ralph Ellison was not only one of America's most dazzlingly innovative novelists but perhaps also our most perceptive and iconoclastic commentator on matters of literature, culture, and race. In *Going to the Territory*, Ellison provides us with dramatically fresh readings of William Faulkner and Richard Wright, along with new perspectives on the music of Duke Ellington and the art of Romare Bearden. He analyzes the subversive quality of black laughter, the mythic underpinnings of his masterpiece *Invisible Man*, and the extent to which America's national identity rests on the contributions of African Americans. Erudite, humane, and resounding with humor and common sense, the result is essential Ellison.

ACT Assessment Plus Writing Test May 31 2023 Offers five full-length practice tests; math, reading, English, and science subject reviews, and strategies for succeeding at the ACT.

The Nordic Contracts Act Jan 15 2022

Person and Act and Related Essays Sep 22 2022 The Catholic University of America Press is honored to announce the publication of the first volume of the critical English edition of *The Collected Works of Karol Wojtyła/John Paul II*. In conjunction with an international editorial board, the English Critical Edition will comprise 20 volumes, covering all of his writings and correspondence both in the years before and during his papacy. What makes this collection so important is that access to his writings have been a significant challenge. Except for official papal addresses and documents preserved and disseminated by the Vatican, his works have been scattered and limited, or in need of a new translation. Finally, English-language audiences have faced the challenge, even in the case of published texts, of working across multiple languages and translations and of dealing with textual idiosyncrasies. The inaugural volume of this collection is *Person and Act*, together with related essays, which is in many respects constitutes Karol Wojtyła's most profound and well-known philosophical work. Originally published in 1969 as *Osoba I czyn*, this work of metaphysics and philosophy is widely influential even though it is highly challenging intellectually and has heretofore posed difficulties for translators.

Hope in the Dark Apr 05 2021 "[A] landmark book . . . Solnit illustrates how the uprisings that begin on the streets can upend the status quo and topple authoritarian regimes" (Vice). A book as powerful and influential as Rebecca Solnit's *Men Explain Things to Me*, her *Hope in the Dark* was written to counter the despair of activists at a moment when they were focused on their losses and had turned their back to the victories behind them—and the unimaginable changes soon to come. In it, she makes a radical case for hope as a commitment to act in a world whose future remains uncertain and unknowable. Drawing on her decades of activism and a wide reading of environmental, cultural, and political history, Solnit argues that radicals have a long, neglected history of transformative victories, that the positive consequences of our acts are not always immediately seen, directly knowable, or even measurable, and that pessimism and despair rest on an unwarranted confidence about what is going to happen next. Now, with a moving new introduction explaining how the book came

about and a new afterword that helps teach us how to hope and act in our unnerving world, she brings a new illumination to the darkness of our times in an unforgettable new edition of this classic book. "One of the best books of the 21st century." —The Guardian "No writer has better understood the mix of fear and possibility, peril and exuberance that's marked this new millennium." —Bill McKibben, New York Times bestselling author of *Falter* "An elegant reminder that activist victories are easily forgotten, and that they often come in extremely unexpected, roundabout ways." —The New Yorker

Sex Is Not A Natural Act & Other Essays Apr 17 2022 Revisits and updates the centrality of the social construction of sexuality, especially in the age of Viagra, FSD (female sexual dysfunction) and the media saturation of sex. Leonore Tiefer is one of the foremost sexologists working in the United States today; she is a well-known and respected scholar who writes engagingly and humorously about a wide array of topics in sexuality to appeal to both students and general readers. Revised and updated with new pieces on the medicalization of sex, FSD (female sexual dysfunction) and the politics of sex, as well as classic pieces found in the original edition, such as "Am I Normal?: The Question of Sex."

ACT Verbal Prep Course Apr 25 2020 Comprehensive Prep for ACT Verbal Every year, students pay \$1,000 and more to test prep companies to prepare for the verbal sections of the ACT. Now you can get the same preparation in a book. The verbal sections are not easy. There is no quick fix that will allow you to 'beat' the ACT, but it is very learnable. If you study hard and master the techniques in this book, your score will improve--significantly! The ACT cannot be 'beaten.' But it can be mastered--through hard work, analytical thought, and by training yourself to think like a test writer. Many of the exercises in this book are designed to prompt you to think like an ACT test writer. With this book by your side, you will soon master punctuation, grammar, and rhetoric, which will help you on all sections of the ACT. You will soon be able to understand how test writers choose and compose test questions. And you will soon be able to write top-scoring essays without breaking a sweat. Features: * Reading: Develop the ability to spot places from which questions are likely to be drawn as you read a passage. (pivotal words, counter-premises, etc.) * Writing: Comprehensive analysis of the essay, including writing techniques, punctuation, grammar, rhetoric, and style. * Vocabulary: Learn the essential 4000 ACT words and the 400 high-frequency words. Also, learn how to conjure the meaning of words that you barely recognize. * Performance: If your target is a 30+ score, then this is the book for you!

It also offers additional 400 practice questions that are available online.

Essays in Ethical Theory May 19 2022 In this volume, R. M. Hare has collected a number of essays which fill in the theoretical background of his thought and which together give an overall picture of his views on a variety of questions. Each essay is self-contained, and topics covered include the objectivity and rationality of moral thinking, the issue between the ethical realists and their opponents, the place in our moral thought of appeals to common convictions, and how to tell whether a feature of a situation is morally relevant. His central theme is the paradox that, if moral judgements were just statements of fact, relativism would be inescapable. We can treat moral thinking as a rational activity only because moral judgements are more than this.
