The Path of Least Resistance: Learning to Become the Creative Force in Your Own Life, Revised and Expanded discusses how humans can find inspiration in their own lives to drive creative process. This book discusses that by understanding the concept of structure, we can reorder the structural make-up of our lives; this idea helps clear the way to the path of least resistance that will lead to the manifestation of our most deeply held desires. This text will be of great use to individuals who seek to use their own lives as the driving force of their creative process. ? Are you tired of failure and feeling blocked? ? Are you struggling to find inspiration and new ideas? ? Are you looking for ways to better strategize, plan and negotiate for your business? ? Suffering from writer's block? Discover the resource that's better than therapy.... "I wish I did this.." or "I should have done that..." or the "If only I knew..." We talk about self-improvement and making changes as if they were unattainable. The reality is, those are just excuses. It IS possible, you just haven't been exposed to the right tools and knowledge. When you were younger and you wanted to walk or write, you didn't give up every time you failed. You tried and tried until you

achieved success. A child is always determined to succeed. What would have happened if you had given up? So, why do we give up so easily now? As human beings, we don't like failure or change, but only those that do can transform from a caterpillar into a butterfly. We've heard the likes of Jim Carey, Arnold Schwarzenegger, and Oprah Winfrey who all use visualization as a technique to achieve their goals. But today, we are going to take it a step further. With mind mapping, this radical form of visual planning will help you go beyond what you've ever imagined. It's time to hack your way to success with mind maps. This technique has been around for centuries, but it's only being revealed to the mass markets now. Be one of the first to leverage its power for yourself! Designed to be original, innovative, and free-thinking, this technique can be used to improve any situation. Using step-by-step instructions and templates for you to follow along, Mind Mapping to Success provides the following solutions: Unlock the secrets of the brain, and the #1 thing you can leverage to break through those barriers. The science behind mind maps and why it outperforms traditional methods. The 3 tools you need to create a mind map (And they are free!) How to come up with ideas, even when you have none. What to do when you have writer's block, and how to prevent it. How to pass exams, listen better, and optimize your performance. How to diagnose problems, before it ruins your business. How to

mitigate risk, even when you can't see it. 11 steps to improve your memory - Finally, remember your client's names, and where those damn keys are! and over 30 more use-cases for daily life, study, and business! You need to ask yourself, are you ready for the next level? Not only does THIS book tell you how you can change the world, but it encourages you to conquer your mind and take actionable steps by applying these techniques to your life. From your personal life to education and work, you will see improvements in your memory, concentration, creativity, problem-solving, and more- using ONLY the power of the mind. Anyone can do it, it's that simple! Even if you've never used mind maps before, you aren't creative or artistic, or they've failed in the past, that doesn't mean that they won't work for you now. Good news. We're not going to leave you high and dry as we will talk you through the whole of the process. If you're ready to unlock the secrets to your success, click "Add to Cart" right now. Make the Most of Your Mind is an indispensable guide for anyone who wants to rouse the sleeping giant of his or her brain to think, learn, read, and memorize more efficiently. Make the Most of Your Mind explains how to develop untapped resource areas of the brain and increase your ability to think, learn, read, memorize, listen, and solve problems more creatively and efficiently. "Much progress results when different streams of human understanding are brought together. This book is about such an

epiphany - that the traditionally left-brain working of industry can be greatly enriched by the creative potential of mind-maps. Our process-oriented industries need more creativity... so it is definitely worth investing some time to evaluate this book and its thesis for yourself!"

-Manas Fuloria, Co-founder and CEO, Nagarro

"Project management is typically associated with linear thinking with a beginning, a middle and an end. Mind Maps are associated with Creativity and non-linear thinking. When an expert in both areas

- PMP, Scrum Master and a Thinkbuzan tutor - brings this expertise together in one book, it tickles the left and right side of the brain

simultaneously. Maneesh has written a compelling thesis and is a must read for CXOs and project managers alike, to get the most out of projects!"

-Sameer Garde, President, South Asia, Philips

India "While solving complex problems we may have a difficulty in looking at all perspectives of the eventual solution. Mind Maps help in

documenting our thoughts in a more structured way by aligning the creative thinking process with the analytical decision process. This expertise

was so far not available in India and the initiative by Maneesh is a welcome and valuable contribution. This is especially useful for mid-

level and senior people but can be used by all age groups." -Tushar Bhatia, Founder & CEO,

EmpXtrack "Just as the LEAN movement transformed the Manufacturing industry, Mind Maps can do the same to the field of Project Management. A Mind

Map helps cuts across the noise in multiple situations, brings into focus the core issue and ignites creativity through whole brain thinking. Through this book Maneesh has provided a framework and examples to apply Mind Mapping to the practice of Project Management - a bold move that will encourage creative thinking and problem solving. A must read for organizational heads and all project managers." - Nitin Kulkarni, Founder & Principal Consultant, Elevo Consulting "The book is a Project management and Mind Maps toolkit coming from a practicing professional and trainer Maneesh Dutt. It is a guide map for decision makers to enable project professionals become more creative and innovative in managing projects. Projects, today, are more like a hundred meter sprint than a marathon and deserve nimble techniques like Mind Maps to execute better. The book picks up the threads from project management fundamentals along with inspiration from nature and provides a rich array of Mind Map templates allowing organizations to kick start their journey towards better project management. A real boon to organizations that are involved in any Project activity!" -Gaurang Joshipura, Managing Director, Zeppelin Systems India Pvt. Ltd. ""I would recommend Tony's new book to anybody who wants to improve their thinking and achieve Mind Map mastery themselves."" - Dominic O'Brien, eight-time World Memory Champion and bestselling author

Tony Buzan invented the Mind Map technique five decades ago. Seeing the transformational impact it had on people, he has been spreading the thinking tool across the world ever since. Tony Buzan's Mind Map technique has gathered amazing praise and an enormous worldwide following over the last few decades, but as with any very successful idea, there have been many sub-standard imitators. With Mind Map Mastery, Tony Buzan re-establishes the essential concepts that are the core of the Mind Map with a clarity and practicality unrivalled by other books. If you are looking to improve your memory, plan your business strategy, become more organized, study for an exam or plan out your future, this is the book for you. With a clarity and depth that far exceeds any other book on the subject, it includes the history of the development of the Mind Map, an explanation of what makes a Mind Map (and what isn't a Mind Map) and why it's such a

powerful tool, illustrated step-by-step techniques for Mind Map development - from simple to complex applications - and how to deal with Mind Maps that have "gone wrong". Developed both for those new to the Mind Map concept as well as more experienced users who would like to revise and expand their expertise, Mind Map Mastery is the one Mind Mapping book needed on the shelf of every student and business person across the world. Mind Mapping is a breakthrough system of planning and note-taking that cuts homework time in half and makes schoolwork fun. Mind Maps for Kids is Tony Buzan's first book written specially for a younger audience, suitable for ages 7 to 14. A practical mini ebook guide that teaches you how to Mind Map with ease from Tony Buzan, the inventor of the Mind Map. He likes his vodka martinis shaken, not stirred. He drives one of the most recognizable cars in film history, and his Walther PPK has become legendary too. Very few have ever looked better in a tuxedo. His name is Bond ... James Bond. He's chased villains -- and women -- on screen for decades. His fictional world and movie run have been threatened, but he is never defeated ... because His World Never Dies. In his book debut, Dave Holcomb takes a fresh look at how the 007 film series has persevered through multiple generations. He follows Bond from his birth on screen in 1962 through the early stages of No Time to Die, detailing how the series has evolved its portrayal of masculinity, femininity, race, and humor over the course of its history. Through the use of nostalgia, timeless musical themes and fan theories, Holcomb explains how 007 remains contemporary, relevant, and most importantly, popular, through the first two decades of the 21st century.
