Charles Bowden calls "one of the few essential books written by an American in the last half century." This wild-spirited tale tells of a bitter strike that rages through a small lumber town along the Oregon coast. Bucking that strike out of sheer cussedness are the Stampers. Out of the Stamper family's rivalries and betrayals Ken Kesey has crafted a novel with the mythic impact of Greek tragedy. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the

best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators. THINGS FALL APART tells two overlapping, intertwining stories, both of which center around Okonkwo, a "strong man" of an Ibo village in Nigeria. The first of these stories traces Okonkwo's fall from grace with the tribal world in which he lives, and in its classical

purity of line and economical beauty it provides us with a powerful fable about the immemorial conflict between the individual and society. The second story, which is as modern as the first is ancient, and which elevates the book to a tragic plane, concerns the clash of cultures and the destruction of Okonkwo's world through the arrival of aggressive, proselytizing European missionaries. These twin dramas are perfectly harmonized, and they are modulated by an awareness capable of encompassing at once the life of nature, human history, and the mysterious

compulsions of the soul. THINGS FALL APART is the most illuminating and permanent monument we have to the modern African experience as seen from within. Lessons and activities for use in teaching Bradbury's Fahrenheit 451. Ray Bradbury's novel Fahrenheit 451 is an enduring masterwork of twentieth-century American literature—a chilling vision of a dystopian future built on the

foundations of ignorance, censorship, and brutal repression. The origins and evolution of Bradbury's darkly magnificent tale are explored in *A Pleasure to Burn*, a collection of sixteen selected shorter works that prefigure the grand master's landmark novel. Classic, thematically interrelated stories alongside many crucial lesser-known ones—including, at the collection's heart, the novellas "Long After Midnight" and "The Fireman"—*A Pleasure to Burn* is an indispensable companion to the most powerful work of America's preeminent storyteller, a

wondrous confirmation of the inimitable Bradbury's brilliance, magic . . . and fire. Finest heroic poem in Old English celebrates the exploits of Beowulf, a young nobleman of southern Sweden. Combines myth, Christian and pagan elements, and history into a powerful narrative. Genealogies. I was born to the name of Rachel Weatere in the year 1684, more than three hundred years ago. The one who changed me named me Risika, and Risika I became, though I never asked what it meant. I continue to call myself Risika, even though I was transformed into what I am against my will. By day,

Risika sleeps in a shaded room in Concord, Massachusetts. By night, she hunts the streets of New York City. She is used to being alone. But now someone is following Risika. Someone has left her a black rose, the same sort of rose that sealed her fate three hundred years ago. Three hundred years ago Risika had a family - - a brother and a sister who loved her. Three hundred years ago she was human. Now she is a vampire, a powerful one. And her past has come back to torment her. This atmospheric, haunting tale marks the stunning debut of a promising fourteen-year-old novelist. From the

Wuthering Heights is the name of Mr. Heathcliff's dwelling. "Wuthering" being a significant provincial adjective, descriptive of the atmospheric tumult to which its station is exposed in stormy weather. Pure, bracing ventilation they must have up there at all times, indeed: one may guess the power of the north wind blowing over the edge, by the excessive slant of a few stunted firs at the end of the house; and by a range of gaunt thorns all stretching their limbs one way, as if craving alms of the sun. Happily, the architect had foresight to build it strong: the narrow

windows are deeply set in the wall, and the corners defended with large jutting stones. Before passing the threshold, I paused to admire a quantity of grotesque carving lavished over the front, and especially about the principal door; above which, among a wilderness of crumbling griffins and shameless little boys, I detected the date "1500," and the name "Hareton Earnshaw." I would have made a few comments, and requested a short history of the place from the surly owner; but his attitude at the door appeared to demand my speedy entrance, or complete

departure, and I had no desire to aggravate his impatience previous to inspecting the penetralium. One stop brought us into the family sitting-room, without any introductory lobby or passage: they call it here "the house" pre-eminently. It includes kitchen and parlour, generally; but I believe at Wuthering Heights the kitchen is forced to retreat altogether into another quarter: at least I distinguished a chatter of tongues, and a clatter of culinary utensils, deep within; and I observed no signs of roasting, boiling, or baking, about the huge fireplace; nor any glitter of

copper saucepans and tin cullenders on the walls. One end, indeed, reflected splendidly both light and heat from ranks of immense pewter dishes, interspersed with silver jugs and tankards, towering row after row, on a vast oak dresser, to the very roof. The latter had never been under-drawn: its entire anatomy lay bare to an inquiring eye, except where a frame of wood laden with oatcakes and clusters of legs of beef, mutton, and ham, concealed it. Above the chimney were sundry villainous old guns, and a couple of horse-pistols: and, by way of ornament, three gaudily-painted canisters disposed

along its ledge. The floor was of smooth, white stone; the chairs, high-backed, primitive structures, painted green: one or two heavy black ones lurking in the shade. In an arch under the dresser reposed a huge, liver-coloured bitch pointer, surrounded by a swarm of squealing puppies; and other dogs haunted other recesses. Most writing guides imply--or outright state--that there's a fixed, specific formula or list of

rules you must follow to achieve writing and publishing success. And all of them are phonies. Well, not completely. There are real, applicable techniques and strategies in any writing reference to help you. But the idea that there's only one way of writing? Nuts! With unconventional approaches to the craft, fresh angles on novel writing and selling, a healthy dose of humor, and no promise of refunds, Writing Without Rules is for those writers who have tried and tried again--and are ready to success on their own terms. In these pages, accomplished author Jeff Somers will show you: •

The key to a successful writing career is doing the actual writing, no matter the circumstances. • Fantastic ideas are available everywhere--you just need to know how to tap into sources through a variety of approaches. • Important craft aspects that you should focus on, such as characters and dialogue, while spending less time on others, like setting. • Effective ways to get published--whether it's traditional or self-publishing--and how to supplement your income. Whether you're a plotter, a pantser, or somewhere in-between, Writing Without Rules is for those writers who

are looking for a fresh take on tackling the challenge of writing and selling a novel, and building a career. As Somers will show you, it's less about being perfect in everything, and more about having the confidence to complete everything. Guy Montag, a fireman of the future, is responsible for starting fires, not stopping them. In his society, books have been banned - all books, save the firemen's own rule books, which contain the ominous order: "Burn everything." Montag finds pleasure in enforcing the status quo - which is that pleasure in the ultimate good, and

intellectual pursuits are bad because they breed dissatisfaction and superiority. At least, he finds pleasure in his job until one autumn evening when a teenage neighbor, Clarisse McClellan, asks him a simple, haunting question: "Are you happy?" The question takes on greater urgency when Montag discovers that his wife Mildred has overdosed on pills in a suicide attempt. After she is perfunctorily and mechanically revived by technicians, she has no memory of her actions and resumes her distraction-filled days as though nothing has happened. She continues to insist

she is happy, spending her time in the ironically named "living room" with her televised, life-sized "family" entertaining her from three wall-sized screens. The final shock to Montag's complacency occurs when he and his fellow firemen respond to an alarm at 11 North Elm Street, where a woman possesses a contraband library. Rather than passively submit to the firemen's

kerosene, she lights the match that ignites the books and herself. As a result of this self-immolation, Montag clearly sees a new truth: "There must be something in books, things we can't imagine..." and perhaps, he thinks, that something can heal not only his life and his marriage, but also his happiness-hunting society. And so Montag begins to read forbidden books that he has hidden

in his home, putting his career and life in danger. With the help of Faber, a former professor of literature, Montag seeks a way to help - or force - his society to remember what it has forgotten. With Fire Captain Beatty, the firemen, and their lethal Mechanical Hound in pursuit of him, Montag races against time to save a society unaware that it is heading toward self-destruction.
