Ten Stupid Things Men Do to Mess Up Their Lives Feb 08 2022 For every woman who wants to know what her man is thinking. Internationally syndicated radio superhost and columnist, controversial psycho-therapist, and author of the break-out New York Times bestsellers *How Could You Do That?!* and *Ten Stupid Things Women Do to Mess Up Their Lives*, Dr. Laura Schlessinger is back with *Ten Stupid Things Men Do to Mess Up Their Lives*. In ten vital, compelling chapters, Dr. Laura speaks her mind on: **Stupid Chivalry** By getting involved with the wrong woman (weak, flaky, damaged, needy, desperate, stupid, untrustworthy, immature, etc.) you think that your love will save/transform her. **Stupid Independence** Unwilling to admit "need" for bonding and intimacy, you hide in excesses of work, play, drink, drugs, porn, and meaningless sex. **Stupid Ambition** Unable to comfortably and proudly accept your inherent importance to society and family as husband and father, you bow to the false idols of money, toys, power, and status. **Stupid Strength** Uncomfortable with feeling weak, vulnerable, useless, powerless, or rejected, you use intimidation, force, or passive-aggressiveness to regain control. **Stupid Sex** Taking an attraction, opportunity, or erection as a "sign," you measure your masculinity and power by sexual conquests, infidelities, and orgasms. **Stupid Matrimony** Lacking a mature sense of the purpose, meaning, or value of marriage, you realize too late you've gone down the aisle with the wrong woman for the wrong reasons and feel helpless to "fix it." **Stupid Husbanding** Thinking that marriage is the honorable discharge from loving courtship, you continue to live as though you were single and your "mommy-wife" will take care of everything else. **Stupid Parenting** Believing that only women/mothers nurture children, you withdraw from hands-on parenting to assert your masculine importance, missing out on the true "soul food" of a child's hug. **Stupid Boyishness** Having not yet worked out a comfortable emotional and social understanding with your mother, you form relationships with women that become geared to avenge, resolve, or protect you from your ties to Mommy. **Stupid Machismo** Understanding the true and meaningful difference between being male and a man, you can become a man.

Teaching and Designing in Detroit Oct 04 2021 This book provides a compelling and insightful portrait of ten female architects, artists, and designers who explored unique approaches to teaching, practice, and research in the postindustrial city of Detroit. These women explored the phenomenon of a new "ecological urbanism" through their own work in art, architecture, design, planning, landscape architecture, and installation as well as the work of their students. *Teaching and Designing in Detroit* provides an eighteen-year snapshot of this work, how it affected the women's practice, how they influenced student relationships to design and community development, and how their visions are now being carried out in Detroit. This book is organized into sections that group stories according to their focus on practice, pedagogy, and community engagement. Included in the book is a foreword by Leslie Kanés Weisman, the only female architecture professor at the University of Detroit Mercy in the 1970s, and an afterword by Sharon Egretta Sutton reflecting on how working and practicing in Detroit foreshadowed the future vision now being carried out in the rebounding city of Detroit. An intriguing read for students and professionals, this book will illustrate how these lessons learned can be applied by universities and communities in other postindustrial cities.

10 Women May 23 2023 Fiction. **10 WOMEN** is George Bowering's brand new collection of short fiction. Each of these stories offers us a portrait of a woman with whom he may or may not have had either an intimate and/or a meaningful relationship. You can't really tell for sure. Depending on your proclivities, some of them might even seem pretty hot--like the lurid fantasies that illustrate the covers of paperback novels, the ethereal intellectual beauties that emanate from poetic fields of asphodels, or the petit bourgeois housewives that litter Alice Munro stories, these ten characters remind us that for every fetish there's a partner. the maestro is at it again --The Vancouver Sun This is a rarity in [short story] collections; an elegantly structured book with a central theme general enough to let the author run totally amok while maintaining a satisfying sense of unity overall.--BC BookLook Even when Bowering's characters insist on gendered difference in thinking, his method expresses the opposite ... Here, the women are very specific and so, importantly, are the narrators. Within that narrative specificity, the 'I' becomes ungendered; the stories reflect upon the subject of the gaze.--The Globe and Mail

Caprice Jun 19 2020 WITH A FOREWORD BY ARITHA VAN HERK It's the mid 1890s in Kamloops, British Columbia. Two men argue over a bottle of whisky and in the struggle Frank Spencer, an American outlaw-turned-farmhand, kills Pete Foster, a French-Canadian and fellow farmhand. Enter Caprice: a vision and a brain. Almost six feet tall, with flaming red hair and long legs, and toting a lethal bullwhip, she sets out to avenge her brother's murder. Travelling with her beloved black Spanish stallion, Caprice trails her brother's

murderer to Mexico and back. Determined and headstrong as she is smart, she leaves an impression on the people she encounters in her journey: Gert, the whore with a heart of gold; Gert's son, for whom she provides affirmation, and not the least Frank Smith, her lover, a teacher and amateur baseball player who wants her to leave the law enforcement to the professionals and marry him. Caprice finally comes face to face with her brother's murderer at Deadman's Falls. First published in 1987 and based on actual events in BC's history, Caprice is a witty, adventurous and colourful recreation of a Canadian heroine's quest in avenging her brother's murder, a woman well ahead of her times, who refused to be pigeonholed into a stereotype, who questioned authority and did so with unflinching resolve. Caprice is a companion to Bowering's *Burning Water and Shoot!*, reissued by New Star in 2007 and 2008.

Ten Women Who Changed Science, and the World Jan 19 2023 'These minibiographies of women who persisted will move anyone with an avid curiosity about the world.' Publishers Weekly With a foreword by Athene Donald, Professor of Experimental Physics, University of Cambridge and Master of Churchill College. *Ten Women Who Changed Science* tells the moving stories of the physicists, biologists, chemists, astronomers and doctors who helped to shape our world with their extraordinary breakthroughs and inventions, and outlines their remarkable achievements. These scientists overcame significant obstacles, often simply because they were women. Their science and their lives were driven by personal tragedies and shaped by seismic world events. What drove these remarkable women to cure previously incurable diseases, disprove existing theories or discover new sources of energy? Some were rewarded with the Nobel Prize for their pioneering achievements -Madame Curie, twice - others were not and, even if they had been, many are still not the household names they should be. Despite living during periods when the contribution of women was disregarded, if not ignored, these resilient women persevered with their research, whether creating life-saving drugs or expanding our knowledge of the cosmos. By daring to ask 'How?' and 'Why?' and persevering against all odds, each of these women, in a variety of ways, has helped to make the world a better place. The scientists are: Henrietta Leavitt (United States, Astronomy); Lise Meitner (Austria, Physics); Chien-Shiung Wu (United States, Physics); Marie Curie (France, Chemistry); Dorothy Crowfoot Hodgkin (United Kingdom, Chemistry); Virginia Apgar (United States, Medicine); Gertrude Elion (United States, Medicine); Rita Levi-Montalcini (Italy, Biology); Elsie Widdowson (United Kingdom, Biology); Rachel Carson (United States, Biology).

Base Ten Oct 16 2022 In this “wonderful first novel” an astrophysicist struggles with returning to her career in science after putting it on hold for her family (The Grand Rapids Press). Raised to believe that she could do anything, astronomer Jillian Greer dreamed of going into space. When she and her research partner Kera Sullivan invented a specialized telescope, it looked as though these two dogged scientists would fulfill the dream they shared. But ten years later, while Kera trains in a space simulator, Jillian is married with children, packing lunches and helping her kids with homework. With her field’s archaic “all or nothing” mindset, maintaining both a family life and a scientific career seems like an impossible task. As her fortieth birthday draws near, Jillian decides that she must give her career one more shot. Leaving her family for ten days, one day for each year she has put her career on hold, she seeks solitude in the sand dunes of Lake Michigan, where she struggles

to see if she can find her way back to the stars.

Sexual Politics and the Male Playwright Jul 21 2020 Traditional studies of theater have long neglected an overall study of female roles as written by male playwrights. Are the roles blatantly sexist or do they adhere to the cultural norms that even progressive male playwrights cannot ignore? From Georg Buchner's *Woyzeck* to David Hare's *Plenty*, the ten plays studied here have traditionally been seen as extraordinarily innovative and progressive. Despite their seeming openness, each of the plays is affected by the playwright's sexual politics. Laid out is a framework for studying the plays in a feminist context that permits a new reading of the female roles, while still allowing the critic enjoyment of the performance as a whole.

Peter Lindbergh Jul 01 2021 The supermodel phenomenon has captured the 90s all over the globe, surpassing every known form of star cult. Peter Lindbergh, German photographer living in Paris, made a major contribution to the optical creation of this worldwide myth. The most beautiful and most celebrated supermodels owe many of their best photographs to Peter Lindbergh's creativity, perception, and particularly his sensitive camera eye. In his first book *Ten Women*, published in 1996, Peter Lindbergh has devoted one chapter to each of his most beautiful young women: Naomi Campbell, Helena Christensen, Cindy Crawford, Linda Evangelista, Kristen McMenamy, Kate Moss, Tatjana Patitz, Claudia Schiffer, Christy Turlington and Amber Valetta. Fashion designer Karl Lagerfeld wrote a short foreword to the book, not devoid of a streak of melancholy. Argentinian star designer Juan Gatti composed the orderly format of this publication, now available in a softcover reprint.

from Maidenhood and Motherhood, or Ten Phases of Woman's Life: How to Protect the Health, Contribute to the Physical and Mental Development, and Increase the Happiness of Womankind It may be that they are afflicted with blemishes or deformities that might have been prevented, but which are now beyond the reach of simple and effective cure. If it so be that they grow up to perfect manhood and womanhood, she passes on to the evening of life secure in their protection and grateful to that Divine power which has thus blessed her among women. In a. Busy practice of more than thirty years as a family physician, I have been frequently, almost constantly, impressed with the fact that much of the pain and many of the disappointments and failures of life might be avoided if mothers were better informed both as to themselves, their own needs, and those of their children. So impressed, and believing that I can render no better service to my Creator or my fellow-creatures, I have endeavored to set down in the following pages the results of my own study and observation, in the hope of securing better health and greater happiness to women and their children, by instructing them fully as to the nature of those peculiarly feminine functions; the requirements of their organizations during the various stages of development; by teaching them in language chaste and delicate, but plain and unmistakable, how to fulfill the duties and avoid the dangers of maidenhood and motherhood. Ten Women of the Bible Study Guide Nov 17 2022 Do you ever feel like a second-class citizen in this world? Do you wonder how God could possibly use you to change lives? For women in Bible times, these weren't even questions they thought about. Being overlooked, marginalized, having your contributions discounted because you're a woman...it's just the way things were. In this 10-lesson workbook, Max Lucado tells some of his favorite accounts of women in Scripture and the remarkable way God broke down cultural barriers to use them in the unfolding of His story. You will discover... Sarah, the woman whom God promised would give birth to a nation, but who tried to rush things when God's promises didn't seem to be coming to pass. Rahab, a prostitute in the Canaanite city of Jericho, who would save herself and her family through her faith in the one true God of the Israelites. Abigail, a woman forced to play peacemaker by the barbaric behavior of her husband. Esther, a young queen whom God placed in the Persian court for "such a time as this" to prevent the genocide of the Jewish people. Mary, the young virgin pledged to Joseph, whom God would choose to give birth to Jesus, the promised Messiah who would save the world. The Samaritan Woman, who would meet this Messiah at a well one day. His words would forever after change her life. The Canaanite Woman, who made God smile with her wit and faith, and who received from Jesus an answer to her prayer. Mary of Bethany, a friend of

Jesus who witnessed the resurrection of her brother, Lazarus, and then anointed Christ in anticipation of his death and resurrection. Mary Magdalene, who followed Jesus despite the injustice of a world that judged her for her past and said she would always be considered a failure. Sapphira, a woman in the early church who, along with her husband, made the unfortunate (and deadly) decision to lie to the Holy Spirit. These stories show us there is a God who sees us where we are and loves us for who we are. He is the one who hovers over all the pages of the Bible, shaping lives, rescuing hearts, healing sicknesses, raising what was dead to life, and passing out high callings to those who choose to follow him and have faith in him. Each lesson includes: 5 Daily in-depth Bible studies to help you explore the stories in Scripture Daily points to remember to help you summarize the key points Daily prayers to help you focus your thoughts and move into your quiet time Weekly memory verses to help you hide God's word in your heart Additional notes to help you lead a group through the study Ten Women of the Bible is a standalone workbook, ideal for both individual use and for study in a small-group setting.

American Dream Jul 25 2023 In this definitive work, two-time Pulitzer finalist Jason DeParle, author of *A Good Provider Is One Who Leaves*, cuts between the mean streets of Milwaukee and the corridors of Washington to produce a masterpiece of literary journalism. At the heart of the story are three cousins whose different lives follow similar trajectories. Leaving welfare, Angie puts her heart in her work. Jewell bets on an imprisoned man. Opal guards a tragic secret that threatens her kids and her life. DeParle traces their family history back six generations to slavery and weaves poor people, politicians, reformers, and rogues into a spellbinding epic. With a vivid sense of humanity, DeParle demonstrates that although we live in a country where anyone can make it, generation after generation some families don't. To read *American Dream* is to understand why.

Ten Women of the Bible Aug 14 2022 We don't even know all their names. Some are referred to only by their nationality. Some are known only by the place where they lived. Some would become queens, while others would live on the fringes of society. One would give birth to a nation, and one would give birth to the Messiah. Their culture often overlooked or discounted the contributions of women, yet the writers of Scripture found these women and the role they played remarkable to the telling of God's story. As we study the lives of the women in the Bible, we find important truths that God wants us to grasp. They lived in a different world than our own, but we find ourselves facing the same issues they faced. Yet even more, these women show us there is a God who sees us where we are and loves us for who we are. He is the one who hovers over all the pages of the Bible, shaping lives, rescuing hearts, healing sicknesses, raising what was dead to life, and assigning high callings to those who choose to follow him and have faith in him. In this 10-session workbook, Max Lucado tells some of his favorite accounts of these ten women-- Sarah, Abigail, Esther, the Samaritan Woman, Mary Magdalene, and others--and describes what set them all apart. EACH SESSION INCLUDES 50 in-depth Bible studies to help you navigate the stories in Scripture Daily points to remember to help you summarize the key points Daily prayers to help you focus your thoughts and move into your quiet time Weekly memory verses to help you hide God's word in your heart Additional notes to help you lead a group through the study Ten Women of the Bible is ideal for both individual use and for study in a small-group setting.

Ten Women Aug 26 2023 Award-winning Chilean author Marcela Serrano weaves a

beautiful story about the universal connections between women. For nine Chilean women, life couldn't be more different. There is the teenage computer whiz confronting her sexual identity. A middle-aged recluse who prefers the company of her dog over that of most humans. A housekeeper. A celebrity television personality. A woman confronting the loneliness of old age. Of disparate ages and races, these women represent the variety of cultural and social groups that Chile comprises. On the surface, they seem to have nothing in common...except for their beloved therapist, who brings them together. Yet as different as they all are, each woman has a story to share. As the women tell their stories, unlikely common threads are discovered, bonds are formed, and lives are transformed. Their stories form an intricate tale of triumph, heartache, and healing that will resonate with women from all walks of life. An International DUBLIN Literary Award Nominee.

Her Brilliant Career Mar 29 2021 An exuberant group biography—"a splendidly various collection of 'brief lives' written with both gusto and sensitivity" (The Guardian)—that follows ten women in 1950s Britain whose pioneering lives paved the way for feminism and laid the foundation of modern women's success. In *Her Brilliant Career*, Rachel Cooke goes back in time to offer an entertaining and iconoclastic look at ten women in the 1950s—pioneers whose professional careers and complicated private lives helped to create the opportunities available to today's women. These plucky and ambitious individuals—among them a film director, a cook, an architect, an editor, an archaeologist, a race car driver—left the house, discovered the bliss of work, and ushered in the era of the working woman. Daring and independent, these remarkable unsung heroines—whose obscurity makes their accomplishments all the more astonishing and relevant—loved passionately, challenged men's control, made their own mistakes, and took life on their own terms, breaking new ground and offering inspiration. Their individual portraits gradually form a landscape of 1950s culture, and women's unique—and rapidly evolving—role.

Before there could be a Danica Patrick, there had to be a Sheila van Damm; before there was Barbara Walters, there was Nancy Spain; before there was Kathryn Bigelow, came Muriel Box. The pioneers of Her Brilliant Career forever changed the fabric of culture, society, and the work force. This is the Fifties, retold: vivid, surprising and, most of all, modern. Her Brilliant Career is illustrated with more than 80 black-and-white photographs. **Ten Stupid Things Men Do to Mess Up Their Lives** Apr 22 2023 Laura Schlessinger, nationally syndicated radio personality, controversial psychologist, and author of the bestsellers "How Could You Do That?!" and "Ten Stupid Things Women Do to Mess Up Their Lives", uses real-world examples from her radio show and strikingly honest letters from her male listeners to create a compassionate and wise examination of the needs and nature of men.
