She thought of a new way to kill my love for the beautiful Munchkin maiden, and made my axe slip again, so that it cut right through my body, splitting me into two halves. Once more the tinsmith came to my help and made me a body of tin, fastening my tin arms and legs and head to it, by means of joints, so that I could move around as well as ever. But, alas! I had now no heart, so that I lost all my love for the Munchkin girl, and did not care whether I married her or not. I suppose she is still living with the old woman, waiting for me to come after her. "My body shone so brightly in the sun that I felt very proud of it and it did not matter now if my axe slipped, for it could not cut me. There was only one danger--that my joints would rust; but I kept an oil-can in my cottage and took care to oil myself whenever I needed it. However, there came a day when I forgot to do this, and, being caught in a rainstorm, before I thought of the danger my joints had rusted, and I was left to stand in the woods until you came to help me. It was a terrible thing to undergo, but during the year I stood there I had time to think that the greatest loss I had known was the loss of my heart. While I was in love I was the happiest man on earth; but no one can love who has not a heart, and so I am resolved to ask Oz to give me one. If he does, I will go back to the Munchkin maiden and marry her." Both Dorothy and the Scarecrow had been greatly interested in the story of the Tin Woodman, and now they knew why he was so anxious to get a new heart. After a cyclone transports her to the land of Oz, Dorothy must seek out the great wizard in order to return to Kansas. Differentiated book- It has a historical context with research of the time Dragged by a cyclone from the plains of Kansas to the land of Oz, Dorothy and her puppy, Toto, must find their way back home. To return home, Dorothy must travel to the Emerald City with her new group of friends - the Scarecrow, the Tin Man and the Cowardly Lion - and put her destiny in the hands of a great and terrible magician. But an evil enemy gets in his way. Although due to circumstances that I mentioned in my review of "Pride and Prejudice" I am not very friendly with the classics, after reading "Dorothy must die" I was curious to read the original story of Dorothy and the Wizard of Oz. And not even as a child I came to live that story. I knew him, of course, but it's not like others that I can feel like mine in some way. After finding it free on Amazon for Kindle, I didn't turn it over and started reading. One of the many good things about reading books in Kindle format is that, in addition to the translator that carries the reader, you can adjust the "difficulty" of reading, according to which the Kindle shows you more or less word translations. The more explanations we ask, the easier the reading will be. So, if you are not used to reading in English, but you know the language, it will only be a matter of advancing a few chapters, from which you will have acquired a good reading rhythm. If, on the contrary, your English vocabulary is somewhat concise, it will cost you a little more, especially at the beginning, but the reader offers facilities to reduce that problem. Let's go back to the story. This book, which is classically known as Dorothy's story, is only the first volume of a series of 14 books, so if you want more, don't worry. This book tells us Dorothy's already known story. How he got to Oz, how he killed one of the evil witches of those lands when his house fell on him, how he set off for Emerald City so that the wizard of Oz sent her back. How he met his three friends, each looking for a missing piece. In terms of summary, this book has little mystery. What has been curious to me is the fact that this book, originally a children's book, could perfectly be used in institutes as a book of literature. Each character in the book is aware of its imperfection and seeks to ask the magician for help to fix it. Each of them, during the course of the story, interacts with other characters, learn from each other. For example, the Scarecrow. When he and Dorothy meet, the Scarecrow tells us, Dorothy and us, which led him to look for a brain. At first he was doing well in his work, but one day the crows realized that he was not a man, he had no brain, and was simply made of straw, so they began to attack the crops ignoring him. Therefore, to feel like a real person, the Scarecrow wants a brain. "Brains are the only things worth having in this world, no matter whether one is a crow or a man." "A brain is the only thing worth having in this world, be it a raven or a man." "What the

Scarecrow does not realize is that thanks to him they leave many troubles, that he is the most mentally agile at various times in history. Similarly, the Tin Man swears to himself never to be cruel or dishonest because he has no heart: act like a person with a good heart to make up for what he does not have, being able to identify those good feelings. This and other reflections have left me thinking more than once, and I would have liked to discuss aspects of this story with my classmates in High School, instead of studying the historical context of a work. I leave this story with a "Good" and I hope to read some continuation in the future. The premier American fantasy adventure gets the Merry Marvel treatment!
