The reader is invited to join Rainbow Fish and his friends in finding clues to help locate a treasure hidden in the Coral Reef. Robert M. Edsel brings the story of his #1 NYT bestseller for adults The Monuments Men to young readers for the first time in this dynamic, narrative nonfiction project packed with photos. Robert M. Edsel, #1 New York Times bestselling author of The Monuments Men, brings this story to young readers for the first time in a sweeping, dynamic adventure detailing history's greatest treasure hunt. As the most destructive war in history ravaged Europe, many of the world's most cherished cultural objects were in harm's way. The Greatest Treasure Hunt in History recounts the astonishing true story of 11 men and one woman who risked their lives amidst the bloodshed of World War II to preserve churches, libraries, monuments, and works of art that for centuries defined the heritage of Western civilization. As the war raged, these American and British volunteers -- museum curators, art scholars and educators, architects, archivists, and artists, known as the Monuments Men -- found themselves in a desperate race against time to locate and save the many priceless treasures and works of art stolen by Adolf Hitler and the Nazis. Come along with Barney and his friends as they seek all kinds of treasures and make all kinds of discoveries under the sea. This search and find book encourages children to identify and match the many different animals and objects that can be found in the ocean. Full-color illustrations. The essential follow-up to the BusinessWeek bestseller Trading Up A BMW in a Costco parking lot? A working class family with a 50-inch plasma TV? What's going on in the mind of the new consumer? Today's consumers can seem impossible to understand, and even harder to please. For instance, the average mall shopper will spend about \$100, then leave when she hits that limit. She'll probably buy shoes rather than clothing, because she doesn't want to think about her dress size. And the store most likely to get her money isn't the one with the nicest display or the deepest discounts-it's the one closest to her parking spot. In his consulting with dozens of leading companies, Michael J. Silverstein has interviewed thousands of customers, extracting fascinating patterns about what really drives their purchase decisions. His first book, the acclaimed bestseller Trading Up, has taught a generation of marketers about the "new luxury" phenomenon, and why consumers will happily pay a steep premium for goods and services that are emotionally satisfying, from golf clubs to bathroom fixtures to beauty products. But Trading Up revealed only part of the story of the new consumer. The same middle-class people who are happily trading up at Victoria's Secret and Panera are going on treasure hunts at Costco and Home Depot. And they are often getting as much emotional satisfaction in the discount stores as in the luxury stores. TREASURE HUNT shows how even the most mundane shopping-for things like paper towels and pet food-has become an adventure rather than a tedious chore. In just about every category, both the high end and the low end are growing and innovation- rich. Many middle-class consumers gladly spend \$5 a day for a Starbucks venti latte; others spend forty cents a day on home-brewed coffee, feel good about their frugality, and save up the difference to buy Apple's newest Nano. TREASURE HUNT explains the success of companies as diverse as Dollar General, H. E. Butt, eBay, Commerce Bank, and Tchibo. But beware: in our bifurcated global market, businesses need a clear strategy for aiming high or low, while avoiding the treacherous middle, where so many have recently stumbled. If your offering isn't exciting enough to inspire trading up, but not enough of a bargain to satisfy the treasure hunters, you'll have no emotional connection with your

target audience. And then, as many fallen companies have discovered, your tried-and-true marketing strategies will go into a severe stall. TREASURE HUNT takes us into the homes of real people making real decisions, and into the CEO's offices of innovative companies finding new ways to accommodate them. Written with the same flair, empathy, and intelligence that made Trading Up an instant classic, this is an essential guide to the moods and habits of the constantly changing consumer. Twenty black-and-white stereograms provide visual clues through a fantastic journey in a fabulous medieval landscape, in which readers must determine who is friend or foe, reach important destinations, and find a hidden treasure.

Max and Ruby star in their own popular show on Nick Jr. The tale begins over three-hundred years ago, when the Fair People—the goblins, fairies, dragons, and other fabled and fantastic creatures of a dozen lands—fled the Old World for the New, seeking haven from the ways of Man. With them came their precious jewels: diamonds, rubies, emeralds, pearls... But then the Fair People vanished, taking with them their twelve fabulous treasures. And they remained hidden until now... Across North America, these twelve treasures, over ten-thousand dollars in precious jewels in 1982 dollars, are buried. The key to finding each can be found within the twelve full-color paintings and verses of THE SECRET. Are you smart enough? THE SECRET: A TREASURE HUNT was published in 1982. The year before publication, the author and publisher Byron Preiss had traveled to 12 locations in the continental U.S. (and possibly Canada) to secretly bury a dozen ceramic casques. Each casque contained a small key that could be redeemed for one of 12 jewels Preiss kept in a safe deposit box in New York. The key to finding the casques was to match one of 12 paintings to one of 12 poetic verses, solve the resulting riddle, and start digging. Since 1982, only two of the 12 casques have been recovered. The first was located in Grant Park, Chicago, in 1984 by a group of students. The second was unearthed in 2004 in Cleveland by two members of the Quest4Treasure forum. "A remarkable book, in which a very wide spectrum of human behavior is on show---from colossal gullibility on the one hand, to extraordinary ingenuity and determination on the other." —The Daily Telegraph (UK) Treasure Hunt is the story of an obsession. Rumors of Spanish treasure, or gold and silver at the bottom of the sea, have been a part of maritime lore for centuries. In 1687, Captain William Phips brought back to port an incredible cargo---nearly forty tons of silver and gold---the treasure of the Spanish galleon Concepción, wrecked over forty years before on a coral reef in the middle of the ocean. The unimaginable had

become real, and the great treasure-hunting boom had begun. Soon after Phips's success, there were numerous expeditions that meant to emulate his stunning achievement. During that same time there was also a boom in the invention of crude and often very dangerous diving equipment. Many of these new projects were promoted on the infant stock market, where gambling and treasure hunting became closely connected with the birth of modern capitalism. By the eighteenth and nineteenth centuries, treasure hunting had become a professional occupation, with a new breed of diver emerging. Much of their time was spent salvaging the wrecks of English and Dutch East-Indiamen carrying treasure to finance business in Asia. Ever since, men have been prepared to risk life and fortune in the search for underwater riches. The author of numerous books of maritime history, including *The Pirate Wars* and *The Sack of Panamá*, world-renowned historian Peter Earle returns with an extraordinary and little-known history--of outstanding bravery, of exceptional recklessness, and above all, of the unquenchable lust for treasure. Roger Priddy's *Treasure Hunt* features awesome scenes for kids to search, count and have fun with! Eager young treasure hunters can develop counting and sorting skills as they search for the hundreds of hidden things in this bright, engaging seek-and-find book from Roger Priddy. The fun and colorful scenes include beach, jungle, farm, pirates, space, princesses and dinosaurs! Let the treasure hunt begin! Join the treasure hunters as they navigate a jungle path, find the castle, and climb a tower, dodging snakes and crocodiles to reach priceless jewels and artifacts. The 50 activity pages include mazes, search-and-finds, and connect-the-dots. Solutions included. The Oak Island mystery has been the world's greatest and strangest treasure hunt, and after years of research the authors have finally solved the sinister with an answer that is challenging, controversial, and disturbing. In 1795 three boys discovered the top of an ancient shaft on uninhabited Oak Island in Mahone Bay, Nova Scotia. The boys began to dig, and what they uncovered started the world's greatest and strangest treasure hunt but nobody knows what the treasure is. Two hundred years of courage, back-breaking effort, ingenuity, and engineering skills have failed to retrieve what is concealed there. Theories of what the treasure could be include Captain Kidd's bloodstained pirate gold, an army payroll left by the French or British military engineers, priceless ancient manuscripts, the body of an Arif or other religious refugee leader, or the lost treasure of the Templars. The Oak Island curse prophesies that the treasure will not be found until seven men are dead and the last oak has fallen. That last oak has already gone, and six treasure hunters have been killed. After years of research, the authors have finally solved the sinister riddle of Oak Island, but their answer is challenging, controversial, and disturbing. Something beyond price still lies waiting in the labyrinth. It began to look like a hopeless task. After so many years, the trail had grown cold, and it seemed as if, should they be lucky enough to discover him, the thief might be ready to kill in order to protect his priceless booty. As the investigators scrutinized the art world and delved into old U.S. Army records, they gathered clues and suspects - some of them more than a little frightening. Then, after a series of hair-raising adventures, Honan made headlines around the world by identifying the thief and leading law enforcement authorities to a desolate, tumble-down farm town in northeastern Texas where the treasures had been hidden. Subsequently, Honan was nominated for a Pulitzer Prize in investigative journalism. "A full-throttle, first-person account of the treasure hunt set in motion by Forest Fenn--an eccentric art dealer and, some would say, robber baron--in 2010 that lasted a full decade and became the stuff of contemporary legend. When Forest Fenn was told he was going to die, he hid a chest full of jewels and gold in the wilderness and published a poem that contained a series of clues about the treasure's secret location. But he didn't die, and he wouldn't reveal the location. The wild hunt went on for another ten years. Daniel Barbarisi first learned of Fenn's hunt in 2017 when a friend began decoding the poem and convinced Barbarisi to catalogue his search. What began as a great story documenting the history of Fenn's treasure hunt--the rumors, characters, and pitfalls--quickly turned into a personal quest, as Barbarisi found himself on a sometimes reckless and possibly dead-end path, despite having a family at home. Over the course of the next three years, several searchers would die, endless controversies would erupt, and one anonymous unknown would find the ultimate prize. Rich with mystery, danger, and break-neck action, Barbarisi's account of the imagination and drive of desire, of obsession, and of a particularly unbridled adventure is pure gold on the page"-- It began with an unexpected letter in the mail. Now Josh Reed and his family are in for the adventure of a lifetime when they agree to go on the ultimate treasure hunt. They must follow the clues which will lead them across the United States to see the wonders of God's creation, including many national parks and national monuments. When challenges arise and dangers threaten, will their faith in God and help from each other be enough? At the end a treasure waits, but will what they find along the way be even more valuable? Josh, an eleven-year-old detective in the making, has a question of his own. Is it his imagination, or is someone following them? Help Josh and his family decipher the clues, record their journey through the states on a map, and solve a mystery as well. Gwen Lepkowski is an experienced teacher and storyteller.
