Jonathan Cahn, author of the New York Times best sellers *The Harbinger*, *The Mystery of the Shemitha*, *The Book of Mysteries*, and *The Paradigm*, now unveils *The Oracle*, in which he opens up the Jubilean mysteries and a revelation so big that it lies behind everything from the rise and fall of nations and empires (even America), to the current events of our day, to the future, to end-time prophecy, and much more. Could an ancient prophecy and a mysterious ordinance given in a Middle Eastern desert over three thousand years ago be determining the events of our day? Could some of the most famous people of modern history and current events be secretly linked to this mystery—even a modern president of the United States? Could this ancient revelation pinpoint the events of our times down to the year, month, and day of their occurring? Could a mysterious phenomenon be manifesting on the world stage on an exact timetable determined from ancient times? Could these manifestations have altered—and now be altering—the course of world events? Jonathan Cahn takes the reader on a journey to find the man called the Oracle. One by one each of the Jubilean mysteries will be revealed through the giving of a vision. The Oracle will uncover the mysteries of *The Stranger*, *The Lost City*, *The Man With the Measuring Line*, *The Land of Seven Wells*, *The Birds*, *The Number of the End*, *The Man in the Black Robe*, *The Prophet's Song*, *The Matrix of Years*, *The Day of the Lions*, *The Awakening of the Dragon*, and much more. The revelation is so big that it will involve and open up the mysteries of everything and everyone from Mark Twain to Moses, from King Nebuchadnezzar to Donald Trump, from the fall of empires to the rise of America, from a mystery hidden in a desert cave to another in an ancient scroll, from the palace of the Persian Empire to the US Senate, from the Summer of Love to the Code of Babylon, and much, much more. Ultimately the Oracle will reveal the secret that lies behind end-time prophecy and the mystery of the end of the age. As with *The Harbinger* and *The Book of Mysteries*, Cahn reveals the mysteries through a narrative. A traveler is given seven keys; each will open up one of seven doors. Behind each door lies a stream of mysteries. The reader will be taken on a journey of angels and prophetic revelations waiting to be discovered behind each of the seven doors—the ancient secrets that lie behind the world-changing events of modern times—and revelations of what is yet to come. Hailed as a mind-blowing masterpiece, *The Oracle* will reveal mysteries that are absolutely real, amazing, stunning, mind-blowing, and life-changing. Prepare to be blown away. The Oracle Year Aug 29 2023 From bestselling comic-book franchise writer Charles Soule comes a clever and witty first novel of a twentysomething New Yorker who wakes up one morning with the power to predict the future—perfect for fans of Joe Hill and Brad Meltzer, or books like *This Book Is Full of Spiders* and *Welcome to Night Vale*. Knowledge is power. So when an unassuming Manhattan bassist named Will Dando awakens from a dream one morning with 108 predictions about the future in his head, he rapidly finds himself the most powerful man in the world. Protecting his anonymity by calling himself the Oracle, he sets up a heavily guarded Web site with the help of his friend Hamza to selectively announce his revelations. In no time, global corporations are offering him millions for exclusive access, eager to profit from his prophecies. He's also making a lot of high-powered enemies, from the President of the United States and a nationally prominent televangelist to a warlord with a nuclear missile and an assassin grandmother. Legions of cyber spies are unleashed to hack the Site—as it's come to be called—and the best manhunters money can buy are deployed not only to unmask the Oracle but to take him out of the game entirely. With only a handful of people he can trust—including a beautiful journalist—it's all Will can do to simply survive, elude exposure, and protect those he loves long enough to use his knowledge to save the world. Delivering fast-paced adventure on a global scale as well as sharp-witted satire on our concepts of power and faith, Marvel writer Charles Soule's audacious debut novel takes readers on a rollicking ride where it's impossible to predict what will happen next.

Anyone Nov 20 2022 Soon to be adapted for television by Carnival, creators of *Downton Abbey* An Indie Next Pick • A Science Fiction Book Club Pick Bestselling author of *The Oracle Year*, Charles Soule brings his signature knowledge—and wariness—of technology to his new novel set in a realistic future about a brilliant female scientist who creates a technology that allows for the transfer of human consciousness between bodies, and the transformations this process wreaks upon the world. Inside a barn in Ann Arbor, Michigan, a scientist searching for an Alzheimer's cure throws a switch—and finds herself mysteriously transported into her husband's body. What begins as a botched experiment will change her life—and the world—forever... Over two decades later, all across the planet, “flash” technology allows individuals the ability to transfer their consciousness into other bodies for specified periods, paid, registered and legal. Society has been utterly transformed by the process, from travel to warfare to entertainment; “Be anyone with Anyone” the tagline of the company offering this ultimate out-of-body experience. But beyond the reach of the law and government regulators is a sordid black market called the darkshare, where desperate “vessels” anonymously rent out their bodies, no questions asked for any purpose - sex, drugs, crime... or worse. Anyone masterfully interweaves the present-day story of the discovery and development of the flash with the gritty tale of one woman's crusade to put an end to the darkness it has brought to the world twenty-five years after its creation. Like *Blade Runner* crossed with *Get Out*, Charles Soule's thought-provoking work of speculative fiction takes us to a world where identity, morality, and technology collide.

After the Oracle Sep 06 2021 In 2016, Shane Anderson made a vow to live according to the four core values of the Golden State Warriors to escape a decade of defeats—including divorce, debilitating spinal surgery and a suicide attempt. The basketball team's values of joy, mindfulness, compassion, and competition became Anderson's guiding principles, providing him a lens to investigate a myriad of social, personal, philosophical, and political issues, such as homelessness, the promises and failures of rave culture, and the limits of self-help. Part memoir, part essay, and part chronicle of the greatest five-year stretch of a team in NBA history, *After the Oracle* depicts the makes and misses of one expat trying to make a life worth living. *Mallory's Oracle* Jul 24 2020 Jonathan Kellerman says Mallory's Oracle is "a joy." Nelson DeMille and other advance readers have called it "truly amazing," "a classic" with "immense appeal." It is all of that, and more: a stunning debut novel about a web of unsolved murders in New York's Gramercy Park and the singular woman who makes them her obsession. At its center is Kathleen Mallory, an extraordinary wild child turned New York City policewoman. Adopted off the streets as a little girl by a police inspector and his wife, she is still not altogether civilized now that she is a sergeant in the Special Crimes section. With her ferocious intelligence and green gunslinger eyes, Mallory (never Kathleen, never Kathy) operates by her own inner compass of right and wrong, a sense of justice that drives her in unpredictable ways. She is a thing apart. And today, she is a thing possessed. Although more at home in the company of computers than in the company of men, Mallory is propelled onto the street when the body of her adoptive father, Louis Markowitz, is found stabbed in a tenement next to the body of a wealthy Gramercy Park woman. The murders are clearly linked to two other Gramercy Park homicides Markowitz had been investigating, and now his cases become Mallory's, his death her cause. Prowling the streets, sifting through his clues, drawing on his circle of friends and colleagues, she plunges into a netherworld of light and shadow, where people are not what they seem and truth shifts without warning. And a murderer waits who is every bit as wild and unpredictable as she.... Filled with deep, seductive atmosphere and razor-sharp prose, *Mallory's Oracle* is gripping, resonant suspense of tantalizing complexity—a genuinely unforgettable novel.
