CIMA F2 May 18 2023 CIMA
offers a business qualification
with a finance focus, aiming to

produce members with
accounting prowess who are
skilled in strategic decision-
making. 98% of its members
work in business, the highest
proportion of any worldwide
accountancy body. Paper F2
Financial Management
replaces Paper P8 Financial
Analysis. The syllabus is very
similar to old Paper P8, but
students will now meet
elementary groups at Paper F1
level prior to studying F2. The
syllabus specifically includes
share-based payments and the
emphasis of ratios has now
changed from calculation to
interpretation. The main
syllabus areas have been
changed to: * Group financial
statements * Issues in
recognition and measurement *
Analysis and interpretation of
financial accounts *
Developments in external
reporting The Study Text
focuses on the exam. It
provides clear and detailed
coverage of the syllabus.
Exercises within each chapter
cover both basic principles and
more detailed issues. In the
area of consolidation, these

include both complex groups and changes in group structure during the year. Accounting standards are explained and their practical implementation illustrated and tested through appropriate questions.
