In famed author-illustrator P.J. Lynch's gorgeous tale, he creates two worlds—underwater and above—to tell an epic and haunting love story. Jacob and his father are the only people who fish Lake Spetzia, which was formed when the river was dammed and their town was flooded. The villagers say the lake is haunted, but Jacob and his father don't want to leave, because Jacob's mother is buried in the cemetery below the water. As Jacob grows up, a village girl named Ellen falls in love with him, and he with her. But before they are married, Jacob disappears—lured underwater by the ghosts who inhabit the sunken village. Years go by, with Jacob held captive by the watery spirits and Ellen never giving up hope that she will find him, until a fateful night when Jacob sees the light of Ellen's boat floating above. Can he break free and reach the surface? Masterful illustrations alive with achingly expressive characters and eerie underwater light bring readers into acclaimed creator P.J. Lynch's rich world of love, loss, and hope. Bugs, bad cell reception, and the dark waters of the lake... no thanks. On top of that, she just failed her swim test and hates being in the water—it's terrifying. But her grandparents are strong believers in their family knowing how to swim, especially having grown up during a time of segregation at public pools. And soon strange things start happening—the sound of footsteps overhead late at night. A flickering light in the attic window. And Celeste's cousins start accusing her of pranking them when she's been nowhere near them! Things at the old house only get spookier until one evening when Celeste looks in the steamy mirror after a shower and sees her face, but twisted, different... Who is the girl in the mirror? And what does she want? Past and

present mingle in this spine-tingling ghost story by award-winning author India Hill Brown. "In the summer of 1993, Thomas Harding traveled to Germany with his grandmother to visit a small house by a lake on the outskirts of Berlin. It had been a holiday home for her and her family, but in the 1930s, she had been forced to flee to England as the Nazis swept to power. Nearly twenty years later, the house was government property and soon to be demolished. It was Harding's legacy, one that had been loved, abandoned, fought over -- a house his grandmother had desired until her death. Could it be saved? And should it? As Harding began to make inquiries, he unearthed secrets that had lain hidden for decades about the lives of the five families who had lived there: a wealthy landowner, a prosperous Jewish family, a renowned composer, a widow and her children, and a Stasi informant. All had made the house their home, and all -- bar one -- had been forced out. The house had been the site of domestic bliss and of contentment, but also of terrible grief and tragedy. It had weathered storms, fires and abandonment; witnessed murders, had withstood the trauma of a world war, and the dividing of a nation. As the story of the house began to take shape, Harding realized that there was a chance to save it, but in doing so, he would have to resolve his own family's feelings towards their former homeland -- and a hatred handed down through the generations. -- For readers of Edmund de Waal, Daniel Mendelsohn, and David Laski" -- Provided by publisher

Withdrawing from a family party to the solitude of her tree house, 16-year-old Laurel Nicolson witnesses a shocking murder that throughout a subsequent half century shapes her beliefs, her acting career and the lives of three strangers from vastly different cultures. By the best-selling author of *The Distant Hours*. Reprint. 200,000 first printing. "Moving to Lake House brought back to me my childhood dream of living on a farm. Although Sting and I are both from urban working-class backgrounds, it is with some sense of returning to our roots that we have come to Lake and are trying to live off the land . . . [as] my father and Sting's father were both keen vegetable growers." Since it was built in the English countryside in the sixteenth century, spectacular Lake House had been lived in by only five families before Sting, Trudie Styler, and their children settled in. It was this sense of history that encouraged Trudie and her family to move there--that and the opportunity to grow their own food, given an active interest in the ecology of the land and concern for their family's health. Beginning by cultivating leafy greens and potatoes, along with basic fruits like apples and pears, she and her husband have lovingly transformed the property into a working organic farm, with more than sixty acres of fruits and vegetables, four types of livestock, and honey- and cheese-making facilities. The *Lake House Cookbook*, written with family chef Joseph Sponzo, offers a mouthwatering array of dishes based on the farm's yield. Arranged seasonally, the more than 150 recipes include soups and starters, salads and vegetable dishes, main courses, desserts and baked goods, and drinks and preserves for every occasion and for the whole family. Dishes range from Roast Chicken with Corn and Broad Beans to Rolled Lamb with Chile Sauce and Mole, Swiss Chard and Pearl Barley Soup to Sea Bass with Mushrooms and Carrots, and Rustic Open Peach Pie to Herb-Brushed Polenta Bread. And while the emphasis is on organic, the ingredients themselves are

very accessible and can easily be found in some variety at local stores. Lavishly illustrated with more than 300 photographs and wonderfully spirited, *The Lake House Cookbook* is a celebration of good food and good living. Nestled in the English countryside, Lake House is both a stunningly beautiful English manor house and a working organic farm that is home to Sting, Trudie Styler, and their family. Illustrated with more than 300 photographs, *The Lake House Cookbook* celebrates a year in the life of this incredible property, offering more than 150 recipes based on the farm's yield.

The six children have escaped horrifying government experiments, a childhood in captivity, and a frightening brush with death. Living out in the world for the first time, they yearn to be reunited with Kit and Frannie, the couple who saved their lives. And Max, the leader of the flock, is seized by an overpowering fear that the kids are about to face a danger greater than any they've ever known. Everyone who was invited to the house knows Walter-well, they know him a little, anyway. Some met him in childhood; some met him months ago. And Walter's always been a little...off. But after the hardest year of their lives, nobody was going to turn down Walter's invitation to an astonishingly beautiful house in the woods, overlooking an enormous sylvan lake. It's beautiful, it's opulent, it's private-so a week of putting up with Walter's weird little schemes and nicknames in exchange for the vacation of a lifetime? Why not? With *Something Is Killing The Children* and *The Department of Truth*, James Tynion IV has changed the face of horror in modern comics - now get ready for his most ambitious story yet, alongside his Detective Comics partner Álvaro Martínez Bueno! "Exiles in Indian Country" weaves together the biographies of three men who cast their fortunes with the Western fur trade in the first quarter of the nineteenth century. John Tanner was a 'white Indian' who was taken captive and raised by Ottawa, and lived among the Ottawa and Ojibwa for thirty years, hunting across the northern forests and plains of present-day Ontario, Manitoba, and northern Minnesota. Dr. John McLoughlin fled the law in Quebec at the age of eighteen to work for the Hudson's Bay Company in the Lake Superior region during its two decades of war with the North West Company. Major Stephen H. Long explored the northern borderlands in a time when the United States aimed to take over British-Indian trade in its new western territories. The three men met at the HBC's Rainy Lake House near the Boundary Waters in 1823 after Tanner was badly

wounded while trying to take his daughters out of Indian country, to save them from being raped by the white traders. Foregrounding this incident, Theodore Catton examines the events leading up to this fateful encounter through a Rashomon-like tale about the British-American-Indian frontier. Through these three colliding vantage points, the book describes the world of the fur trade: American, British, and Indian; imperial, capital, and labor; explorer, trader, and hunter. In its competing viewpoints, *Exiles in Indian Country* deftly crafts one grand narrative out of three and reveals the perilous lives of the white adventurers and their Indian families who lived on the fringe--truly the hands of empire"--Provided by publisher. A rich and engrossing story of love, passion, secrets, and lies set in the gaiety, glamour, and grand country houses of post-war Edwardian England. Dizzy with grief after a shattering breakup, Kristen did what any sensible thirty-nine-year-old woman would do: she fled, abandoning her well-ordered life in metropolitan Boston and impulsively relocating to a college town in North Carolina to start anew with a freshly divorced southerner. Dismissing the neon signs that flashed Rebound Relationship, Kristen was charmed by the host of contrasts with her new beau. He loved hunting and country music, she loved yoga and NPR; he worried about nothing, she worried about everything. The luster of her new romance and small-town lifestyle soon—and predictably—faded, but by then a pregnancy test stick had lit up. As Kristen's belly grew, so did her concern about the bond with her partner—and so did a fierce love for her unborn child. Ready or not, she was about to become a mother. And then, tragedy struck. Poignant and insightful, From the Lake House explores the echoes of rash decisions and ill-fated relationships, the barren and disorienting days an aching mother faces without her baby, and the mysterious healing that can take root while rebuilding a life gutted from loss. This richly illustrated book takes the reader deep into lake country to reveal the essence of lake house and summer cottage style. Spectacular photographs and insightful essays capture the best of 100 revered homes. Have you ever found yourself asking, "Is this all there is to life?" Or wondering if this bigger life you have created is actually a better life? And do you wonder how it all got so out of control? In her groundbreaking bestseller The Not So Big House, architect Sarah Susanka showed us a new way to inhabit our houses by creating homes that were better—not bigger. Now, in The Not So Big Life, Susanka takes her revolutionary philosophy to another dimension by showing us a new way to inhabit our lives. Most of us have lives that are as cluttered with unwanted obligations as our attics are cluttered with things. The bigger-is-better idea that triggered the explosion of McMansions has spilled over to give us McLives. For many of us, our ability to find the time to do what we want to do has come to a grinding halt. Now we barely have time to take a breath before making the next call on our cell phone, while at the same time messaging someone else on our Blackberry. Our schedules are chaotic and overcommitted, leaving us so stressed that we are numb, yet we wonder why we cannot fall asleep at night. In The Not So Big Life, Susanka shows us that it is possible to take our finger off the fast-forward button, and to our surprise we find how effortless and rewarding this change can be. We do not have to lead a monastic life or give up the things we love. In fact, the real joy of leading a not so big life is discovering that the life we love has been there the entire time. Through simple exercises and inspiring stories, Susanka shows us that all we need to do is make small shifts in our day—subtle movements that open our minds as if we were finally opening the windows to let in fresh air. The Not So Big Life reveals that form and function serve not only architectural aims but life goals as well. Just as we can tear down interior

walls to reveal space, we can tear down our fears and assumptions to open up new possibilities. The result is that we quickly discover we have all the space and time we need for the things in our lives that really matter. But perhaps the greatest reward is the discovery that small changes can yield enormous results. In her elegant, clear style, Susanka convinces us that less truly is more—much more. When Ryland's mother remembers that she has a seminar to go to in Seattle, and doesn't trust the eighteen-year-old teenager to stay alone in the house, she takes him to their lake house where his dad's vacationing without giving the boy's father a notice. What will happen in the next three days while Ryland is closed-in with his dad and uncle in the family lake house, will change the teenager's life forever... A lush, atmospheric tale of intertwined destinies from a masterful storyteller, *The Lake House* is an enthralling, thoroughly satisfying read. History comes home in a deeply moving, exquisitely illustrated tale of a small house, taken by the Nazis, that harbors a succession of families--and becomes a quiet witness to a tumultuous century. The days went around like a wheel. The sun rose, warming the walls of the house. On the outskirts of Berlin, Germany, a wooden cottage stands on the shore of a lake. Over the course of a hundred years, this little house played host to a kind Jewish doctor and his family, a successful Nazi composer, wartime refugees, and a secret-police informant. During that time, as a world war came and went and the Berlin Wall arose just a stone's throw from the back door, the house filled up with myriad everyday moments. And when that time was over, and the dwelling was empty and derelict, the great-grandson of the man who built the house felt compelled to bring it back to life and listen to the story it had to tell. Illuminated by Britta Teckentrup's magnificent illustrations, Thomas Harding's narration reads like a haunting fairy tale--a lyrical picture-book rendering of the story he first shared in an acclaimed personal history for adult readers. Everything you know gets turned upside down in this issue. . . ending on a cliffhanger that will have to hold you until the House reopens in March 2022! People’s Book of the Week “Perfect for fans of Curtis Sittenfeld’s *Prep*.” —Booklist “Top 6 Books You Need to Read —BuzzFeed” “Best Books to Give Every Book Lover on Your List —Town & Country In this witty, hilarious, and entertaining novel that’s “The Devil Wears Prada meets *Primates of Park Avenue*” (The New York Times), a young woman is unexpectedly thrust into the cutthroat world of New York City private school admissions, from award-winning author Amy Poeppel. Despite her innate ambition and summa cum laude smarts, Kate Pearson has turned into a major slacker. After being unceremoniously dumped by her handsome “almost fiancé,” she abandons her plans and instead spends her days lolling on the couch, watching reruns of *Sex and the City*. Her friends don’t know what to do other than pass tissues and hope for a comeback, while her practical sister, Angela, pushes every remedy she can think of, from trapeze class to therapy to job interviews. Miraculously, Kate manages to land a job in the admissions department at the revered Hudson Day School. In her new position Kate learns there’s no time for self-pity or nonsense during the thick of the admissions season, or what her colleagues refer to as “the dark time.” As the process revs up, Kate meets smart kids who are unlikable, likeable kids who aren’t very smart, and Park Avenue parents who refuse to take no for an answer. Through a comical and crazy run of wildly unpredictable interviews, subtle bribes, outright threats, final judgments, and page-turning twists, the highly competitive and occasionally absurd world of private school admissions is brought to light in all of its outrageous glory that is reminiscent of Curtis Sittenfeld’s *Prep*.
