**The Immortal Life of Henrietta Lacks** Mar 11 2022 #1 NEW YORK TIMES BESTSELLER • “The story of modern medicine and bioethics—and, indeed, race relations—is refracted beautifully, and movingly.”—Entertainment Weekly NOW A MAJOR MOTION PICTURE FROM HBO® STARRING OPRAH WINFREY AND ROSE BYRNE • ONE OF THE “MOST INFLUENTIAL” (CNN), “DEFINING” (LITHUB), AND “BEST” (THE PHILADELPHIA INQUIRER) BOOKS OF THE DECADE • ONE OF ESSENCE’S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS • WINNER OF THE CHICAGO TRIBUNE HEARTLAND PRIZE FOR NONFICTION NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • Entertainment Weekly • O: The Oprah Magazine • NPR • Financial Times • New York • Independent (U.K.) • Times (U.K.) • Publishers Weekly • Library Journal • Kirkus Reviews • Booklist • Globe and Mail Her name was Henrietta Lacks, but scientists know her as HeLa. She was a poor Southern tobacco farmer who worked the same land as her slave ancestors, yet her cells—taken without her knowledge—became one of the most important tools in medicine: The first “immortal” human cells grown in culture, which are still alive today, though she has been dead for more than sixty years. HeLa cells were vital for developing the polio vaccine; uncovered secrets of cancer, viruses, and the atom bomb’s effects; helped lead to important advances like in vitro fertilization, cloning, and gene mapping; and have been bought and sold by the billions. Yet Henrietta Lacks remains virtually unknown, buried in an unmarked grave. Henrietta’s family did not learn of her “immortality” until more than twenty years after her death, when scientists investigating HeLa began using her husband and children in research without informed consent. And though the cells had launched a multimillion-dollar industry that sells human biological materials, her family never saw any of the profits. As Rebecca Skloot so brilliantly shows, the story of the Lacks family—past and present—is inextricably connected to the dark history of experimentation on African Americans, the birth of bioethics, and the legal battles over whether we control the stuff we are made of. Over the decade it took to uncover this story, Rebecca became enmeshed in the lives of the Lacks family—especially Henrietta’s daughter Deborah. Deborah was consumed with questions: Had scientists cloned her mother? Had they killed her to harvest her cells? And if her mother was so important to medicine, why couldn’t her children afford health insurance? Intimate in feeling, astonishing in scope, and impossible to put down, The Immortal Life of Henrietta Lacks captures the beauty and drama of scientific discovery, as well as its human consequences.

**Conservation Drones** Feb 10 2022 Increasing numbers of ecologists and conservation biologists have begun to explore the use of drone technology to obtain accurate and up-to-date data on the distribution and density of species, as well as the threats to their habitats, in their ongoing attempts to conserve and monitor biodiversity. Conservation drones are low-cost, autonomous, and operator-friendly unmanned aerial vehicles that can be used for surveying, mapping, and monitoring both habitat and biodiversity. They are fast becoming a valuable complement to ground-based surveys and satellite imagery for a wide range of ecological and conservation applications. The authors pioneered the use of conservation drones for the purpose of monitoring orangutan populations in Southeast Asia. They subsequently founded ConservationDrones.org to share their knowledge of building and using drones with colleagues in the wider environmental community. This website has proved highly popular and this book aims to further build capacity to use drones and inspire others to adapt emerging technologies for practical conservation.

**Go Set a Watchman** Apr 19 2020 #1 New York Times Bestseller “Go Set a Watchman is such an important book, perhaps the most important novel on race to come out of the white South in decades.” — New York Times A landmark novel by Harper Lee, set two decades after her beloved Pulitzer Prize–winning masterpiece, *To Kill a Mockingbird*. Twenty-six-year-old Jean Louise Finch—“Scout”—returns home to Maycomb, Alabama from New York City to visit her aging father, Atticus. Set against the backdrop of the civil rights tensions and political turmoil that were transforming the South, Jean Louise’s homecoming turns bittersweet when she learns disturbing truths about her close-knit family, the town, and the people dearest to her. Memories from her childhood flood back, and her values and assumptions are thrown into doubt. Featuring many of the iconic characters from *To Kill a Mockingbird*, *Go Set a Watchman* perfectly captures a young woman, and a world, in painful yet necessary transition out of the illusions of the past—a journey that can only be guided by one’s own conscience. Written in the mid-1950s, *Go Set a Watchman* imparts a fuller, richer understanding and appreciation of the late Harper Lee. Here is an unforgettable novel of wisdom, humanity, passion, humor, and effortless precision—a profoundly affecting work of art that is both wonderfully evocative of another era and relevant to our own times. It not only confirms the enduring brilliance of *To Kill a Mockingbird*, but also serves as its essential companion, adding depth, context, and new meaning to an American classic.

*GoPro Karma Drone: Learning the Basics* Oct 06 2021 The GoPro Karma Drone is the first foldable drone. The announcement was made in December of 2015, but the long-awaited GoPro is not yet up for purchase until October of this year. It is lightweight and easy to use when compared to other drones currently on the market. It is a professional-grade drone that can be used by anyone and comes with its own backpack. In addition, the GoPro Karma drone requires no assembly, simply remove from the backpack, unfold the propeller and you are ready to use. The parts can be easily replaced if damaged and the GoPro Karma is able to stand up to everyday wear- and- tear.

*The Keepers of the House* Apr 12 2022 A “beautifully written” Pulitzer Prize–winning novel about prejudice and a distinguished family’s secrets in the American South (*The Atlantic Monthly*). Seven generations of the Howland family have lived in the Alabama plantation home built by an ancestor who fought for Andrew Jackson in the War of 1812. Over the course of a century, the Howlands accumulated a fortune, fought for secession, and helped rebuild the South, establishing themselves as one of the most respected families in the state. But that history means little to Abigail Howland. The inheritor of the Howland manse, Abigail hides the long-buried secret of her grandfather’s thirty-year relationship with his African American mistress. Her fortunes reverse when her family’s mixed-race heritage comes to light and her community—locked in the prejudices of the 1960s—turns its back on her. Faced with such deep-seated racism, Abigail is pushed to defend her family at all costs. A “novel of real magnitude,” *The Keepers of the House* is an unforgettable story of family, tradition, and racial injustice set against the richly drawn backdrop of the American South (*Kirkus Reviews*). This ebook features an illustrated biography of Shirley Ann Grau, including rare photos and never-before-seen documents from the author’s personal collection.

**Travel and Home in Homer's Odyssey and Contemporary Literature** May 21 2020 *Travel and Home in Homer's Odyssey and Contemporary Literature* brings Homer's Odyssey together with contemporary literary texts ranging from Rebecca West's *The Return of the Soldier* to Marilynne Robinson's *Housekeeping* and Cormac McCarthy's *The Road* to produce new readings that reframe, reorient, and ultimately revise aspects of Homer's iconic story of travel and home. While some novels share with the Odyssey a celebration of the creative process of improvisation to rethink the relationship between home and travel, others draw upon nostalgia - our complicated longing for home - to unsettle the inevitability of return. Rather than offering an explicit retelling of Homer's poem, each of these novels prompts us to revisit the relationship between travel and home that Odysseus and Penelope embody to ask new questions of that well-read text. Does travel reinforce or destabilize our notion of home? Are mobility and domesticity irrevocably gendered, or can we imagine a world in which Penelope travels and Odysseus stays home? Just as Odysseus continually reinvents his own identity with each new encounter, both abroad and at home, so too we, as readers, participate in an improvisatory interpretive experiment of our own. This volume sets out a new model for reading ancient and contemporary texts together - one that challenges the conventional chronological assumptions inherent in many works of classical reception. No longer a stable text to which we as readers return time and again to find it the same, the Odyssey, together with the novels with which it engages, changes and adapts with each new literary encounter.

**Future Hero** Mar 23 2023 The start of a thrilling, highly illustrated series about a boy who finds a portal to a legendary world in his local barbershop . . . and learns he's the hero they've been waiting for. For younger fans of *Black Panther* and *Last Gate of the Emperor!* Jarell has never quite known where he belongs. He's ignored at home and teased at school for wanting to draw instead of playing sports with the other boys. The only place he's ever felt truly at ease is his local barbershop where the owner hangs Jarell's art up on the walls. When Jarell discovers a hidden portal in the barbershop, he's transported to a magical world that's unlike anything he's seen before. But it's not just the powerful gods and dangerous creatures that makes this world different--it's that everyone believes Jarell is the hero they've been waiting for.

*March: Book One* May 13 2022 Congressman John Lewis (GA-5) is an American icon, one of the key figures of the civil rights movement. His commitment to justice and nonviolence has taken him from an Alabama sharecropper's farm to the halls of Congress, from a segregated schoolroom to the 1963 March on Washington, and from receiving beatings from state troopers to receiving the Medal of Freedom from the first African-American president. Now, to share his remarkable story with new generations, Lewis presents *March*, a graphic novel trilogy, in collaboration with co-writer Andrew Aydin and New York Times best-selling artist Nate Powell (winner of the Eisner Award and LA Times Book Prize finalist for *Swallow Me Whole*). *March* is a vivid first-hand account of John Lewis' lifelong struggle for civil and human rights, meditating in the modern age on the distance traveled since the days of Jim Crow and segregation. Rooted in Lewis' personal story, it also reflects on the highs and lows of the broader civil rights movement. *Book One* spans John Lewis' youth in rural Alabama, his life-changing meeting with Martin Luther King, Jr., the birth of the Nashville Student Movement, and their battle to tear down segregation through nonviolent lunch counter sit-ins, building to a stunning climax on the steps of City Hall. Many years ago, John Lewis and other student activists drew inspiration from the 1958 comic book *Martin Luther King and the Montgomery Story*. Now, his own comics bring those days to life for a new audience, testifying to a movement whose echoes will be heard for generations.

**Multimedia Storytelling for Digital Communicators in a Multiplatform World** Nov 07 2021 *Multimedia Storytelling for Digital Communicators in a Multiplatform World* is a unique guide for all students who need to master visual communication through multiple media and platforms. Every communication field now requires students to be fluent in visual storytelling skill sets, and as the present-day media adapt to a multiplatform world (with ever-increasing delivery systems from desktops to cell phones), students specializing in different forms of communication are discovering the power of merging new multimedia technology with very old and deep-rooted storytelling concepts. Award-winning journalist and multimedia professor Seth Gitner provides students with the tools for successfully realizing this merger, from understanding conflict, characters, and plot development to conducting successful interviews, editing video in post-production, and even sourcing royalty-free music and sound effects. Incorporating how-to’s on everything from website and social media optimization to screenwriting, *Multimedia Storytelling* aims to be a resource for any student who needs to think and create visually, in fields across broadcast and digital journalism, film, photography, advertising, and public relations. The book also includes a range of supplemental material, including wide-ranging skills exercises for each chapter, interviews with seasoned professionals, key terms, and review questions.
