Each COMPASS study guide focuses on one specific subject area covered on the COMPASS exams. From 300 to 600 questions and answers, each volume in the COMPASS series is a quick and easy, focused read. Reviewing COMPASS flash cards is the first step toward more confident COMPASS preparation and ultimately, higher COMPASS exam scores! Think all COMPASS study guides are the same? Think again! With easy to understand lessons and over 230 practice test questions designed to maximize your score (plus essay sample questions), you'll be ready. While there is no passing or failing with the COMPASS test, you don't want to waste time - and money! - in introductory or remedial college courses. You want to accelerate your education, not miss opportunities for starting your future career! Every year, thousands of people think that they are ready for the COMPASS but realize too late when they get their score back that they were not ready at all. They weren't incapable, and they certainly did their best, but they simply weren't studying the right way. There are a variety of methods to prepare for the COMPASS...and they get a variety of results. Trivium Test Prep's Secrets to Outsmart the COMPASS provides the information, secrets, and confidence needed to get you the score you need - the first time around. Losing points on the COMPASS exam can cost you precious time, money, and effort that you shouldn't have to spend. What is in the book? In our COMPASS study guide, you get the most comprehensive review of all tested concepts. The subjects are easy to understand, and have fully-explained example questions to ensure that you master the material. Best of all, we show you how this information will be applied on the real exam; COMPASS practice questions are included so that you can know, without a doubt, that you are prepared. Our study guide is streamlined and concept-driven so you get better results through more effective study time. Why spend days or even weeks reading through meaningless junk, trying to sort out the helpful information from the fluff? We give you everything you need to know in a concise, comprehensive, and effective package. "COMPASS Prep Flashcard Workbook 1: ARITHMETIC REVIEW" 600 questions and answers highlight essential arithmetic definitions, problems, and concepts. Topics: Addition, Subtraction, Multiplication, and Division of Whole Numbers; Fractions and Decimals, Multiplication Tables, Word Problems, Percents, Measurement, Metric System, Square Roots and Powers, Real Numbers, Properties of Numbers ===== "Exambusters COMPASS Prep Workbooks" provide comprehensive, fundamental COMPASS review--one fact at a time--to prepare students to take practice COMPASS tests. Each COMPASS study guide focuses on one specific subject area covered on the COMPASS exams. From 300 to 600 questions and answers, each volume in the COMPASS series is a quick and easy, focused read. Reviewing COMPASS flash cards is the first step toward more confident COMPASS preparation and ultimately, higher COMPASS exam scores! Our Compass Practice Test Questions are just like the ones you will see on the real exam and organized so that you will improve your knowledge and test taking skills. Working through practice questions is the most important and one of the most effective methods possible for preparing for an exam. If you don't know what is it on the exam, how can you be ready for test day? These Compass practice test questions can be used by themselves or in addition to our study guide if you want extra practice. Either way, you get high quality questions just like on the exam to ensure you are prepared for the exam. We understand that not everyone needs or wants a comprehensive study guide, so if you feel you know the material and just want to hone your skills and get some practice, you will find no better Compass practice test questions than these. If you already have our study guide, you can get even more practice with new questions in this book too! Includes 1 diagnostic exam plus 2 additional practice tests. Identify your weak areas to ensure your success. The COMPASS math exam is a computer adaptive test that can be very challenging. Topics range from basic algebra and arithmetic to trigonometry and discrete math. Exam content can vary as each post-secondary institution customizes the test to suit their placement testing needs. But you can avoid having to take remedial classes, saving time and money, by doing well on the exam so it is important to equip yourself with the right study guide. The Prep For Success COMPASS Math Study Guide explains every concept in detail so whether you're just out of high school or returning to college after a lengthy hiatus, our guide is the right fit. Every chapter is filled with explained examples followed by practice exercise at the end. So that you can study only the sections used on the COMPASS at your institution, our math study guide is divided into 6 sections as follows: - Section 1 - Pre-Algebra - Section 2 - Algebra - Section 3 - College Algebra, Discrete Math & Matrices - Section 4 - Geometry - Section 5 - Trigonometry - Section 6 - Practice Tests At the end of every section, test your skills with review questions to ensure you have mastered the skills learned before moving on to another section. Two comprehensive practice exams at the end of the book help you prepare for the exam by identifying any lingering weak areas. For most students, math doesn't end with the practice test so rather than simply providing a series of typical exam questions, our goal is to teach you the concepts so that you are prepared for your other college math courses and attain the skills you need to succeed in your college career. Education is the key to success and our Prep For Success: COMPASS Math Study Guide is the right choice to ensure that success! Would you like an updated version of this book that contain 50% more material and costs only \$2 more? If so, please search for ACT Compass Writing Test Success Advantage+ Edition - Includes 10 Compass Writing Practice Tests: Plus e-Write Essay Writing Study Guide by Academic Success Media. This book is a test preparation guide for test-taking generally; for explaining features specific to the COMPASS test and the meaning of the results. The disk simulates the COMPASS test and provides practice in taking a computerized adaptive test. The guide includes basic instruction and sample items in the areas tested by COMPASS: mathematics, reading, and writing. COMPASS Exam Practice Questions are the simplest way to prepare for the COMPASS test. Practice is an essential part of preparing for a test and improving a test taker's chance of success. The best way to practice taking a test is by going through lots of practice test questions. If someone has never taken a practice test, then they are unprepared for the types of questions and answer choices that they will encounter on the official test. There is a tremendous advantage to someone taking the test that is already familiar with the questions and answer choices. Another advantage of taking practice tests is that you can assess your performance and see if you need to study and practice more, or if you're already prepared enough to achieve success on your test day. If you do well on the practice test, then you know you're prepared. If you struggle on the practice test, then you know you may still have more work to do to get prepared. Taking lots of practice tests helps ensure that you are not surprised or disappointed on your test day. Our COMPASS Exam Practice Questions give you the opportunity to test your knowledge on a set of questions. You can know everything that is going to be covered on the test and it will not do you any good on test day if you have not had a chance to practice. Repetition is a key to success and using practice test questions allows you to reinforce your strengths and improve your weaknesses. Detailed answer explanations are also included for each question. It may sound obvious, but you have to know which questions you missed (and more importantly why you missed them) to be able to avoid making the same mistakes again when you take the real test. That's why our COMPASS Exam Practice Questions include answer keys with detailed answer explanations. These in-depth answer explanations will allow you to better understand any questions that were difficult for you or that you needed more help to understand. ACT Compass Math Test Success: Advantage+ Edition contains 150 Compass math practice test problems. This study guide is for the Compass Test, which is also known as the ACT Compass Test. For a free sample of this study guide, please click on the "Look Inside" icon on the top left corner of the screen. If You're Taking the COMPASS Exam and Need Help with Math, Bob Miller has Your Solution! Bob Miller's Math Review for the COMPASS Exam Bob Miller has taught math to thousands of students at all educational levels for 30 years. His proven teaching methods help college-bound students succeed on the math portion of the COMPASS exam. Written in a lively and unique format, Bob Miller's Math Review for the COMPASS Exam contains everything COMPASS test-takers need to know. Focused, easy-to-follow review chapters cover all the pre-algebra, algebra, geometry, and trigonometry skills tested on the exam. Drills and examples build skills and explain key concepts. The book includes two practice tests based on actual COMPASS test questions. Detailed explanations of answers help you identify your strengths and weaknesses while reinforcing your knowledge. Bob also gives you study tips, strategies, and confidence-boosting advice for test day, so you'll be ready to tackle the COMPASS. Bob Miller's Math Review for the COMPASS is just part of the equation! REA has also developed an all-new test prep for the verbal portion of the exam, Doug French's Verbal Review for the COMPASS Exam. What is the COMPASS? The COMPASS is a computer-adaptive college placement exam used by high schools, technical schools, community colleges, and four-year colleges across the country. It evaluates the math, English language, and writing skill levels of incoming students. A high score on the COMPASS helps students advance to higher-level college classes. ACT Compass ESL Test Success gives you the extra advantage you need to ace your Compass Test of English as a Second Language. The book provides ten practice tests in each skill area on the actual exam, so there are ten practice tests in listening, ten in reading comprehension, and ten in grammar and usage. The book is for intermediate and advanced-level ESL students, so there are five level 3 practice tests and five level 4 practice tests in each skill area, for a total of thirty practice tests in the publication. All of the practice tests in this book are in the same format and assess the same skills as those that you will encounter on the actual Compass ESL test. In addition, there is a grammar study guide and sentence building section, with further examples and exercises, to help you review the most important grammatical and usage concepts assessed on the examination. You may also be interested in the CD that accompanies the listening tests in this book. If so, please search in the "CDs & Vinyl" Department for the CD title "ACT Compass ESL Listening Test Success Level 3 and Level 4." Or go to: amazon.com/Compass-Listening-Test-Success-Level/dp/B00K6R0H14/ For further information on the contents of this book, please see the Table of Contents by clicking on the "Look inside" icon at the left of the screen.
