Through a series of compelling stories, *The Next Government of the United States* reveals the increasing complexity of the policy challenges that face the nation and exposes the reality that America's 20th-century government is a poor match for its 21st-century problems. *American Government 3e* by OpenStax (Print Version, paperback version, B&W) This is the grayscale (black and white) paperback edition, with a donation made to OpenStax from every new copy sold. Its list price is lower from the use of the latest in printing technology. *American Government 3e* aligns with the topics and objectives of many government courses. Faculty involved in the project have endeavored to make government workings, issues, debates, and impacts meaningful and memorable to students while maintaining the conceptual coverage and rigor inherent in the subject. With this objective in mind, the content of this textbook has been developed and arranged to provide a logical

progression from the fundamental principles of institutional design at the founding, to avenues of political participation, to thorough coverage of the political structures that constitute American government. The book builds upon what students have already learned and emphasizes connections between topics as well as between theory and applications. The goal of each section is to enable students not just to recognize concepts, but to work with them in ways that will be useful in later courses, future careers, and as engaged citizens. Formats available of this material: (THIS ONE) B&W PAPERBACK BOOK REDUCED PRICE Edition ISBN-13 9781640323469 Other formats of the same material: Hardcover Book ISBN-13 9781711493961 B&W Paperback Book ISBN-13 9781711493954 Digital Version ISBN-13 9781951693381 Students have access for free at OpenStax dot org of this material, though if the student prefers a paper edition, this edition is made at a low cost with a donation made to OpenStax from every new copy sold. "American Politics and Government Today teaches students exactly what they need to know to succeed in the course and become informed citizens. The part structure and chapter organization clearly maps to the five AP® U.S. Government and Politics units, for close alignment with the course framework. In each chapter, integrated policy coverage allows students to see how social, economic, or foreign policy relates to real-life situations, while AP®-style multiple-choice questions and the full range of free response questions offer students practice opportunities at the end of each chapter"-- Donald Pisani's history of perhaps the boldest economic and social program ever undertaken in the United States, shows in fascinating detail how ambitious government programs fall prey to the power of local interest groups and the federal system of governance itself. American Government 2e is designed to meet the scope and sequence requirements of the single-semester American Government course. This title includes innovative features designed to enhance student learning, including Insider Perspective features and a Get Connected module that shows students how they can get engaged in the political process. The book provides an important opportunity for students to learn the core concepts of American Government and understand how those concepts apply to their lives and the world around them. AMERICAN GOVERNMENT AND POLITICS

TODAY: BRIEF EDITION, 2016-2017, shows you how easily and effectively you can participate in the political process. New features, up-to-date political news and analysis, and a great price make this text a top seller. Praised for its succinct format, balanced coverage, clarity, and readability, this book examines all the key concepts of American government, while providing interesting student-oriented features that further convey what active citizenship means. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. This popular brief edition text for the one-semester or one-quarter American Government course maintains the framework of Wilson's comprehensive text, emphasizing the historical development of the American political system, who governs, and to what ends. AMERICAN GOVERNMENT, BRIEF VERSION, TENTH EDITION offers new coverage of such key and emerging issues as the 2010 campaigns and elections; leadership of President Obama and the 111th Congress; the economic downturn and new policies to combat the crisis; healthcare reform; recent changes to the Supreme Court; same-sex marriage; and the war in Afghanistan. The text also emphasizes critical thinking skills throughout and includes many tools to help students maximize their study efforts ... and results. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. How the conflict between federal and state power has shaped American history American governance is burdened by a paradox. On the one hand, Americans don't want "big government" meddling in their lives; on the other hand, they have repeatedly enlisted governmental help to impose their views regarding marriage, abortion, religion, and schooling on their neighbors. These contradictory stances on the role of public power have paralyzed policymaking and generated rancorous disputes about government's legitimate scope. How did we reach this political impasse? Historian Gary Gerstle, looking at two hundred years of U.S. history, argues that the roots of the current crisis lie in two contrasting theories of power that the Framers inscribed in the Constitution. One theory shaped the federal government, setting limits on its power in order to protect personal liberty. Another theory molded the states, authorizing them to go to extraordinary lengths, even to the point of violating individual rights, to

advance the "good and welfare of the commonwealth." The Framers believed these theories could coexist comfortably, but conflict between the two has largely defined American history. Gerstle shows how national political leaders improvised brilliantly to stretch the power of the federal government beyond where it was meant to go—but at the cost of giving private interests and state governments too much sway over public policy. The states could be innovative, too. More impressive was their staying power. Only in the 1960s did the federal government, impelled by the Cold War and civil rights movement, definitively assert its primacy. But as the power of the central state expanded, its constitutional authority did not keep pace. Conservatives rebelled, making the battle over government's proper dominion the defining issue of our time. From the Revolution to the Tea Party, and the Bill of Rights to the national security state, *Liberty and Coercion* is a revelatory account of the making and unmaking of government in America. All you need to know about elections, politics, and government! Too often, textbooks turn the noteworthy details of government into tedious discourse that would put even the president to sleep. *American Government 101* cuts out the boring explanations, and instead provides a hands-on lesson that keeps you engaged as you learn. From the backstory of the Constitution to the institution of the Electoral College, this primer is packed with hundreds of entertaining tidbits and concepts to help you learn about how the government of the United States actually works. So whether you want to learn about how policies and laws are created, or just want to become a better-informed voter, *American Government 101* has all the answers—even the ones you didn't know you were looking for. Newly revised, *The Basics of American Government* offers a comprehensive overview of the American political system for students taking introductory courses in American national government and combines the best aspects of both a traditional textbook and a reader. *The Basics of American Government* is a collaborative effort among six current and three former faculty members in the Department of Political Science & International Affairs and the Department of Criminal Justice, and a student contributor, at the University of North Georgia. Most of its chapters offer a piece of original scholarship as a case study bolstering the material in the chapter. Additionally, most

chapters present a civic engagement-type exercise and discussion questions that are challenging and engaging, and help foster student participation in the political system. The purpose of this book is to offer a no-frills, low-cost, yet comprehensive overview of the American political system for students taking introductory courses in American national government. The authors undertook this project for several reasons, most notably the high costs of textbooks for students and the lack of college-level scholarship found in most American Government texts. This 470-page, peer-reviewed, edited book that combines traditional material with original scholarship will cost students \$27.99, well below market standards. All of the authors are experienced classroom instructors, subject matter experts, and published researchers in the field of American politics. Classics in American Government is a readable, relatively brief, collection of readings in American government which emphasis classics rather than current research. It is intended to serve as a supplement in the introductory American government course taught in both two-and four-year schools. The Revelation of American Government and Texas Politics The Committee on House Administration is pleased to present this revised book on our United States Government. This publication continues to be a popular introductory guide for American citizens and those of other countries who seek a greater understanding of our heritage of democracy. The question-and-answer format covers a broad range of topics dealing with the legislative, executive, and judicial branches of our Government as well as the electoral process and the role of political parties.--Foreword. American Government 3e aligns with the topics and objectives of many government courses. Faculty involved in the project have endeavored to make government workings, issues, debates, and impacts meaningful and memorable to students while maintaining the conceptual coverage and rigor inherent in the subject. With this objective in mind, the content of this textbook has been developed and arranged to provide a logical progression from the fundamental principles of institutional design at the founding, to avenues of political participation, to thorough coverage of the political structures that constitute American government. The book builds upon what students have already learned and emphasizes connections between topics as well as between theory and applications.

The goal of each section is to enable students not just to recognize concepts, but to work with them in ways that will be useful in later courses, future careers, and as engaged citizens. With Barron's, learning about government studies becomes fun. Painless American Government covers the U.S. Constitution, branches of government, civil liberties and civil rights, and more. Short quizzes are included throughout the book so students can test their learning progress. Geared toward middle school- and high school-level learners, Painless American Government takes a lighthearted, humorous approach to learning about government and politics, and is ideal for students who find it confusing or who just need a little extra help. Ideal for students learning the basics of government, the author starts with a general description of government and a comparison of democracy as practiced by the founding fathers and how it operates in today's America. Students will also learn about elections and political parties, how public policy is created and shaped, and how they can become more involved in the process of self-government. If the confusion following the last presidential election is any indication, the average citizen knows precious little about the democratic system and the laws that affect their daily lives. The Everything American Government Book unravels the complexities of our democracy and provides readers with the knowledge necessary to make the right decisions and take an active role in the management of their country. From the roots of American government and the challenges that have helped shape it over the years to its current structure and systems, this thoroughly researched work is ideal for anyone brushing up on civics, as well as students of all ages. Readers learn about: The personalities and events that gave rise to our current system The real significance of the Bill of Rights and the Constitution The functions of each branch of government and how they work together Private sector's influence on public policy and decision-making Ways to get involved and make a difference Specially designed to inform and empower the average citizen during this critical election year, The Everything American Government Book provides the keys to understanding the ins and outs of the most powerful democracy in the world. Based on the full edition of American Government: Power and Purpose, this brief text combines concise and up-to-date coverage of the central topics in American government with

compelling critical analysis. Offering an array of learning tools, the 2008 Election Update Edition uses a refined pedagogical apparatus to help students approach politics and government analytically. **KEY FEATURES**

- o More flexibility to assign supplementary readings. The Brief Tenth edition is the perfect choice for instructors who want the flexibility to assign readings that go beyond the textbook. Access to the Norton American Politics Online Reader is free with each new copy, offering an affordable way to provide students with a range of readings to complement the textbook. Special package prices are also available with Norton's other readers in American government, *The Enduring Debate* and *Faultlines*.
- o More, and more thoughtful, pedagogy than other brief texts. Several helpful features appear in each chapter to help students learn and review. New "Analyzing the Evidence" units use bold graphics to show students "how we know what we know" about certain political phenomena. "Core of the Analysis" boxes on the first page of every chapter preview the chapter's analysis. "In Brief" boxes are unique to the brief edition and at least one appears in each chapter. The boxes summarize fundamental material in the chapter and have proven invaluable in preparing for exams, according to reviewers. "Key Terms" are boldface in the text and defined in the margin. Numerous figures and tables appear in every chapter. New single-column design is easier to read. Online reader icons next to citations indicate works that are represented in the Norton American Politics Online Reader.

This new Liberty Fund edition of James McClellan's classic work on the quest for liberty, order, and justice in England and America includes the author's revisions to the original edition published in 1989 by the Center for Judicial Studies. Unlike most textbooks in American Government, Liberty, Order, and Justice seeks to familiarize the student with the basic principles of the Constitution, and to explain their origin, meaning, and purpose. Particular emphasis is placed on federalism and the separation of powers. These features of the book, together with its extensive and unique historical illustrations, make this new edition of Liberty, Order, and Justice especially suitable for introductory classes in American Government and for high school students in advanced placement

courses. This new offering from AP® teacher Karen Waples and college professor Scott Abernathy is tailor-made to help teachers and students transition to the redesigned AP® U. S. Government and Politics course. Carefully aligned to the course framework, this brief book is loaded with instructional tools to help you and your students meet the demands of the new course, such as integrated skills instruction, coverage of required cases and documents, public policy threaded throughout the book, and AP® practice after every chapter and unit, all in a simple organization that will ease your course planning and save you time. We've got you covered! With a program specifically tailored for the new AP® framework and exam. With a brief student edition that students will read and enjoy. With pedagogy and features that prepare students for the AP® exam like no other book on the market. With a teacher edition and resources that save you time in transitioning to the new course. With professional development to help you transition your instruction. This popular brief text for the American Government course emphasizes the historical development of the American political system, who governs, and to what ends. The twelfth edition of **AMERICAN GOVERNMENT: INSTITUTIONS AND POLICIES, BRIEF VERSION**, offers coverage of the 2014 campaigns and elections; budget battles and the sequestration of funds; ongoing debates about immigration, gay marriage, and other key issues in American politics; and foreign-policy decisions on Afghanistan, the Middle East, and North Korea. The text also emphasizes critical-thinking skills and includes many tools to help students maximize their study efforts and results, such as Learning Objectives in every chapter. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. To understand contemporary American politics and government students need to see how political ideas, institutions and forces have developed over time. The fourth edition of *American Government* dwells on the seminal role played by political memory and path dependency in shaping contemporary institutions, political forces and public opinion as well as the critical choices that have caused them to shift course. It provides a comprehensive depiction of current demographic, political, attitudinal and governmental facts, trends and conditions. Each chapter begins with a detailed contemporary portrait of

its subject. This vibrant, illustrated guide to the ins and outs of United States politics provides a clearer understanding of the current events and regular processes that shape this nation and the world. Decipher the American political system with this clear, easy-to-understand guide to the basics of the United States political system, from the founding of the thirteen colonies, to the foundations of the constitution, to how elections work. You'll also find information about the history and context of current issues, like how Supreme Court justices are appointed; the electoral college and the popular vote; and how to get involved in the political process. Perfect for anyone looking for information on basic political processes, *The Infographic Guide to American Government* includes graphics that help simplify a range of topics from the Revolutionary War to all about a free press. All you need to know about elections, politics, and government! Too often, textbooks turn the noteworthy details of government into tedious discourse that would put even the president to sleep. *American Government 101* cuts out the boring explanations, and instead provides a hands-on lesson that keeps you engaged as you learn. From the backstory of the Constitution to the institution of the Electoral College, this primer is packed with hundreds of entertaining tidbits and concepts to help you learn about how the government of the United States actually works. So whether you want to learn about how policies and laws are created, or just want to become a better-informed voter, *American Government 101* has all the answers--even the ones you didn't know you were looking for. Written for all students of politics coming to the subject for the first time, this textbook provides a lively and accessible introduction and guide to all the main features and characteristics of one of the most distinctive and complex political systems in the world. Four distinguished scholars in political science analyze American democracy from a comparative point of view, exploring how the U.S. political system differs from that of thirty other democracies and what those differences ultimately mean for democratic performance. This essential text approaches the following institutions from a political engineering point of view: constitutions, electoral systems, and political parties, as well as legislative, executive, and judicial power. The text looks at democracies from around the world over a two-decade time frame. The result is not only a fresh view of the

much-discussed theme of American exceptionalism but also an innovative approach to comparative politics that treats the United States as but one case among many. An ideal textbook for both American and comparative politics courses.
