History's oldest industry conducts its business in broad daylight on Talprezza—until Lucia di Vigilanti, the most famous madam in the civilized galaxy, finds herself under the scrutiny of a government that will stop at nothing before it destroys all free enterprise. When the sexual labor union launches an assault on the Bordello della Libertà, Lucia has no choice but to fight back, to defend the livelihood of her hard-working girls. The second installment of Aethertales, the story of Bordello della Libertà is one of capitalism under siege, and of the surrender of personal choice at gunpoint, for the sake of those whose only choice is to take from others and give nothing in return. Includes the Society's Proceedings, June 1879- . Antigua: a tiny island in the Caribbean. Like so many others, it was host to slavery. This is the true story of the Africans enslaved on Antigua, on the plantations in and around the village of Liberta before it was formed. Dehumanized, unchurched, and worked like animals, they suffered like all other slaves in the New World. There came to the island a group of Moravian missionaries, who worked with the slaves of the plantations in the years of their oppression. While teaching Christianity, these missionaries strived to create better conditions for the blacks. Then, in 1834, came emancipation, and the village of Liberta was born. This is the story of black Antiguan's progress from slavery to freedom, and the transformation of a slave culture into a free society--a culturally, socially, and economically thriving community. With details on many of the historical sites, this is a story of survival, hope, and liberation. ABOUT THE AUTHOR Hewlester A. Samuel was born in Liberta Village, Antigua. He has always had an avid interest in history, in particular the history of his home island. He has scoured many history books and researched artifacts that date back to the beginning of slavery. Samuel attended Libertan public schools, then attended the West Indies School of Theology in Trinidad. He currently resides in Miami, Florida with his wife Anita and their three children. A retired real estate broker, he also served as a pastor for over fifty years. In this ambitious and wide-ranging book, Anthony Arblaster shows that attempts by many music critics to disregard or disparage opera's politics are at best delusory, at worst a political ploy. Writing with passionate enthusiasm, both for opera and for the ideals of freedom it has so often represented, he uncovers the political dimensions of a vast range of works, from The Marriage of Figaro to Nixon in China. Beginning with an investigation of opera in revolutionary France, Anthony Arblaster goes on to analyse Mozart's enigmatic politics, and to explore the work of Rossini, Bellini, Donizetti and, above all, Verdi, in the context of the Risorgimento. Further chapters examine Wagner's early radicalism and notorious anti-semitism, nationalism in Russian, Czech and English opera, and the weaknesses of Puccini and Strauss. He also discusses the place of women in opera, and concludes with a fascinating survey of the treatment of everyday life in opera and musicals, from Dallapiccola to Sondheim. Dalla dipendenza affettiva alla libertà di scelta è un saggio autobiografico che racconta un percorso di crescita interiore accompagnato dalla meditazione e dalla psicoanalisi. Ciò da cui la riflessione trae origine è la fine di una relazione importante e dei sentimenti generati di conseguenza. Segue l'indagine del legame tra questi sentimenti e l'attaccamento di cui soffre il dipendente affettivo, specie nei confronti di chi gli fa provare l'umiliazione originaria dalla quale non riesce a staccarsi, poiché ha paura di perdere l'unica identità che conosce. L'obiettivo che il libro si pone è di indicare una via d'uscita dal conflitto interiore che caratterizza il modo d'"amare" del dipendente, mediante la trasformazione del suo desiderio ed il conseguente abbandono della ricerca di quel piacere-dolore da cui egli è così

attratto. A tal fine, viene tirato il filo che lega i nostri rapporti attuali alle relazioni d'origine con i nostri genitori, da cui deriva l'istinto a ripetere la dinamica. Trattasi di un'indagine personale che, tuttavia, diviene anche analisi della società in cui viviamo, dove la paura influenza costantemente tutte le menti inconsapevoli.
