**Jack introduces you to a bunch of his dog friends in this book. Each friend is a specific breed of dog and he shares a few fun facts about each of his pals. Fun for kids of all ages to read, and even adults could learn something new. It's Christmas time, and the puppy dog pals are determined to make sure the holidays are pup-tastic! "No Dog Should Die Alone" was the attention-grabbing — and heart-stirring — headline of journalist Laura T. Coffey's TODAY show website story about photographer Lori Fusaro's work with senior shelter pets. While generally calm, easy, and already house-trained, these animals often represent the highest-risk population at shelters. With gorgeous, joyful photographs and sweet, funny, true tales of "old dogs learning new tricks," Coffey and Fusaro show that adopting a senior can be even more rewarding than choosing a younger dog. You'll meet endearing elders like Marnie, the irresistible shih tzu who has posed for selfies with Tina Fey, James Franco, and Betty White; Remy, a soulful nine-year-old dog adopted by elderly nuns; George Clooney's cocker spaniel, Einstein; and Bretagne, the last known surviving search dog from Ground Zero. They may be slower moving and a tad less exuberant than puppies, but these pooches prove that adopting a senior brings immeasurable joy, earnest devotion, and unconditional love. **ComputerZen.com "Raymond has been at Microsoft for many years and has seen many nuances of Windows that others could only ever hope to get a glimpse of. With this book, Raymond shares his knowledge, experience, and anecdotal stories, allowing all of us to get a better understanding of the operating system that affects millions of people every day. This book has something for everyone, is a casual read, and I highly recommend it!" --Jeffrey Richter, Author/Consultant, Cofounder of Wintellect "Very interesting read. Raymond tells the inside story of why Windows is the way it is." --Eric Gunnerson, Program Manager, Microsoft Corporation "Absolutely essential reading for understanding the history of Windows, its intricacies and quirks, and why they came about." --Matt Pietrek, MSDN Magazine's Under the Hood Columnist "Raymond Chen has become something of a legend in the software industry, and in this book you'll discover why. From his high-level reminiscences on the design of the Windows Start button to his low-level discussions of GlobalAlloc that only your inner-geek could love, The Old New Thing is a captivating collection of anecdotes that will help you to truly appreciate the difficulty inherent in designing and writing quality software." --Stephen Toub, Technical Editor, MSDN Magazine**

**Why does Windows work the way it does? Why is Shut Down on the Start menu? (And why is there a Start button, anyway?) How can I tap into the dialog loop? Why does the GetWindowText function behave so strangely? Why are registry files called "hives"? Many of Windows' quirks have perfectly logical explanations, rooted in history. Understand them, and you'll be more productive and a lot less frustrated. Raymond Chen--who's spent more than a decade on Microsoft's Windows development team--reveals the "hidden Windows" you need to know. Chen's engaging style, deep insight, and thoughtful humor have made him one of the world's premier technology bloggers. Here he brings together behind-the-scenes explanations, invaluable technical advice, and illuminating anecdotes that bring Windows to life--and help you make the most of it. A few of the things you'll find inside: What vending machines can teach you about effective user interfaces A deeper understanding of window and dialog management Why performance optimization can be so counterintuitive A peek at the underbelly of COM objects and the Visual C++ compiler Key details about backwards compatibility--what Windows does and why Windows program security holes most developers don't know about How to make your program a better Windows citizen Bingo and Rolly's owner Bob introduces them to ARF, a robotic dog programmed to clean up any messes the puppies make. The only problem is that ARF isn't programmed to clean up after himself. This Level Pre-1 reader features picture reading and word repetition for readers-in-training. The pugs are on a mission! The first English translation of the classic Japanese novel that has sold over 2 million copies—a childhood favorite of anime master Hayao Miyazaki (*Spirited Away*, *My Neighbor Totoro*, *Howl's Moving Castle*), with an introduction by Neil Gaiman. First published in 1937, Genzaburō Yoshino's *How Do You Live?* has long been acknowledged in Japan as a crossover classic for young readers. Academy Award-winning animator Hayao Miyazaki has called it his favorite childhood book and announced plans to emerge from retirement to make it the basis of his final film. *How Do You Live?* is narrated in two voices. The first belongs to Copper, fifteen, who after the death of his father must confront inevitable and enormous change, including his own betrayal of his best friend. In between episodes of Copper's emerging story, his uncle writes to him in a journal, sharing knowledge and offering advice on life's big questions as Copper begins to encounter them. Over the course of the story, Copper, like his namesake Copernicus, looks to the stars, and uses his discoveries about the heavens, earth, and human nature to answer the question of how he will live. This first-ever English-language translation of a Japanese classic about finding one's place in a world both infinitely large and unimaginably small is perfect for readers of philosophical fiction like *The Alchemist* and *The Little Prince*, as well as Miyazaki fans eager to understand one of his most important influences. When Bob goes to a local farm and accidentally returns with a piglet instead of Rolly, it's up to Bingo to get him back! Head to the farm with the two cutest pug pups around and go on an adventure full of wagging tails, muddy paws, and brotherly love. High quality of pages with 8.5x11 inches Printed on single-sided pages to prevent bleed-through A lot of illustrations of The Puppy Dog Pals An ideal gift for all occasions Nice and detailed hand-drawn America urgently needs a new direction. But who will provide it? The time has come to move the country forward with a clear agenda based on common sense for the common good. THERE IS A BETTER WAY. Make no mistake: Congressmen Eric Cantor, Paul Ryan, and Kevin McCarthy are proud Republicans. But they believe the party had lost sight of the ideals it believes in, like economic freedom, limited government, the sanctity of life, and putting families first. This isn't your grandfather's Republican party. These Young Guns of the House GOP—Cantor (the leader), Ryan (the thinker), and McCarthy (the strategist)—are ready to take their belief in the principles that have made America great and translate it into solutions that will make the future even better, solutions that will create private sector jobs, maximize individual freedom, and establish a better world for our children. This groundbreaking book is a call to action that sets forth a plan for growth, opportunity, and commitment that will propel this country to prosperity once again. Together, the Young Guns are changing the face of the Republican party and giving us a new road map back to the American dream. Did you know that a dog's sense of smell can be more than 1 million times stronger than ours? Or that pugs are prone to catching colds because of their super short noses? Join Bingo and Rolly on a barktastic mission and learn fun facts like these along the way! This reader with related facts comes with stickers and a quiz at the end of the book. In Meet A.R.F., the pups' owner Bob introduces them to ARF, a robotic dog programmed to clean up any messes the puppies make. The only problem is that ARF isn't programmed to clean up after himself!
