He Walked Among Us Jul 16 2022 When hack agent Jimmy "Tex" Balaban discovers Ralf on a Borscht Belt stage, his act appears to be a clever joke. Ralf claims to be from the future, shouting foul-mouthed prophecies of where we went wrong. And he delivers a harrowing message. The world is in chaos. Our biosphere has been devastated, our air is unbreathable and the final stalwarts of mankind have taken refuge in pressurized shopping malls. Humanity clings to the last mediocre vestiges of life on a dead planet that we did not know how to save. But it might not be too late. Has Ralf returned to the past to awaken our consciences? Is he who he says he is or is he insane? And if we have one last chance to save the world, does any of this matter? Then Dexter D. Lampkin, a fading science fiction writer, and Amanda Robin, a New Age guru-wannabe, magnificently transform Ralf into what the world really needs: a messenger sent from the future to save us from ourselves. Together with Tex they polish Ralf's television persona to captivate America. The problem is that Ralf never goes out of character. He truly believes he is a prophet. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

A Stitch in Time Oct 07 2021 Hannah is the strong one. The one who cares for her brothers and sisters; the one who's kept the family together. But now, everything is changing. Her father is more distant, and her siblings are starting lives of their own. That's when Hannah decides to make a quilt. A quilt of fabrics from people who are special to the family; people they trust. And when the sisters are separated, Hannah makes sure they each have a piece of the quilt. The quilt she hopes will bring her family together again.

These are the Voyages: 1970-1975 Apr 01 2021 "These Are the Voyages: Gene Roddenberry and Star Trek in the 1970s, Volume 1 (1970-75)", in hardback, and 768 pages in length, with hundreds of pictures, is the first in a two-book set chronicling the period in Star Trek history spanning the cancellation of the original series and continuing through the making and release of 1979's Star Trek - The Motion Picture. In between these two events, Star Trek became a worldwide phenomenon. Factors in this renaissance were a boom in syndication, the coming of the conventions and fanzines, and an unparalleled expansion in merchandising. As the number of fans multiplied in massive proportions, and the reruns of the "Classic 79" episodes topped the ratings for their time slots in cities across America and around the world, curious developments were taking place behind the scenes. Volume 1 opens with a foreword by the legendary D.C. Fontana (Star Trek writer extraordinaire, Original Series story editor, and Animated Series associate producer). It focuses on the first half of the decade, including Roddenberry projects Pretty Maids All in a Row, Genesis II, The Questor Tapes, Planet Earth, Strange New World, Star Trek: The Animated Series, and much more. Volume 2 (scheduled for Summer 2019) picks up the story with the second half of the 1970s. It will narrate Roddenberry's final pilot film of the decade, Spectre, plus the aborted "Phase II" Trek series, the numerous starts and stops for a movie version, and, lastly, Star Trek - The Motion Picture. No stone is left unturned.

S/Trek Phase II Making of Lost Jun 27 2023

Star Trek Waypoint #6 Oct 19 2022 Nurse Chapel questions whether or not to continue her medical training until a shuttle incident prompts her to make decisions that will forever change her future. In the second story, Captain Kirk is forced to work with the Romulans after a biological weapon is unleashed, with unexpected - and surprising - results.

Lost Federations Aug 05 2021 SPACE. THE FINAL FRONTIER. THESE WERE ALMOST THE VOYAGES OF THE STARSHIP ENTERPRISE. We think we know the history of Star Trek. Born at the height of 1960s popular culture, the five-year mission of Captain James T. Kirk and his crew faced early cancellation, bounced back with a series of beloved movies in the 1980s and gave way to a fleet of successful sequels and spin-offs that kept on exploring strange new worlds. In *Lost Federations: The Unofficial Unmade History of Star Trek*, author A. J. Black tells a different story. This is an alternate history of the franchise, one filled with roads not taken, from early 1960s feature-films and spin-offs, the original sequel *Star Trek: Phase II* in the 1970s, via epic planned movies such as *Planet of the Titans* and into many untold episodes, arcs and character stories from *The Next Generation*, *Deep Space Nine* and *Voyager*, all the way through to the modern era. Bringing together pre-existing material over decades for the first time in one space, plus some new reflections from Star Trek writers and analysis of how it all fits into the wider cultural trends of the last sixty years, *Lost Federations* invites you to boldly explore a history you may not already know . . .

A Brief Guide to Star Trek Sep 25 2020 For over 40 years Star Trek has made a phenomenal cultural impact. Now more popular than ever - J.J. Abrams' reinvented Star Trek movie was one of the box office hits of 2009, grossing \$385 million worldwide - the 'franchise' continues to have cultural, social and political resonance around the world. Star Trek has changed not just the way we look at space but also our own world. It gave the culture a lexicon of catchphrases, from "Beam me up, Scotty" to Dr McCoy's many complaints beginning "I'm a doctor, not a [...]!" Much of the 'future' technology depicted on Star Trek has come to feature in everyday life, from the communicator-like mobile phone to computer touch screens now taken for granted. Many of the world's most prominent scientists were inspired to pursue their careers (as were many writers and artists) due to an early exposure to Star Trek. In *A Brief Guide to Star Trek*, expert Brian J Robb charts the rise and rise of the show and explores its impact our culture.

Star Trek May 26 2023 Dateline -- Paramount Pictures announces the formation of its own television network, with a new Star Trek program as its cornerstone. The year is not 1994, but 1977 and the new series titled *Star Trek Phase II* would have reunited almost all of *The Original Series* cast members. A footnote in Star Trek history, few people realize how close *Star Trek Phase II* came to full-scale production. All of the actors were signed except Leonard Nimoy, whose Spock character would have been replaced by a young Vulcan. Xon. Sets and props were designed and constructed. New models, including a never seen model of the U.S.S. Enterprise, were built. A special effects company was hired, and scripts were written, including a two-hour teleplay that would have been the pilot for the series. But, the plans for the network were canceled, and Paramount decided to shift gears to feature film production, shutting down the television series -- less than two weeks before the beginning of principal photography. The result of this decision was *Star Trek: The Motion Picture*. This is the story of the lost *Star Trek* series. Including full behind-the-scenes information on the show that almost-but didn't-happen. Full of never-before-seen color artwork, storyboards, blueprints, technical information and photos: *Star Trek Phase II* reveals the vision behind Gene Roddenberry's lost glimpse of the future.

Brown Sarwat Chadda Delilah S. Dawson Tessa Gratton Michael Kogge Sam Maggs Michael Moreci Alex Segura Vera Strange Karen Strong with illustrations by Jake Bartok

Ships of the Line Nov 08 2021 In celebration of one of science fiction's most beloved franchises, an updated edition of the acclaimed Ships of the Line hardcover collection. They dared to risk it all in a skiff of reeds or leather, on a ship of wood or steel, knowing the only thing between them and certain death was their ship. To explore, to seek out what lay beyond the close and comfortable, every explorer had to embrace danger. And as they did so, what arose was a mystical bond, a passion for the ships that carried them. From the very first time humans dared to warp the fabric of space, escaping from the ashes of the third World War, they also created ships. These vessels have become the icons of mankind's desire to rise above the everyday, to seek out and make the unknown known. And these ships that travel the stellar seas have stirred the same passions as the ones that floated in the oceans. While every captain has wished that their starship could be outfitted in the same manner as the sailing ship H.M.S. Beagle—without weapons—that proved untenable. From the start, Starfleet realized that each vessel, due to the limited range of the early warp engines, must be able to stand alone against any attack. Thus arose the idea, taken from the days of wooden sailing ships, that every Starfleet vessel must stand as a ship of the line. Through the actions of their captains and crews, countless starships have taken on that role. Here we remember some of those ships and their heroic crews. In celebration of one of science fiction's most beloved franchises, this updated edition of the acclaimed Ships of the Line hardcover collection now includes dozens of additional images brought together for the first time in book format—spectacular renderings featured in the highly successful Star Trek: Ships of the Line calendar series. With text by Star Trek's own Michael Okuda, the story of each of these valiant starships now comes to life. ™, ®, & © 2014 CBS Studios, Inc. Star Trek May 02 2021

Blood and Fire Mar 24 2023 Executive Officer Korie had faced and defeated seemingly invincible Morthan battleships, elusive bio-computer imps, and dreaded Morthan assassins. It would be on the starship Norway, however, that he would meet his greatest challenge—a challenge that could change the outcome of a war and the destiny of humankind. The latest installment of the Star Wolf series, this third galactic struggle concludes the popular trilogy with a rescue mission that is far from routine. Never before published, Blood and Fire is the long-awaited conclusion to the Star Wolf series.

Star Trek Phase II Aug 29 2023

The Fearful Summons Feb 11 2022 When Captain Sulu and his crew are kidnapped, it's up to Captain Kirk to rescue them in this Star Trek adventure set during The Original Series era. Captain Sulu of the U.S.S. Excelsior and his crew are kidnapped. When Federation-conducted negotiations come to a standstill, Captain James Kirk and the former officers of the U.S.S. Enterprise™ reunite to rescue their old comrade. The officers learn carrying out their mission could prove difficult when they encounter the kidnappers—a greedy little-known race called the Thraxians, who believe their way is the only way. Now the Thraxians are demanding super-powerful weapons in exchange for the hostages. With no other alternatives, Kirk is forced to consider giving in to the Thraxians to save the Excelsior crew—a decision that could save a few, but endanger the lives of an entire star system...

The Star Trek Sketchbook Jun 03 2021 Offering "Star Trek" fans a pass onto the sound stages where the original series was filmed, this book provides a detailed look at the art of television's most enduring series. Up-close and exhaustive, "Star Trek Sketchbook: The Original Series" features drawings of the costumes, sets, props, and make-up designs that gave the show its distinctive visual appeal. Color photos & illustrations.

Star Trek the Official Guide to Our Universe Dec 29 2020 The characters of the Star trek television programs and movies go boldly among the stars-- but how much of what they tell us is accurate? Fazekas compares the Federation's technology with our own, and provides scientifically accurate accounts of the realms and star charts that the Enterprise uses to explore the solar system, nebulae, and more.

Star Trek: Designing the Final Frontier May 22 2020 "When Star Trek first premiered in 1966, viewers were shown a window into an amazing new sci-fi universe. That vision has lasted and grown for decades after - and it was fulfilled by the creativity of this legendary show's talented art directors, prop masters, and set decorators. Star Trek would not have been the same without the Burke and Origami chairs, sculptures and other decorative arts, and props used on-set. These items would not even exist, were it not for various designers of the midcentury modern movement, such as Pierre Paulin, Joe Colombo, Paul McCobb, Warren Platner, and Milo Baughman. Authors Dan Chavkin and Brian McGuire invite you on a journey through the original series. Together, they illustrate in depth how Midcentury Modern design gave rise to the feel and aesthetic of Star Trek. Detailed, expert examination of key episodes shows how these highly influential design movements are nigh-inseparable from Star Trek -- and how they helped to shape one of the greatest visions of the future."--Back cover.

Star Trek Jan 22 2023

Star Trek: Waypoint Feb 28 2021 An anthology series that offers every fan a stopping point on the wonderful 50-year Star Trek journey. Reflect on stories of what's come before and look ahead to the next half-century of Trek. Short stories that run the gamut of Star Trek's history, set during the Original Series, The Next Generation, Voyager, Deep Space Nine, Enterprise, and more, featuring all your favorite characters.

The Autobiography of James T. Kirk Jul 24 2020 The Autobiography of James T. Kirk chronicles the greatest Starfleet captain's life (2233–2371), in his own words. From his birth on the U.S.S. Kelvin, his youth spent on Tarsus IV, his time in the Starfleet Academy, his meteoric rise through the ranks of Starfleet, and his illustrious career at the helm of the Enterprise, this in-world memoir uncovers Captain Kirk in a way Star Trek fans have never seen. Kirk's singular voice rings throughout the text, giving insight into his convictions, his bravery, and his commitment to the life—in all forms—throughout this Galaxy and beyond. Excerpts from his personal correspondence, captain's logs, and more give Kirk's personal narrative further depth.

The Art of Star Trek Dec 09 2021 From the public's first glimpse of the original Starship Enterprise to the brave new worlds explored in Star Trek: Voyager, the never-ending phenomenon that is Star Trek has treated generations of viewers to a dazzling barrage of unforgettable images of the future. Bizarre alien beings, breathtaking extraterrestrial landscapes, exotic costumes, state-of-the-art special effects, and remarkably convincing futuristic sets and props and equipment have brought Gene Roddenberry's inspiring vision to life before the public's awestruck eyes. The Art of Star Trek is a one-of-a-kind gallery of Star Trek artwork, as well as tribute to the many artists, designers, and technicians whose diverse talents and imagination created the distinctive look of the Star Trek universe. Every incarnation of Star Trek is explored: The Original Series, The ANimated Series, Star Trek: The Next Generation, Star Trek: Deep Space Nine, and Star Trek: Voyager, and the films -- with the complete behind-the-scenes story of Star Trek's design history. With hundreds of full-color illustrations and photographs, many from private collections, readers will at last be able to linger on Star Trek's rich visual legacy and trace the evolution of and images from their initial conceptions to their final form on television and film screens. Like all great works of art, the many sights and visual surprises of Star Trek have been built from scratch through a combination of inspiration and painstaking effort. The Art of Star Trek covers the entire universe of Star Trek artwork and production design to reveal how, in all of its various forms, Star Trek has allowed us to look boldly into the future and see what no one has seen before. The Art of Star Trek is the art of pure imagination, the art of a bright, hopeful future, and the art of three remarkable decades on nonstop action and adventure. Lavishly illustrated, it is a book to be read and referred to time after time, as well as one that will become a cherished chronicle fo Star Trek's first thirty years.

These are the Voyages Jun 15 2022 Author Marc Cushman had the honor of befriending both Gene Roddenberry and Robert H. Justman, who cooperated in the development of this three-book series and backed their endorsement with hundreds of never-before-released documents concerning the writing and production of Star Trek, the original series (TOS). After decades of research, hundreds of exclusive interviews, and the inclusion of thousands of documents, from story outlines to scripts to interoffice memos between Roddenberry and his creative staff, correspondences with NBC and Desilu Studios, production schedules, budgets, and even the Nielsen ratings for every episode of the first Star Trek series, *These are the Voyages* serves as a time machine, taking the reader back to witness the creation, writing and making of Star Trek.--From publisher description.

The Next Generation Companion Apr 13 2022 First published in 1992 and last revised in 1995, this is a fitting record of a show that changed the rules by which television was made. The first adventure drama series ever to run to seven seasons and more than 170 episodes, Star Trek: The Next Generation broke audience records wherever it was shown and remains the most widely viewed and consistently popular of all the Star Trek series. This new edition of the series companion has been brought bang up to date to include not only all seven years of the TV series but also all four films which have featured the Next Generation crew. In addition to Generations (1994), we now have full details of First Contact (1997), Insurrection (1998) and the very latest incarnation, Nemesis (2002). A positive feast of information, the Companion includes complete plot summaries and credits for each individual episode and film. There are fascinating behind-the-scenes glimpses into how each one was made, and in-depth analysis really brings The Next Generation universe to life. Illustrated throughout with more than 150 black and white photographs, this is a truly invaluable reference guide.

Star Trek - The Original Series: A Celebration Aug 25 2020 Celebrate Star Trek: The Original Series with this epic, fully authorized coffee-table book! New interviews, archival conversations, never-before-seen art and sketches, and more! Gene Roddenberry's "Wagon Train to the Stars" continues to live long and prosper, with Discovery, Lower Decks, and Picard currently on the air, and Strange New Worlds on the way. But it all began 55 years ago with Star Trek: The Original Series. The second installment in Hero Collector's Celebration line (following Star Trek: Voyager – A Celebration), Star Trek: The Original Series – A Celebration includes more than a dozen new interviews with cast and creatives, scores of never-before-seen photographs and sketches, as well as chapters taking fresh looks at the show's creation, directing, visual effects, props, and most-pivotal episodes.

Star Trek: The Next Generation 365 Nov 27 2020 A complete episode-by-episode exploration of the hit TV series—with rarely seen photos and illustrations. With the launch of Star Trek: The Next Generation, Gene Roddenberry somehow managed to recapture lightning in a bottle. This new incarnation of Star Trek was an instant hit, and its popularity inspired four films and three spin-off television series. A must-have for fans, Star Trek: The Next Generation 365 provides a fresh, accessible overview of the entire series, including an authorized guide to all 178 episodes. Featuring classic and rarely seen photography and illustrations, this visual celebration of the voyages of Captain Picard, his crew, and the Enterprise-D offers a loving look back at the Emmy and Hugo Award-winning series.

Films Shot Anamorphically Mar 12 2022 Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online. Commentary (films not included). Pages: 194. Chapters: Star Trek: The Motion Picture, Changeling (film), Star Trek (film), Pulp Fiction, Alien (film), Jaws (film), Transformers: Dark of the Moon, Scream (film), Inception, X-Men: First Class, Indiana Jones and the Kingdom of the Crystal Skull, Che (film), Star Wars Episode I: The Phantom Menace, Transformers: Revenge of the Fallen, The Deer Hunter, Superman (film), Star Trek III: The Search for Spock, Forrest Gump, The Incredible Hulk (film), Star Trek II: The Wrath of Khan. Excerpt: Star Trek: The Motion Picture is a 1979 American science fiction film released by Paramount Pictures. It is the first film based on Star Trek, and a sequel to the Star Trek television series. The film is set in the twenty-third century, when a mysterious and immensely powerful alien cloud called V'Ger approaches Earth, destroying everything in its path. Admiral James T. Kirk (William Shatner) assumes command of his previous starship—the recently refitted USS Enterprise—to lead it on a mission to save the planet and determine VGers origins. When the original television series was cancelled in 1969, Star Trek creator Gene Roddenberry lobbied Paramount to continue the franchise through a film. The success of the series in syndication convinced the studio to begin work on a feature film in 1975. A series of writers attempted to craft a suitably epic script, but the attempts did not satisfy Paramount, so the studio scrapped the project in 1977. Paramount instead planned on returning the franchise to its roots with a new television series, Star Trek: Phase II. The box office success of Close Encounters of the Third Kind convinced Paramount that science fiction films other than Star Wars could do well at the box office, so the studio cancelled production of Phase II and resumed its attempts at making a Star...

Troublesome Minds Jul 04 2021 A thrilling Star Trek novel starring Kirk, Spock, and the crew of the Enterprise. While exploring the unmapped frontier, the U.S.S. Enterprise responds to a distress call from an unknown ship. Captain James T. Kirk turns first contact into a threat of interstellar war—by saving the life of a man his own people abandoned. Berlis, colony leader of a telepathic race calling themselves the Isitri, claims not to know why those from his homeworld want him dead. Now Kirk must either find a way to wrench billions from the grip of one man, or be responsible for the destruction of two planets.

Star Trek Feb 23 2023 Celebrate the 40th anniversary of Star Trek: The Motion Picture with this classic movie novelization written by legendary Star Trek creator Gene Roddenberry! The original five-year mission of the Starship Enterprise to explore strange new worlds and to seek out new life and new civilizations has ended. Now James T. Kirk, Spock, Dr. McCoy, and the rest of the crew of the Enterprise have separated to follow their own career paths and different lives. But now, an overwhelming alien threat—one that is ignoring all attempts at communication and annihilating all opposition in its path—is on a collision course with Earth, the very heart of the United Federation of Planets. And the only vessel that Starfleet can send in time to intercept this menace is a refitted Enterprise, with her old crew heeding the call to once again boldly go where no one has gone before....

The First Star Trek Movie Jan 30 2021 The story of Star Trek's resurrection between the 1969 cancellation of the original series and the 1979 release of Robert Wise's Star Trek--The Motion Picture, has become legend and like so many other legends, it tends to get printed instead of the facts. Drawing on hundreds of contemporary news articles and primary sources not seen in decades, this book tells the true story of the first successful Star Trek revival. After several attempts to relaunch the franchise, ST--TMP was released on a wave of prestige promotion, hype, and public frenzy unheard of for a film based on a television show. Controversy surrounded its troubled production and \$44M budget, earning it a reputation at the time as the most expensive movie ever made. After a black-tie premiere in Washington, D.C., its opening in 856 North American theaters broke multiple box-office records--a harbinger of the modern blockbuster era. Despite immediate financial success, the film was panned by both critics and the public, leaving this enterprise nowhere to boldly go but down.

These Are the Voyages May 14 2022 These Are the Voyages, the exhaustive, award-winning book series by Marc Cushman, continues, utilizing memos and letters from Star Trek creator Gene Roddenberry, his colleagues, the studios, and the networks. Production reports, TV ratings, vintage press coverage, and interviews combine to document the events between the end of the Original Series and the beginning of the Trek movie franchise. It's the story of how Roddenberry sought to escape from Star Trek's shadow and stake new ground. Meanwhile, the series stars discovered that their popularity, like Roddenberry's, was tied to a show which simultaneously typecast them. Volume 1 of this two-book set covers the first half of the 1970s, with coverage of Pretty Maids All in a Row, Genesis II, The Questor Tapes, Planet Earth, Strange New Worlds, Star Trek: The Animated Series, and much more. Volume 2 will examine the last half of the decade, including Spectre, "Star Trek Phase II," and 1979's Star Trek - The Motion Picture. The book is over 700 pages within a hardcover bound book.

The World of Star Trek Sep 18 2022 In The World of Star Trek, David Gerrold opens up dialogue on the people, places, and events that made Star Trek one of the most popular series ever. Gerrold discusses what was successful and what wasn't, offering personal interviews with the series' legendary stars and dissecting the trends that developed throughout the seasons. The complete inside story of what happened behind the scenes of the Star Trek universe, from scriptwriters' memos to special effects and more, The World of Star Trek is the companion all Trekkies need for the most all-encompassing breakdown and analysis of Star Trek.

Star Trek: Destiny #2: Mere Mortals Sep 06 2021 The second novel in an epic crossover trilogy uniting characters from every corner of the Star Trek universe, revealing the shocking origin and final fate of the Federation's most dangerous enemy—the Borg. On Earth, Federation President Nanietta Bacco gathers allies and adversaries to form a desperate last line of defense against an impending Borg invasion. In deep space, Captain Jean-Luc Picard and Captain Ezri Dax join together to cut off the Collective's route to the Alpha Quadrant. Half a galaxy away, Captain William Riker and the crew of the Starship Titan have made contact with the reclusive Caeliar—survivors of a stellar cataclysm that, two hundred years ago, drove fissures through the structure of space and time, creating a loop of inevitability and consigning another captain and crew to a purgatory from which they could never escape. Now the supremely advanced Caeliar will brook no further intrusion upon their isolation, or against the sanctity of their Great Work. For the small, finite lives of mere mortals carry little weight in the calculations of gods. But even gods may

come to understand that they underestimate humans at their peril.

The Wounded Sky Jan 10 2022 An original novel based on the acclaimed Star Trek TV series! An alien scientist invents the Intergalactic Inversion Drive, an engine system that transcends warp drive—and the U.S.S Enterprise will be the first to test it! The Klingons attempt to thwart the test, but a greater danger looms when strange symptoms surface among the crew—and time becomes meaningless. Now Captain Kirk and his friends face their greatest challenge—to repair the fabric of the Universe before time is lost forever!

Star Trek, Phase II Jul 28 2023 The untold story behind the Star Trek Television series that almost was the Lost Series.

Vaka Rangi Apr 25 2023 Vaka Rangi: In the language of the Rapa Nui, A Canoe for the Stars. Vaka Rangi is a work of comparative mythology. Vaka Rangi is an account of a spiritual journey. Vaka Rangi is a personal memoir. Vaka Rangi is an unauthorized post-structuralist critical history of Star Trek and the voyaging starship. Completely revised and expanded from the blog of the same name, Vaka Rangi Volume 2 includes critical analysis essays on Star Trek Phase II, the fan series that shares its name, the first four Star Trek feature films and every episode of Star Trek: The Next Generation's first season. Each story is re-positioned within its cultural contexts and re-examined through the lenses of utopian philosophy, cultural anthropology and anarcho-feminism.

Star Trek II Apr 20 2020

The Longest Trek Jun 22 2020 She opened for jazz great Billie Holiday, shared the set with Marilyn Monroe, and flirted on-screen with Jack Lemmon. In her dream role, Gene Roddenberry beamed her aboard the Starship Enterprise as Yeoman Janice Rand in the original ""Star Trek"" series. But a terrifying sexual assault on the studio lot and her lifelong feelings of emptiness and isolation would soon combine to turn her starry dream into a nightmare.
