Written by accomplished professional speaker and business consultant, James A. Ziegler, CSP, HSG, The Prosperity Equation shares the journey that took one man from desolation to success. It's about how to achieve great personal wealth and security. This down to Earth book is written in a personable conversational style as if Ziegler was right in the room speaking with you. The author interweaves personal stories with 'the pillars of prosperity'. the conceptual strategy that made him successful and wealthy. Not for the faint hearted, Ziegler's style is often brash, forthright and in your face - the author who

says, "success leads to excess," actually lives the dream himself with expensive jewelry, luxury cars, fine restaurants, travel, and an extravagant home. The man is high-energy and perpetual motion: his enthusiasm is contagious. He will be the first to tell you that prosperity is about much more than money. It is about quality of life and security. His definition of prosperity is a total package that includes having abundance to share your good fortune with others as well as having the ability to care for your family and those you care about. Wealth provides choices. The bottom line in Ziegler's world is that very few wealthy people are 'employees'. Of you want to freedom and the ability to control your destiny, you have got to start and grown your own business. The Prosperity Equation: New Millennium Edition is about how to achieve those goals and enjoy the lifestyle you have only dreamed about. Praise for MEET & GROW RICH

Audisee® eBooks with Audio combine professional narration and sentence highlighting for an engaging read aloud experience! What's more popular than Tumblr? This microblogging site has taken the Web by storm since its founding in 2007. Not much can top it when it comes

to capturing its fans' imaginations, except for perhaps its creator, David Karp. Karp developed Tumblr after he tried to start a blog and found the process daunting. With most platforms, a blogger faces a huge, empty text box that begs to be filled with words. It was intimidating for a guy who'd never blogged before. Karp had the idea for tumblelogging—creating short blog posts—and built Tumblr as a platform. It lets users easily post both text and images, making Tumblr highly visual and expressive. Creating a different way to blog came naturally to Karp, who never does things by the book. At fifteen, he dropped out of school. At seventeen, he moved to Tokyo, holing up with a computer and fine-tuning his tech skills. He returned to the states to build a business—but to do that, he stretched the truth. He used a deep voice on the phone with potential clients so they wouldn't guess how young he was. He didn't tell anyone how little experience he had. Yet people could see he had a good thing going with Tumblr. The company quickly found support and grew into what it is today: a groundbreaking site for connection and creation. And as the mastermind behind it, Karp is sure to remain a figure to watch. Ralph Adam Fine pulls no punches. In the sixth edition of his highly acclaimed How-To-Win Trial Manual shows why the traditional ways to try a case in court are suicidal, and gives extensive examples of such suicidal advocacy by famous, high-profile, well-paid trial lawyers. In each of his examples, Ralph Adam Fine shows how the lawyers could have done a better job. This will help you hone your winning skills! Ralph Adam Fine also demonstrates why many of Irving Younger's famous Ten Commandments of Cross-Examination are not only wrong, but why following them significantly reduces your chances of winning. Since it was first published by JURIS in 1998, Ralph Adam Fine's

The How-To-Win Trial Manual has been giving lawyers that special edge so they can win even the toughest cases. Now, in this newly revised sixth edition, The How-To-Win Trial Manual takes the unique extra step of showing how and why famed trial lawyers Vincent Bugliosi and Gerry Spence, both superb advocates, could have been even more effective in their ground breaking face-off when Bugliosi “prosecuted” and Spence “defended” Lee Harvey Oswald in connection with the assassination of President John F. Kennedy. The trial, memorialized in a superb two-disc DVD set, *On Trial: Lee Harvey Oswald*, was before a sitting Texas federal district-court judge and a jury of Dallas citizens taken from the Dallas jury rolls. Although the trial was more than two-decades removed from the assassination, Bugliosi and Spence managed to get as witnesses many of the people who were at the assassination and its aftermath; none of the witnesses testifying in the trial were actors. The “trial” was in London, in a replica of a Texas federal courtroom, and both Bugliosi and Spence gave it their all—preparing as they would have for a real trial, and arguing their respective positions with the gusto for which each is justifiably famous. Ralph Adam Fine has taken the transcript of the two-disc DVD set and shown with his interleaved comments, as he has done with the O.J. Simpson, Martha Stewart, and Enron (Jeffrey Skilling and Ken Lay) trials, as well as a federal-court antitrust trial, how Bugliosi and Spence could have

been better. The Oswald chapter, new for the sixth edition, will help all trial lawyers nail the winning techniques to be successful in the courtroom. The sixth edition also gives us Ralph Adam Fine's special insights into the strategies and trial techniques of the prosecution and defense in the murder trial of Michael Peterson, memorialized in the six-hour DVD set, *Death on the Staircase*. Peterson was charged with killing his wife. He claimed at trial that she accidentally fell down the stairs in their Durham, North Carolina, mansion. This chapter, too, is new for the sixth edition *How-To-Win Trial Manual* and it shows what works and what does not work and why. It will help lawyers avoid the common traps that sink even the best "plans well laid." The *How-To-Win Trial Manual* shows how to win by using your most powerful tool: The jury's belief that you, the lawyer, know the "truth" of the case. Ralph Adam Fine also shows how to ask questions on both direct-examination and cross-examination so the jury will know the answers before the witnesses (whether lay or expert) respond. Simply put, if you phrase your questions so that the jury answers them the way you want, before your witnesses answer and irrespective of what your adversary's witnesses may say on cross-examination, you will win! For a further explanation of Ralph Adam Fine's - and winning - techniques, as well as what other lawyers have said about *The How To Win Trial Manual*, visit his website [www.win-your-trial.com](http://www.win-your-trial.com) Ralph Adam Fine shows you

I invite you to read this book, because as Napoleon Hill said, the whole is greater than the sum of the parts. (Spring 2010) This historical novel finds President Reagan at odds with his daughter, Vice President, White House Staff and Cabinet as Ronnie and Nancy try to do the best acting of their lives to leave the White House, alive. (unabridged edition) Our most loved and hated President after Kennedy and before Obama, Ronnie struggles to defeat the 'Evil Empire' and not lose his mind to Alzheimer's dementia. Can he still trust Bill Casey and George Bush, George Shultz,

Selwa Roosevelt and Mike Deaver? Can Ronnie find out who's pulling his strings? A fervent anti-Communist and Nazi hater praised by his wife Nancy and ultra-conservatives, groomed by Bechtel Corporation since 1950 and sold StarWars by Dick Cheney and Paul Nitze during the most scandal-ridden presidency in American history, daughter Patti, college students and flower children despised Reagan for supporting the Vietnam War and Contra death squads and felt the Reagan-Bush Administration was run by Nazis. As it turns out, it was. This historical novel documents the foreign policy, national security and monetary policies of the Reagan-Bush Administration were run by Nazis thru the life of character Reinhard Gehlen, Hitler's chief of Foreign Armies East intelligence, whom Dulles hired to run and train CIA as Freikorps Nazi death squad torturers, terrorists and assassins who then trained the Contras ...that Gehlen was later handled by Bill Casey (Ronnie's campaign manager) then George Bush (Ronnie's vice president) to fight, exaggerate and invent the Cold War in order to capture the Russian Baku oil fields. Based on autobiographies of the Reagan family, Cabinet, and White House Staff, the 650-page book includes a 250-page epilog of documentation and a 50-pg researchers' index, footnotes, and an extensive appendix including charts from: Staff Report, Committee on Banking, Currency & Housing, House of Representatives, 94th Congress, 2d session, Aug. 1976 -- Federal Reserve

Directors, a Study of Corporate & Banking Influence. The charts trace from 1913 to present the family dynasties of the private owners and interlocking directorate of the Federal Reserve Bank and other G-8 central banks (the World Order and New World Order) whom Bill Casey, George Shultz, the Bushes, bin Ladens, Thyssens, Rockefellers, Rothschilds, Browns, Harrimans and Reinhard Gehlen worked for and against whose family ancestors the American Revolution was fought and whose family decedents today continue to dominate the financial, political, economic, and bailout and foreclosure landscape with financial terrorism. Additionally, the historical novel follows the family dynasties of the private owners of the interlocking directorate of the Fed/G8 including Bank of England and Bundesbank and other central banks involved in the American Revolution of 1776, the American Civil War, the depressions in the late 1800s and early 1900s, the founding of the privately owned Federal Reserve Bank in 1913, WWI, the financing of the Bolshevik party from New York and thru Ruskombank which supplied U.S. technology and weapons and military vehicles to communist Russia who supplied them to the Viet Cong to kill Americans. Appendices also document the previously hypothesized money-issuing class that prints and owns our money that rules the upper class, middle class, working class, and unemployed classes. The appendix also includes documentation of the Clinton-era involvement with

HUD corruption when Bill was Governor and Hillary was a HUD attorney. HUD sold billions of dollars of foreclosed properties in East L.A. at ten cents on the dollar to the Fed-founded Dillion-Read bank. Ronnie was advised about the marriage of the oil and illegal drug industries, and the case by the European Union and Central and South American countries against Reynolds Tobacco for laundering heroin and cocaine profits with Camel Cigarettes.
