From the first day Airman Ronald L. Darr saw a demonstration of a Bell

medivac helicopter used in the Korean war, he knew he wanted to fly helicopters. Becoming a Dustoff pilot for the U.S. Army in Vietnam in an unarmed, UH-1 Huey, putting his life on the line every day, flying into one hot combat zone after another to save countless lives. But the memories of and bitterness stemming from the Vietnam War and ill treatment of veterans by both the Government and civilians took a heavy toll on his mind, body, and spirit. Thirty years after leaving Vietnam, Chief Warrant Officer Darr knew he had to make one more lifesaving mission: his own. Through the telling of his experiences in Vietnam, he not only frees himself from the shame and stigma imposed by the U.S. government and society, but he resurrects the honor and the dignity of every man and woman who served their country in Vietnam, these forgotten warriors who demonstrated their unswerving patriotism by serving in a country halfway around the world only to be treated as social outcasts upon their return home. Enter the lives of those who flew unarmed into battle to save lives. Experience the terror projected by a determined enemy. Savor that wonderful feeling of saving a human's life in the midst of a hell created on Earth. "An utterly compelling account of the African Americans who played a crucial and dangerous role in the invasion of Europe. The story of their heroic duty is long overdue."

—Tom Brokaw, author of *The Greatest Generation*

The injustices of 1940s Jim Crow America are brought to life in this extraordinary blend of military and social history—a story that pays tribute to the valor of an all-Black battalion whose crucial contributions at D-Day have gone unrecognized to this day. In the early hours of June 6, 1944, the 320th Barrage Balloon Battalion, a unit of African-American soldiers, landed on the beaches of France. Their orders were to man a curtain of armed balloons meant to deter enemy aircraft. One member of the 320th would be nominated for the Medal of Honor, an award he would never receive. The nation's highest decoration was not given to Black soldiers in World War II. Drawing on newly uncovered military records and dozens of original interviews with surviving members of the 320th and their families, Linda Hervieux tells the story of these heroic men charged with an extraordinary mission, whose contributions to one of the most celebrated events in modern history have been overlooked. Members of the 320th—Wilson Monk, a jack-of-all-trades from Atlantic City; Henry Parham, the son of sharecroppers from rural Virginia; William Dabney, an eager 17-year-old from Roanoke, Virginia; Samuel Mattison, a charming romantic from Columbus, Ohio—and

thousands of other African Americans were sent abroad to fight for liberties denied them at home. In England and Europe, these soldiers discovered freedom they had not known in a homeland that treated them as second-class citizens—experiences they carried back to America, fueling the budding civil rights movement. In telling the story of the 320th Barrage Balloon Battalion, Hervieux offers a vivid account of the tension between racial politics and national service in wartime America, and a moving narrative of human bravery and perseverance in the face of injustice. I'm a single mother that has had a few struggles. I work as a CNA/Med tech. I live my life day by day. I live in Raleigh NC and I'm 30 years old. I'm just a normal woman that had some pain that I had to get off my chest. The true story of one of the most closely-guarded secrets in American military history. This book is a living memorial to the Jack B. Ketchum Bomber Crew of World War II and it serves as a public counter to official efforts by the U.S. Government to have these men forever forgotten. Presented here are two volumes of apocryphal writings reflecting the life and time of the Old and New Testaments. Stories told by contemporary fiction writers of historical Bible times in fascinating and beautiful style. The Seyder Tkhines, translated from its original Yiddish by noted tkhines scholar, Devra Kay, and centerpiece of this groundbreaking work, was a standard Yiddish prayer book for women. It first appeared in Amsterdam in 1648, and continued to be published for the next three generations, usually inside the Hebrew synagogue prayer book. A product of an age when mysticism pervaded mainstream Judaism, the Seyder Tkhines provided women with newly composed, alternative daily prayers that were more specific to their needs. Included in this volume is a unique Yiddish manuscript dating from the 17th century ? a collection of prayers written specifically for a rich, pregnant woman, which Kay discovered among the rare books of the Bodleian Library in Oxford, England. Now, for the first time, these prayers have been skillfully translated and brought to public view. In addition to her translations, Kay presents her own extensive commentary, providing a deeper understanding of the historic, religious, and cultural background of this period in Jewish history. This unparalleled book will have special appeal to those interested in the social, literary, and religious history of women, as well as the history of the Yiddish language and literature. The interest in these forgotten prayers and their significance to the lives of women has now been revived, and these tkhines are ready to be rediscovered by a modern

readership. Holly Allen explores popular and official narratives of forgotten manhood, fallen womanhood, and other social and moral archetypes during the Great Depression and the Second World War. From the New York Times bestselling author of the Dark Protectors series comes a sexy romantic suspense full of "twists and reversals" (Publishers Weekly) that will keep readers' hearts pounding until the very last page. His Secrets Can Destroy Her From the moment Josie laid eyes on sexy, mysterious Shane Dean, she was in love. Their desire ignited a passionate affair, and within weeks, Shane had slipped a ring on her finger. It seemed her every fantasy was coming true . . . until her new husband disappeared without a trace. Now, two years and one broken heart later, Josie is shocked when the hospital calls: Shane has been found . . . at a crime scene with no memory of how he got there. Her Love Can Save Him Shane can't remember the blue-eyed angel at his bedside--or who he even is--but he knows something isn't right. His hearing is razor sharp, his physical strength incredible, and the urge to protect Josie overwhelming. For powerful enemies are hunting him, and Josie is the key to discovering why. As Shane struggles to unravel his past, dangerous new truths come to light. Can he protect the only woman he's ever loved? And can Josie trust a man she thought she knew--one who carries such a deadly secret? 88,000 words

What were US troops doing in Sumatra in 1832? And why was there a Korean War in 1844? This book puts US history in a whole new different light. Sometimes you need to forget everything to recognize what matters the most. 11 July 2006, Mumbai.

Sagarika Mehta walks out of her nine-year old marriage, meets with a near-fatal accident and goes into a deep coma: all on the same day. She wakes up with no memory of her past. After over a year in hospital, Rishab, her husband, whisks her away to Gurgaon to convalesce. There, in that plush apartment, with people waiting on her hand and foot, Sagarika feels a vague sense that something is wrong. Why does the scent of a particular cologne drive her into a frenzy? Why does the innocuous word 'cheeni' bother her? And why is Rishab so evasive to her queries about her past? As a desperate Sagarika searches for answers and learns to trust no one, she discovers that sometimes you need to forget everything to recognize what matters the most. While investigating a series of child abductions in Montana, the case gets personal for Sheriff's Deputy Lorraine Adalet when her teenage daughter, Joanna, disappears with a friend. Following the clues of otherworldly evidence leads Lorraine back to

her long abandoned homeworld of Jannada. Mired in a never-ending war she escaped long ago, Lorraine had hoped to protect Joanna from her own past. Once in Jannada, she attempts a rescue mission to bring Joanna and the rest of the kidnapped children back to Earth; however, it's not without resistance. Lorraine must confront her past with the evil Jannadan Queen and everyone else she abandoned all those years ago...not to mention an entire army of magic-wielding children! Meanwhile, Joanna's allegiance hangs in the balance in this tale of family and fate. Collects *Forgotten Home* from the ComiXology original digital series, in print for the first time! A sobering account of a disenfranchised American working class and important policy solutions to the nation's economic inequalities One of the country's leading scholars on economics and social policy, Isabel Sawhill addresses the enormous divisions in American society—economic, cultural, and political—and what might be done to bridge them. Widening inequality and the loss of jobs to trade and technology has left a significant portion of the American workforce disenfranchised and skeptical of governments and corporations alike. And yet both have a role to play in improving the country for all. Sawhill argues for a policy agenda based on mainstream values, such as family, education, and work. While many have lost faith in government programs designed to help them, there are still trusted institutions on both the local and federal level that can deliver better job opportunities and higher wages to those who have been left behind. At the same time, the private sector needs to reexamine how it trains and rewards employees. This book provides a clear-headed and middle-way path to a better-functioning society in which personal responsibility is honored and inclusive capitalism and more broadly shared growth are once more the norm. Rediscovering our forgotten heritage No Entry'; 'Dangerous Site Keep Out; Trespassers Will Be Prosecuted': common sights on walls or perimeter fences around many of the world's abandoned sites. These warnings allude to potential dangers and prove an ineffective deterrent against thieves and vandals. To the urban explorer/photographer these signs simply serve to whet the appetite for the promise of hidden wonders that may lie beyond. For those who ignore the warnings and climb the fences, what awaits is usually worth the risks. Vast industrial spaces that feel more like an alien landscape or poignant residential settings, which are slowly surrendering to the inexorable advance of nature. Places once alive with sound and movement, now silent and still, but no less sensory. Immense and powerful

beauty resides in these forgotten places. For some, just getting inside a location to experience this alternative form of sightseeing is enough to satisfy a desire to simply go where one shouldn't. But for some there is a need to capture the essence of a location in words and pictures, giving others a metaphorical leg-up over the fences, to walk them through the remaining ruins. Matt Emmett falls into the latter of these groups, travelling regularly to places in the UK and across Europe. He seeks out vast power stations and their cooling towers, steel works, mines, bunkers, tunnels, schools, engine sheds, hotels, castles and a myriad of other buildings. All have their own stories to tell in a variety of voices and without the distraction, sounds and people who inhabited them, those stories are clear and strong and the character of each location is laid bare. Architectural Digest: "Photographer Matt Emmett has made a name for himself by pushing the boundaries to capture epic imagery of Europe's most forgotten ruins." International Business Times: "Matt Emmett's 'Forgotten Heritage' photography project uncovers the brutal beauty of abandoned buildings and derelict industry." Some films are remembered long after they are released; others are soon forgotten, but do they deserve oblivion? Are factors other than quality involved? This book exhumes some of the films released in Britain over the last seventy years from Daybreak (1948) to 16 Years of Alcohol (2003), and considers the reasons for their neglect. As well as exploring the contributions of those involved in making the films, the book examines such issues as marketing and the response of critics and audiences. Films are grouped loosely into categories such as "B" films and television films. Some works were little seen when they were first released and have stayed that way; others were popular in their day, but have slipped into obscurity. In some cases, social change has overtaken them, making the attitudes or subjects they depict seem dated. Even being released as a DVD does not guarantee that a title will be rehabilitated. In addition, how significant is the American market? This book should appeal to lovers of British film, as well as to film studies students and everybody curious about the vagaries of success and failure in the arts. A grandmother's story of her experiences during World War II-era Australia help her granddaughter face her own modern-day problems Let me tell you a story. A story about friendship and sisters, about grief and love and danger, and about growing up . . . When Chloe visits her grandmother, she learns how close war came to destroying her family. Could Poppy's

experiences help Chloe face her own problems? In 1941, Poppy lives in Darwin, a peaceful paradise. But when Japan attacks Pearl Harbor and then Australia, everything Poppy holds dear is threatened. Terrified, she flees to Sydney—only to find that the danger follows her there. Poppy must face her war with courage and determination. Will her world ever be the same? In Terenure, a pleasant suburb of Dublin, in the winter of 2009, it has snowed. Gina Moynihan, girl about town, recalls the trail of lust and happenstance that brought her to fall for the love of her life. Shortlisted for the 2012 Orange Prize. "A teen girl discovers she is a book jumper--she can leap directly into books, meet the characters, and experience the world of the book"-- You're probably missing some of the most interesting books of the Bible. In the Jewish tradition, the five books known as "The Five Scrolls" perform a central liturgical function as the texts associated with each of the major holidays. The Song of Songs is read during Passover, Ruth during Shavuot, Lamentations on Tisha B'av, Ecclesiastes during Sukkot, and Esther during the celebration of Purim. Together with the five books of the Torah, these texts orient Jewish life and provide the language of the faith. In the Christian tradition, by contrast, these books have largely been forgotten. Many churchgoers can't even find them in their pew Bibles. They are rarely preached, come up only occasionally in the lectionary, and are not the subject of Bible studies. Thus, their influence on the lives and theology of many Christians is entirely negligible. But they deserve much more attention. With scholarly wisdom and a quick wit, Williamson insists that these books speak urgently to the pressing issues of the contemporary world. Addressing themes of human sexuality, grief, immigration, suffering and protest, ethnic nationalism, and existential dread, he skillfully guides readers as they rediscover the relevance of the Five Scrolls for today. This book is a collection of essays discussing the reign and influence of Tausret, the last pharaoh of the 19th dynasty (c. twelfth century BCE), and one of only a few women who ruled ancient Egypt as a king during its history. Jesus called only one message "gospel" the Kingdom of God. Mark said at the beginning of His public ministry, Jesus came into Galilee preaching the gospel of God, saying "The kingdom of God is at hand. Repent and believe in the gospel." When demons saw the new King, they trembled and cried out, "Have you come to destroy us?" After three years of preaching His kingdom, Jesus promised, "This gospel of the kingdom will be proclaimed in all the earth ..." In the book of Acts, "They believed Philip preaching the

gospel of the kingdom of God ..." Forgotten Gospel investigates: - How and when our modern gospel began to drift from that of Scripture. - Where the bible of Judaism specifically defined "the kingdom of God." - How the Gospel of the kingdom illuminates the atonement messages of the apostles.

A Jane Austen-inspired YA tale from Mechthild Gläser (The Book Jumper) about a sixteen-year-old girl who finds a magical book—and discovers that anything she writes inside it comes true Emma is used to things going her way. Her father is headmaster of her prestigious boarding school, her friends take her advice as gospel, and she's convinced that a relationship with her long-time crush is on the horizon. As it turns out, Emma hasn't seen anything yet. When she finds an old book in an abandoned library, things really start going Emma's way: anything she writes in the book comes true. But the power of the book is not without consequences, and Emma soon realizes that she isn't the only one who knows about it. Someone is determined to take it from her—and they'll stop at nothing to succeed. A new boy in school—the arrogant, aloof, and irritatingly handsome Darcy de Winter—becomes Emma's unlikely ally as secrets are revealed and danger creeps ever closer. Praise for The Forgotten Book: "This is a satisfying blend of gothic mystery, supernatural intrigue, and boarding-school drama, sure to thrill readers who believe that books hold the best magic." —Booklist "Mystery, magic, and danger jostle together in this romantic fantasy with its well-described gothic setting of monastic ruins and secret passages." —VOYA X-Men meets Spy Kids in this instant New York Times bestseller! Here's the first book in a new middle-grade fantasy/adventure series from the author of The Unwanteds. Fifteen years ago, eight supernatural criminals fled Estero City to make a new life in an isolated tropical hideout. Over time, seven of them disappeared without a trace, presumed captured or killed. And now, the remaining one has died. Left behind to fend for themselves are the criminals' five children, each with superpowers of their own: Birdie can communicate with animals. Brix has athletic abilities and can heal quickly. Tenner can swim like a fish and can see in the dark and hear from a distance. Seven's skin camouflages to match whatever is around him. Cabot hasn't shown signs of any unusual power—yet. Then one day Birdie finds a map among her father's things that leads to a secret stash. There is also a note: Go to Estero, find your mother, and give her the map. The five have lived their entire lives in isolation. What would it mean to follow the map to a strange world full of things they've only

heard about, like cell phones, cars, and electricity? A world where, thanks to their parents, being supernatural is a crime? Robert Tsai's history invites readers into the circle of defiant groups who refused to accept the Constitution's definition of who "We the People" are and how their authority should be exercised. It is the story of America as told by dissenters: squatters, Native Americans, abolitionists, socialists, internationalists, and racial nationalists. In *Forgotten Paths*, Davide Del Bello draws on the insights of Giambattista Vico and examines exemplary texts from classical, medieval, and Renaissance culture with the intent to trace the links between etymological and allegorical ways of knowing, writing, thinking, and arguing.

Emma Tupper is a dedicated lawyer with a bright future. But when she takes a month-long leave of absence to go on an African vacation, she ends up facing unexpected consequences. After she falls ill and spends six months trapped in a remote village thanks to a devastating earthquake, Emma returns home to discover that her friends, boyfriend, and colleagues thought she was dead and that her life has moved on without her. As she struggles to recreate her old life, throwing herself into solving a big case for a client and trying to reclaim her beloved apartment from the handsome photographer who's taken over her lease, everyone around her thinks she should take the opportunity to change. But is she willing to sacrifice the job, relationships and everything else she worked so hard to build? In *Forgotten*, Catherine McKenzie tweaks a classic tale of discovering who we really are when everything that brings meaning to our lives is lost.

From New York Times bestselling author Mariah Stewart comes a novel of sexy romantic suspense for fans of Nora Roberts, Catherine Coulter, and Karen Robards. **WHO SPEAKS FOR THE DEAD WHEN THEY SCREAM BLOODY MURDER?** Sheldon Woods kidnapped and killed an untold number of boys, then escaped the death penalty by making a plea bargain for multiple life sentences in exchange for revealing the whereabouts of some of his victims. More than a decade later, the full extent of his crimes is still unknown, and many of the dead have never been accounted for. But Lisa Walsh is certain her brother Christopher was one of them, and to honor her mother's dying wish, she's on a mission to learn the truth and recover the little boy's remains. FBI agent Portia Cahill, tasked with confronting the caged killer, is obliged to play his mind games to get what she's after, but she ends up with more than she bargained for when the remains of another boy's body are discovered. Determined to ID the mystery child, Portia

reluctantly teams with James Cannon, the attorney who once defended Woods. But chasing a killer's grisly legacy, and the bones of the forgotten dead, will lead them into the lethal orbit of a monster who's seeding the graves of the past with a fresh wave of innocent victims.

Daniel, an antiquarian book dealer's son who mourns the loss of his mother, finds solace in what he finds in the "cemetery of lost books," a mysterious book entitled The Shadow of the Wind, by one Juli á n Carax. But when he sets out to find the author's other works, he makes a shocking discovery: someone has been systematically destroying every copy of every book Carax has written. In fact, Daniel may have the last of Carax's books in existence. Soon Daniel's seemingly innocent quest opens a door into one of Barcelona's darkest secrets--an epic story of murder, madness, and doomed love. The blogger behind forgottenbookmarks.com shares the unexpected keepsakes he's discovered between the pages of the books sold in his family's used book store, including photos, ticket stubs, old recipes, notes, valentines and unmailed letters. 40,000 first printing. A spin-off series from the House of Night series. What happens when worlds clash and powers that should be left alone are awakened? Will Darkness extinguish Light and leave our heroes broken, hopeless, and forgotten? Before he was freed by Neferet, Kalona was imprisoned within the earth for centuries because of the*

Darkness in his heart. But what happened to the Other World's Kalona? It's as though he's been forgotten, or maybe he never existed at all... In the present, Other Neferet may have left her House of Night, but she has far from given up her goal of immortality and world domination. As she operates in secret to gain access to Old Magick, the new High Priestess, Anastasia Langford, works toward peace and acceptance for the vampyres of the Other World. But just as Other Kevin's broken heart will take time to heal, peace in that world will also take time and work – and not all of the Other World vampyres want peace. After all, why should they return to being shunned by humans, especially when they've had a taste of how it feels to be in power? Meanwhile, Zoey is desperate to help rid the Other World of Neferet once and for all, and not knowing what's going on over there is eating away at her. But, as the Nerd Herd warns, it's far too dangerous to call on Old Magick time and again. As a distraction, she throws herself into her work and attempts to bring the humans and vampyres of Tulsa closer together with the first human-vampyre swim meet in history! It's too bad that something always seems to go wrong whenever the stakes are high. What happens when worlds clash and powers that should be left alone are awakened? Can Other Kevin and his world heal from the wounds Neferet continues to inflict? Can Old Magick ever truly be harnessed and used for good? Or will Darkness extinguish Light and leave our heroes broken, hopeless, and as forgotten as Kalona of the Silver Wings? Don't miss this second to last volume in the House of Night Other World saga!

"How to alter unsatisfactory fireplaces & to build new ones in the 18th century fashion"--Cover. Challenging the assumptions of modern political and legal philosophy, this book presents a historical account of the development of thinking about justice and political obligations. It argues against the modern fixation with the state, and for a return to traditional conceptions of political community and the law. Detroiters know their history well. Founded in 1701 by Antoine de la Mothe Cadillac, the city subsisted on a variety of industries: fur trading, stove building, and, of course, the automobile. Names such as Henry Ford and Charles Lindbergh resonate in Detroiters' common memory. Detroit's meteoric rise during the 20th century established the city as an influential leader in commerce, culture, and religion. This growth spawned the development of numerous businesses, organizations, and institutions, many now forgotten. Albert Kahn left his indelible mark. Mary Chase Stratton created a new art form. And Henry

Ford II changed the course of his family legacy. Forgotten Detroit delves into the wellspring of history to retell some of these lesser-known stories within Detroit's rich heritage. The early Christian church had a variety of Scriptures and other source material that informed their faith and shaped their thinking. But after a few centuries the church decided to keep the twenty-seven books of our present New Testament and to treat them as canonical in faith and practice. But what of the other books? Many of them have survived and remain valuable for understanding the diversity of the early Christian church and the astounding claims of faith on which it was founded. Learning about these ancient documents need not threaten the church's current orthodoxy and authority; in fact, learning about these texts can help today's Christians form a deeper understanding of the early church. When Army Special Agent John Puller finds his aunt dead in Florida, he suspects it's no accident . . . and as local police dismiss the case, the cracks begin to show in a picture-perfect town. Army Special Agent John Puller is the best there is. A combat veteran, Puller is the man the U.S. Army relies on to investigate the toughest crimes facing the nation. Now he has a new case--but this time, the crime is personal: His aunt has been found dead in Paradise, Florida. A picture-perfect town on Florida's Gulf Coast, Paradise thrives on the wealthy tourists and retirees drawn to its gorgeous weather and beaches. The local police have ruled his aunt's death an unfortunate, tragic accident. But just before she died, she mailed a letter to Puller's father, telling him that beneath its beautiful veneer, Paradise is not all it seems to be. What Puller finds convinces him that his aunt's death was no accident...and that the palm trees and sandy beaches of Paradise may hide a conspiracy so shocking that some will go to unthinkable lengths to make sure the truth is never revealed.
