From the New York Times bestselling author/illustrator of *Max the Brave* comes an inspiring and adorable picture book about a pair of unlikely friends who face down a pack of bullies. In this timely and charming story about the importance of being true to yourself, mindfulness, and standing by your friends, we meet Leonard, a lion, and his best friend Marianne, a . . . duck. Leonard and Marianne have a happy life together—talking, playing, writing poems, and making wishes, But one day, a pack of bullies questions whether it's right for a lion and a duck to be pals. Leonard soon learns there are many ways to be a lion, and many ways to be a friend, and that sometimes finding just the right words can change the world . . . This sweet, funny, thoughtful, and much-needed story will open up readers' eyes to the importance of being who they are and not backing down to hurtful criticism. It's an empowering tale about connecting with others and choosing kindness over bullying, and shows children how angry and provocative words can be overcome by empathy and inner courage. Years ago, somewhere on the Internet, I posted a few dumb drawings making fun of my own anxiety and depression. The response to them was warmer than anticipated, and people kept asking for more. Blending humor with pure depression seemed to strike a chord with a decent amount of people. So I kept going, and after about three years of drawing, I had enough dumb drawings for a book. Mental health is a serious thing, and it gets heavier when humans don't talk about it outwardly. I bottled up feelings for many years. Feelings I considered "dark", "weak", "downhearted", "embarrassing", "shameful" or any number of self-deprecating words. But after saying (or drawing) them out loud to people, all that weight went away and I realized it was normal to feel these feelings. Humor has always been a primary mode of therapy for me. I still

make fun of my own anxiety and "depresh" as catharsis. I sing about it on tour, talk about it on my podcast, and draw pictures of it here in this book. Putting my formerly-private-feelings out into the world has been tremendous therapy for me, and I wish I would've done it sooner. Over the span of many years, I've been illustrating the "hacks", "strategies", or "exercises" that have worked best for me in combating the struggles in my head. More than anything I want this book to be useful for people. I'm not a doctor, just a person who spends too much time in my head. The objective of *It's Hard to Be a Person* is not to give unsolicited advice, but to hopefully save you some headaches on the long n' winding road of life in your brain. Do Less, Live More, Get Accepted What if getting into your reach schools didn't require four years of excessive A.P. classes, overwhelming activity schedules, and constant stress? In *How to Be a High School Superstar*, Cal Newport explores the world of relaxed superstars—students who scored spots at the nation's top colleges by leading uncluttered, low stress, and authentic lives. Drawing from extensive interviews and cutting-edge science, Newport explains the surprising truths behind these superstars' mixture of happiness and admissions success, including:

- Why doing less is the foundation for becoming more impressive.
- Why demonstrating passion is meaningless, but being interesting is crucial.
- Why accomplishments that are hard to explain are better than accomplishments that are hard to do.

These insights are accompanied by step-by-step instructions to help any student adopt the relaxed superstar lifestyle—proving that getting into college doesn't have to be a chore to survive, but instead can be the reward for living a genuinely interesting life. A seven-part Bible study to reflect on how Christians can partner with the global church for justice. These studies are an exploration of what the Bible says about some key issues in global mission. They aim to help you explore a model of mission partnership that is respectful, mutual and life giving. Everything young explorers needs to know to travel in space, covering what life in zero gravity is like, how to find your way around the solar system, and the all-important question of how to pee in a spacesuit! For the kid who leaves a wet towel wadded up on the floor or forgets to put a new roll on the toilet-paper thingy, witty parenting writer and etiquette columnist Catherine Newman has created the ultimate guidebook of essential life skills for kids. Jam-packed with tips, tricks, and advice — all illustrated in an irresistible graphic novel-style — *How to Be a Person* shows kids just how easy it is to free themselves from parental nagging and become more dependable — and they'll like themselves better, too! They'll learn how to do chores like loading the dishwasher and making a bed, brush up on communication skills like making a phone call and apologizing, and master 61 other super-helpful skills including how to stick up for somebody, fold a T-shirt, and turn a 33-cent package of ramen into dinner. Improve work-life balance for the whole family with this kids' guide to growing up. **THIS BOOK IS NOT JUST FOR SALESPEOPLE** Look at what others have to say: *As I have read and reread and read again "How to Be a Superstar Salesperson," the information I learned translates into strategies I can immediately infuse into my routine. In other words, this is not some book with abstract language and feel good ideas to motivate people to sale. Rather, this is a meat and potatoes publication that anyone can read and immediately start putting more food on the table. This is real strategy that translates, once applied into real money. *This book is concise, informative and easy to read. It's not only helpful for Sales but for other occupations. The section on "The Art of Listening" has good tips for my job as a Customer Service Professional. Those sane tips can help in everyday life too! *If readers follow the simple fundamentals provided, sales will follow. *I really thought that a book on sales would have nothing to do with my vocation as a chaplain. As a chaplain working within a mental health practice to integrate spiritual care into our services, I discovered that the SPIN and FAB examples and examples of handling objections gave me a new perspective on engaging with other team members. These important business skills also helps me to connect, communicate and sell my ideas to management. Arkady and Boris Strugatsky are widely known as the greatest Russian writers of science fiction, and their 1964 novel *Hard to Be a God* is considered one of the greatest of their works. It tells the story of Don Rumata, who is sent from Earth to the medieval kingdom of Arkanar with instructions to observe and to influence, but never to directly interfere. Masquerading as

an arrogant nobleman, a dueler and a brawler, Don Rumata is never defeated but can never kill. With his doubt and compassion, and his deep love for a local girl named Kira, Rumata wants to save the kingdom from the machinations of Don Reba, the First Minister to the king. But given his orders, what role can he play? Hard to Be a God has inspired a computer role-playing game and two movies, including Aleksei German's long-awaited swan song. Yet until now the only English version (out of print for over thirty years) was based on a German translation, and was full of errors, infelicities, and misunderstandings. This new edition—translated by Olena Bormashenko, whose translation of the authors' Roadside Picnic has received widespread acclaim, and supplemented with a new foreword by Hari Kunzru and an afterword by Boris Strugatsky, both of which supply much-needed context—reintroduces one of the most profound Soviet-era novels to an eager audience. This guide is designed for men who feel that some changes could improve their lives. Men who feel lost, for some reason, and need a little push into a right direction. Men who want to be manlier. If you ended up reading this, you are probably one of them. The set of advices introduced here will help you to achieve higher standards of your life, start looking wider around yourself, seeing things you have never thought about before or thought were not so important. This is not, however, a set of commandments which you have to obey no matter what. Every person is different, has different needs and expectations. Bringing some of the advices into life should be consulted with a competent person (such as dietician or psychologist). It is a collection of general outlines elaborated and based on personal experience as well as conversations about life with friends and strangers. The guide should be confronted with common sense so that neither you nor people close to you get hurt. Related advices: - Correct life attitude, - Work, - Right habits, - Self Improvement, - Relationships, - Health, - Woman Ok, enough with the talking. Let's get started and change your life for better today! DigiCat Publishing presents to you this special edition of "How to Be a Detective" by James Brady. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature. A Catholic children's book about the Saints. Following the alphabet, 'You Were Born to Be a Saint' takes a look at all the different ways you can fulfill your call to Sainthood. The technology of video games has progressed a great deal since the creation of the first video game systems. An example of an earlier video game would be Pong. In this game two players would control simple lines that could only go up or down on the screen. These lines were controlled by paddles and the point of the game was to hit the bouncing ball and make your opponent miss it. The video games of today are much more advanced than that. They offer multiple genres of games that are sure to meet the interests of almost any person. Most of them can also be played online which offers an entire new experience in itself. Some people may not take the profession of video game testing as a serious career. Video game testing is actually quite important in the development of a game, some would argue that they are just as important as the programmers. The main job of a game tester is to go through a game, level by level, scene by scene, and make sure that everything is working correctly and that the game is functioning up to par. You will need some knowledge in programming and you will need an eye that pays very close attention to detail. In most cases, the difference between a top seller and a game that does not do well at all is attention to detail. Let Us Know What You Think! The pursuit to understand the human brain in all its intricacy is a fascinatingly complex challenge and neuroscience is one of the fastest-growing scientific fields worldwide. There is a wide range of career options open to those who wish to pursue a career in neuroscience, yet there are few resources that provide students with inside advice on how to go about it. So You Want to Be a Neuroscientist? is a contemporary and engaging guide for aspiring neuroscientists of diverse backgrounds and interests. Fresh with the experience of having recently launched her own career, Ashley Juavinett provides a candid look at the field, offering practical guidance that explores everything from programming to personal stories. Juavinett begins with a look at the field and its history, exploring our evolving understanding of how

the brain works. She then tackles the nitty-gritty: how to apply to a PhD program, the daily life of a graduate student, the art of finding mentors and collaborators, and what to expect when working in a lab. Finally, she introduces readers to diverse young scientists whose career paths illustrate what you can do with a neuroscience degree. For anyone intrigued by the brain or seeking advice on how to further their ambitions of studying it, *So You Want to Be a Neuroscientist?* is a practical and timely overview of how to learn and thrive in this exciting field. “This gonzo-journalistic exploration of the Silicon Valley techno-utopians’ pursuit of escaping mortality is a breezy romp full of colorful characters.” —New York Times Book Review (editor's choice)

Transhumanism is a movement pushing the limits of our biology—of our senses, intelligence, and lifespans—with technology. Its supporters have reached a critical mass and now include some of the biggest names in Silicon Valley and beyond, among them Peter Thiel, Elon Musk, and Ray Kurzweil. In this provocative and eye-opening account, journalist Mark O’Connell explores the staggering (and terrifying) possibilities that present themselves when you think of your body as an outmoded device. He visits the world’s foremost cryonics facility to witness how some have chosen to forestall death, discovers an underground collective of biohackers boosting their senses by implanting electronics under their skin, and meets with members of a team urgently investigating how to protect mankind from rogue artificial superintelligence. In investigating what it means to be a machine, O’Connell shines a light on our ancient desire to transcend the animal condition—and offers a surprising meditation on what it means to be human.

The Angry Therapist who has helped thousands of men find more happiness in their relationships and more purpose in their lives now shares his insights with everyone in this powerful guide—self-help in a shotglass—covering essential topics, from vulnerability and posturing to workouts and women. Deep in post-divorce soul searching, John Kim came to an astonishing realization: he was a miserable f*ck who might just be to blame for the problems in his life. Armed with this new insight, he began *The Angry Therapist* blog—an admission that, while he was a licensed therapist and life coach, he was no better than the people who sought his advice. In his first post, “My Fucking Feelings,” he wrote about the struggles and shortcomings that had led him to this point. As his work caught on, catapulting him into the role of unlikely and unconventional guide for thousands of people all over the world, Kim evolved from behaving like a boy to living like a man—and showed his clients how to do so as well. In *I Used to Be a Miserable F*ck*, Kim delivers the dos and don’ts for stepping up and into manhood, which he defines by transparency and strength of character, not six-pack abs or a corner office. With his signature no-nonsense approach that will make you laugh and think, Kim takes you on a rugged, rough and tumble road trip of self-exploration and discovery, sharing his wisdom and insights, such as why: Being nice is for boys, and being kind is for men. Scheduling man dates could make you a better friend, lover, and human being. Peeing in the shower is a sign of a larger problem. Arguing, judging, and answering, “I dunno” are keeping you from a healthy relationship, a great career, and a happy life. We are not born men. We are born boys. The transition from misery to meaning is an internal process that requires work: reflection, pain, courage, and sometimes, a rebirth. Kim knows because he’s been there. The truth is, men weren’t meant to just pay bills and die. With this book as your guide, you will love hard, walk tall, and find a life filled with purpose and passion. Aspiring young dancers will learn about the grace, strength, and determination it takes to become a ballet dancer in this exciting book. *Winner of the 2017 Goodreads Choice Awards: Non-Fiction Book of the Year!*

The official debut book from YouTube phenomenon Lilly Singh. 'The ultimate no-nonsense manual for millennials how how to make it to the top' Marie Claire

From actress, comedian and YouTube sensation Lilly Singh (aka Superwoman) comes the definitive guide to being a BAWSE - a person who exudes confidence, reaches goals, gets hurt efficiently, and smiles genuinely because they've fought through it all and made it out the other side. Told in her hilarious, bold voice that's inspired over 9 million fans, and using stories from her own life to illustrate her message, Lilly proves that there are no shortcuts to success.

WARNING: This book does NOT include hopeful thoughts, lucky charms, and cute quotes. That's because success, happiness and everything else you

want in life needs to be fought for - not wished for. In Lilly's world, there are no escalators. Only stairs. This text carefully addresses the difficulties encountered by teaching or classroom assistants working with children with pervasive developmental disorder, autism and Asperger syndrome. Meredith Willis is suspicious of Adrien, the new guy next door. When she dares to sneak a look into the windows of his house, she sees something in the cellar that makes her believe that Adrien might be more than just a creep—he may be an actual monster. But her sister, Heather, doesn't share Meredith's repulsion. Heather believes Adrien is the only guy who really understands her. In fact, she may be falling in love with him. When Adrien and Heather are cast as the leads in the school production of Romeo and Juliet, to Heather, it feels like fate. To Meredith, it feels like a bad omen. But if she tries to tear the couple apart, she could end up in the last place she'd ever want to be: the cellar. Can Meredith convince her sister that she's dating the living dead before it's too late for both of them? With a very simple text accompanied by rich, vibrant illustrations a young narrator describes what it means to be a child with rights -- from the right to food, water and shelter, to the right to go to school, to the right to be free from violence, to the right to breathe clean air, and much more. The book emphasizes that these rights belong to every child on the planet, whether they are "black or white, small or big, rich or poor, born here or somewhere else." It also makes evident that knowing and talking about these rights are the first steps toward making sure that they are respected. A brief afterword explains that the rights outlined in the book come from the Convention on the Rights of the Child, which was adopted by the UN General Assembly in 1989. The treaty sets out the basic human rights that belong to children all over the world, recognizing that children need special protection since they are more vulnerable than adults. It has been ratified by 193 countries, with the exception of Somalia and the United States. Once a country has ratified the document, they are legally bound to comply with it and to report on their efforts to do so. As a result, some progress has been made, not only in awareness of children's rights, but also in their implementation. But there are still many countries, wealthy and poor, where children's basic needs are not being met. To read a summary of the Convention on the Rights of the Child, go to www.unicef.org/crc/files/Rights_overview.pdf. The purpose of this book is not to teach ground school or flight training, but is intended to teach the reader how to shop for these services and, once purchased, how to keep them affordable, efficient and useful. Certified FAA Instructor Timothy O'Connor uses his twenty years of experience with technical subjects and adult training to bring flying to people on a middle-income budget. Empowers teens to love and stand up for themselves and those around them by outlining situations in which a reader can—and should—be a "difficult bitch"

There are a LOT of Study Tips books out there. Most of them are basically Top 10 lists of the same advice you've heard a hundred times before. It's not rocket science. Be honest: we all know what we need to do. So what would actually work? THIS BOOK is the one that offers something truly different. You have the chance to read something extraordinary—the true story of how one smart kid who had no study skills TRANSFORMED herself into a GREAT STUDENT. Part memoir, part how-to, part teacher-confessional, How to Be a Great Student is the no-holds-barred frank words of wisdom from Kimberly Hatch Harrison, co-founder of SOCRATICA. Are you a smart kid who coasted by getting good grades with no effort until suddenly you hit a brick wall? This book will really resonate with you. Kimberly tells the story of how she worked her way from clueless kid to the highest heights of academia, figuring out all these skills the hard way. These super-effective learning techniques took her from one of the top prep schools in the country, to Caltech, and then Princeton. What does it take to succeed at the very best schools? You can't find this kind of inside information anywhere else. This book ties in with the Study Tips video series on Socratica's YouTube channel. (youtube.com/socratica). Intended audience: anyone in high school or college who is ready to take an honest look at themselves and change their habits. Real talk: this book won't work unless you do your part. In this book, you'll find guidance on: ? Preparing your Study Space ? Taking Notes in Class and Reading (Cornell Notes Technique) ? Using a Planner for Effective Time Management ? The Pomodoro Technique to Avoid Burnout ? How to Study for a Test (Smart Test

Prep) ? How to Improve your Memory? How to Use Flashcards the SMART Way ? How to Use the Feynman Technique ? How to Use Office Hours (Corson Technique) ? How to TAKE a Test ? How to Answer Multiple Choice Questions ? How to Improve Your Writing? How to Take Online Classes (Bonus Chapter written especially for today's challenges)What's more, you'll learn these techniques from an understanding, empathetic teacher who was once EXACTLY where you are now. The #1 New York Times bestseller that sparked international dialogue is now a book for young adults! Based on the adult bestseller by Ibram X. Kendi, and co-authored by bestselling author Nic Stone, How to be a (Young) Antiracist will serve as a guide for teens seeking a way forward in acknowledging, identifying, and dismantling racism and injustice. The New York Times bestseller How to be an Antiracist by Ibram X. Kendi is shaping the way a generation thinks about race and racism. How to be a (Young) Antiracist is a dynamic reframing of the concepts shared in the adult book, with young adulthood front and center. Aimed at readers 12 and up, and co-authored by award-winning children's book author Nic Stone, How to be a (Young) Antiracist empowers teen readers to help create a more just society. Antiracism is a journey-- and now young adults will have a map to carve their own path. Kendi and Stone have revised this work to provide anecdotes and data that speaks directly to the experiences and concerns of younger readers, encouraging them to think critically and build a more equitable world in doing so. While the job of a sports agent is simple in principle—find the best contracts, endorsements, and sponsorships for clients—in practice it is a tricky and often confusing profession. This thorough volume provides essential information and invaluable hints on every aspect of the sports agent career path, with topics addressed including how to create and verify watertight legal contracts; how to draft and negotiate successful marketing, merchandising, licensing, and sponsorship deals; and how to act as both a good agent and a good personal adviser. Tips on acquiring new clients and keeping all parties happy as your clientele expands round out this indispensable resource. How To Be A World-Class Christian shows the reader how to expand in understanding Scripture, increase in global praying and intensify crosscultural outreach—beginning at home. How to be a Nurse or Midwife Leader is an indispensable guide for all nurses and midwives who wish to develop and improve their practice as leaders. Written in collaboration with the NHS Leadership Academy, this practical book draws on the real experience of over 10,000 nurses and midwives to bring leadership dilemmas to life in specific situations. Key learning features include: How to develop your self-awareness How to develop your personal impact and presence How to survive and thrive How to get your message across How to get the best out of others How to work with and lead other professionals and patients How to have courageous conversations How to balance conflicting demands and needs Containing exercises and reflective questions to help apply theory to leadership practice, How to be a Nurse or Midwife Leader is an ideal companion for all nurses and midwives, whether you are newly qualified, or stepping into a team leader role. So You Want to Be a Teacher is a bit of light reading in a troubled world today. I left names by the wayside and emphasized actions, especially innovative behavior. The students I enjoyed were full of mischief, but for the most part, it was simply that—mischief. Very few of the students I taught in my forty years were bad—they just needed a bit of love and understanding. Who cares what Socrates said when you are a student who had no supper the night before? I try to be a stepping-stone, not a stumbling block. Examines the author's idea of object-oriented philosophy, wherein things, and how they interact with one another, are the center of philosophical interest. A field guide to finding calm, creativity, and self-discovery through encounters with nature. A fresh perspective, an outdoor exploration, a new adventure about to begin—How to Be A Wildflower is a book for celebrating these and other wide-open occasions. Encouraging self-discovery through encounters with nature, beloved artist Katie Daisy brings her beautiful paintings and lettering to this collection of things to do and make, quotes, meditations, natural history, and more. Find wonder and inspiration in these peaceful pages, live life to the fullest, and discover the wild and free spirit within. “For pure whimsy, you just can’t beat How to Be a Wildflower: A Field Guide by Katie Daisy. The Bend, Oregon, artist brings her beautiful paintings and lettering to this delightful

book, a collection of nature-inspired quotations, meditations, lore, and even a recipe for fresh strawberry-rhubarb pie.” —Traditional Home I don't have enough faith to be an atheist argues that Christianity requires the least faith of all worldviews because it is the most reasonable. The authors lay out the evidence for truth, God, and the Bible in logical order and in a readable, non-technical, engaging style. A valuable aid to those interested in examining the reasonableness of the Christian faith, Geisler and Turek provide a firm challenge to the prior beliefs of doubters and skeptics. With a biting, satirical style reminiscent of *The Onion*, *How to Be a Perfect Christian* takes a humorous look at the quirks of cultural Christianity while subtly challenging the reader to search for more than a cultural faith. Written in the trademark style of *The Babylon Bee*, this book humorously satirizes cultural Christianity while peppering in subtle challenges to the reader. Through humor and sarcasm (and a handy meter to rank your "holiness" as you progress through the book), readers will be called to find a more biblical understanding of the Christian faith, all while poking fun at the quirks of the modern, American Christian community. The must-read summary of Judy Robinett's book: "How to Be a Power Connector: The 5+50+100 Rule for Turning Your Business Network into Profits". This complete summary of the ideas from Judy Robinett's book "How to Be a Power Connector" demonstrates how you can become a power connector and connect the people in your network that wouldn't otherwise meet. By being a power connector, you can stay in the forefront of your connections' minds, create new opportunities and add value to your network. There are four phases to being a power connector: 1. Prepare to power connect 2. Target, connect and engage 3. Reconnect, activate and multiply 4. Connect your contacts with others Added-value of this summary: • Save time • Add value to your connections • Create new opportunities using your network To learn more, read "How to Be a Power Connector" and find out how you can start power connecting and adding value to your network! And finally, readers who are simply curious about what deans do will find pointed analysis about what works and what doesn't. Some people are boys. Some people are girls. Some people are both, neither, or somewhere in between. This sweet, straightforward exploration of gender identity will give children a fuller understanding of themselves and others. With child-friendly language and vibrant art, *It Feels Good to Be Yourself* provides young readers and parents alike with the vocabulary to discuss this important topic with sensitivity. The bird book for birders and nonbirders alike that will excite and inspire by providing a new and deeper understanding of what common, mostly backyard, birds are doing—and why: "Can birds smell?"; "Is this the same cardinal that was at my feeder last year?"; "Do robins 'hear' worms?" "The book's beauty mirrors the beauty of birds it describes so marvelously." —NPR In *What It's Like to Be a Bird*, David Sibley answers the most frequently asked questions about the birds we see most often. This special, large-format volume is geared as much to nonbirders as it is to the out-and-out obsessed, covering more than two hundred species and including more than 330 new illustrations by the author. While its focus is on familiar backyard birds—blue jays, nuthatches, chickadees—it also examines certain species that can be fairly easily observed, such as the seashore-dwelling Atlantic puffin. David Sibley's exacting artwork and wide-ranging expertise bring observed behaviors vividly to life. (For most species, the primary illustration is reproduced life-sized.) And while the text is aimed at adults—including fascinating new scientific research on the myriad ways birds have adapted to environmental changes—it is nontechnical, making it the perfect occasion for parents and grandparents to share their love of birds with young children, who will delight in the big, full-color illustrations of birds in action. Unlike any other book he has written, *What It's Like to Be a Bird* is poised to bring a whole new audience to David Sibley's world of birds. Fii can add two war hawks to her list of rogue game characters back under control, and she even earns a vacation for improving her baking skills. But there's a new name floating around town and it's not one she recognizes from the otome game. Could this mysterious "El" be the reincarnated mastermind she's been searching for? But before she can investigate, she finds herself sandwiched between an anonymous invitation and a sudden abduction! Can Fii get out of this bind with only her trusty baguette in hand?
