Classical Myth Jul 20 2023 Featuring new translations, this volume differs from most texts on classical myth by putting the divine myths and principal legends of the Greeks in their contexts- anthropological, historical, religious, sociological, and economic- from which they emerged, including their debt to the Near East. Interspersed are short essays on the local history of the myths and their importance to writers, artists, musicians, and philosophers down to our times. The many illustrations from ancient works of art show how the myths are visualized. The book concludes with a history of later ideas on classical myth, demonstrating their importance for us today. -- from Back Cover.

The East Face of Helicon : West Asiatic Elements in Greek Poetry and Myth Dec 10 2021 Over the last sixty years scholars have increasingly become aware of links connecting Greek poetry with the literatures of the ancient Near East. Martin West's new book far surpasses previous studies in comprehensiveness, demonstrating these links with massive and detailed documentation and showing they are much more fundamental and pervasive than has hitherto been acknowledged. - ;Ever since Neolithic times Greek lands lay open to cultural imports from western Asia: agriculture, metal-working, writing, religious institutions, artistic fashions, musical instruments, and much more. Over the last sixty years scholars have increasingly become aware of links connecting early Greek poetry with the literatures of Mesopotamia, Anatolia, Canaan, and Israel. Martin West's new book t

surpasses previous studies in comprehensiveness, demonstrating these links with mass and detailed documentation and showing that they are much more fundamental and pervasive than has hitherto been acknowledged. His survey embraces Hesiod, the Homeric epics, the lyric poets, and Aeschylus, and concludes with an illuminating discussion of possible avenues of transmission between the orient and Greece. He believes that an age has dawned in which Hellenists will no more be able to ignore Near Eastern literature and Latinists can ignore Greek. -

Classical Mythology in Context Feb 03 2022 "Written for the way instructors teach and students learn, Classical Mythology in Context provides a truly contextualized treatment of classical myth that combines ancient sources, comparative perspectives, and modern and theoretical interpretations"--

Homer and the Origin of the Greek Alphabet Jan 14 2023 A challenging and fascinating enquiry into the genesis of alphabetic writing.

The Penguin Book of Classical Myths Oct 08 2022 The figures and events of classical myths underpin our culture and the constellations named after them fill the night sky. Whether it's the raging Minotaur trapped in the Cretan labyrinth or the twelve labours of Hercules, Aphrodite's birth from the waves or Zeus visiting Danae as a shower of gold, the mythology of Greece and Rome is full of unforgettable stories. All the stories of the Greek tragedies - Oedipus, Medea, Antigone - are there; all the events of the Trojan wars and Odysseus and Aeneas' epic journeys; the founding of Athens and of Rome... These are the strangest tales of love, war, betrayal and heroism ever told and, while brilliantly retelling them, this book shows how they echo through the works of much later writers from Chaucer and Shakespeare to Camus and Ted Hughes. Full of attractive illustrations and laid out in eighteen clear chapters (the titles include 'Dangerous Women' and 'Heroes') Dr Jennifer March has written a fascinating guide to the myths of classical civilization which is as readable as a novel.

Homer Sep 29 2021 This concise book is a complete and contemporary introduction to Homer and his two master-works, the Iliad and the Odyssey. It explains the "Homeric Question," illuminating its current status, and critiques the literary qualities of the Iliad and the Odyssey, analyzing and contrasting their plotting, narrative technique, and characterization. Provides historical background and literary readings of The Iliad and The Odyssey New to the second edition: a section on Homer's reception in ancient Greece; a chapter on Homer and archaeology; additional maps; an updated bibliography; a glossary of key terms; and information on the oral composition of the poems Text is updated throughout Assumes no prior knowledge of Greek

D'aulaires' Book of Greek Myths May 14 2020 THE GODS AND GODDESSES OF GREECE IN ENCHANTING FORM.

Classical Myth, Books a la Carte Edition Apr 05 2022

The Returns of Odysseus Jul 28 2021 This remarkably rich and multifaceted study of early Greek exploration makes an original contribution to current discussions of the encounters between Greeks and non-Greeks. Focusing in particular on myths about Odysseus and other heroes who visited foreign lands on their mythical voyages homeward after the

Trojan War, Irad Malkin shows how these stories functioned to mediate encounters and conceptualize ethnicity and identity during the Archaic and Classical periods. Synthesizing a wide range of archaeological, mythological, and literary sources, this exceptionally learned book strengthens our understanding of early Greek exploration and city-founding along the coasts of the Western Mediterranean, reconceptualizes the role of myth in ancient societies, and revitalizes our understanding of ethnicity in antiquity. Malkin shows how the figure of Odysseus became a proto-colonial hero whose influence transcended the Greek-speaking world. The return-myths constituted a generative mythology, giving rise to oral poems, stories, iconographic imagery, rituals, historiographical interpretation, and the articulation of ethnic identities. Reassessing the role of Homer and alternative return-myths, the book argues for the active historical function of myth and collective representations and traces their changing roles through a spectrum of colonial perceptions—from the proto-colonial, through justifications of expansion and annexation, and up to decolonization.

A Short Introduction to Classical Mythology  
Apr 17 2023 What is a myth? -- The meaning of myth I: ancient and premodern theories -- The meaning of myth II: modern theories -- Cultural context of Greek myth -- The development of classical myth -- Myth and creation: Hesiod's Theogony and its near eastern sources -- Greek myth and Greek religion: Persephonê, Orpheus, and Dionysus -- Myth and the hero: the legends of Heracles and Gilgamesh -- Myth and history: Crete and the legend of the Trojan War -- Myth and folktale: the legend of Odysseus' return -- Myth and society: the legend of the Amazon -- Myth and law: the legend of Orestes -- Roman myth and Roman religion: the Metamorphoses of Ovid -- Myth and politics: the myth of Theseus and the Aeneid of Virgil -- Myth and art.

Homo Necans  
May 26 2021 "A milestone, not only in the field of classics but in the wider field of the history of religion. . . . It will find a place alongside the works of Jane Ellen Harrison, Sir James George Frazer, Claude Lévi-Strauss, and van Genneep."—Wendy Flaherty, Divinity School, University of Chicago "This book is a professional classic, an absolute must for any serious student of Greek religion."—Albert Henrichs, Harvard University

The House of Atreus  
Jul 16 2020 Aeschylus was a Greek playwright considered to be the founder of the tragedy. Aeschylus along with Sophocles and Euripides are the three major Greek tragedians whose plays have survived. Before Aeschylus, characters in a play only interacted with the chorus. Aeschylus expanded the number of actors allowing for interaction among the characters. Seven of his 92 plays have survived. The Persian invasion of Greece, which took place during his lifetime, influenced many of his plays. The Oresteia is a trilogy of Greek tragedies written by Aeschylus, which concerns the end of the curse on the House of Atreus. The plays were "Agamemnon," "Choephorae" (The Libation-Bearers), and the "Eumenides" (Furies).

A New Companion to Homer  
Oct 11 2022 This volume is the first English-language survey

of Homeric studies to appear for more than a generation, and the first such work to attempt to cover all fields comprehensively. Thirty leading scholars from Europe and America provide short, authoritative overviews of the state of knowledge and current controversies in the many specialist divisions in Homeric studies. The chapters pay equal attention to literary, mythological, linguistic, historical, and archaeological topics, ranging from such long-established problems as the "Homeric Question" to newer issues like the relevance of narratology and computer-assisted quantification. The collection, the third publication in Brill's handbook series, "The Classical Tradition," will be valuable at every level of study - from the general student of literature to the Homeric specialist seeking a general understanding of the latest developments across the whole range of Homeric scholarship.

Outlines and Highlights for Classical Myth by Barry B Powell Aug 29 2021 Never HIGHLIGHT a Book Again! The Anarchist Cookbook Jan 22 2021 The Anarchist Cookbook will shock, it will disturb, it will provoke. It places in historical perspective an era when "Turn on, Burn down, Blow up" are revolutionary slogans of the day. Says the author "This book... is not written for the members of fringe political groups, such as the Weatherman, or The Minutemen. Those radical groups don't need this book. They already know everything that's in here. The real people of America, the silent majority, are going to survive, they must educate themselves. That is the purpose of this book." In what the author considers a survival guide, there is explicit information on the uses and effects of drugs, ranging from pot to heroin to peanuts. There is detailed advice concerning electronics, sabotage, and surveillance, with data on everything from bugs to scramblers. There is a comprehensive chapter on natural, non-lethal, and lethal weapons, running the gamut from cattle prod to sub-machine guns to bows and arrows.

World Myth Mar 16 2023 Deviating from the typical thematically organized mythology anthology, Barry Powell organizes this text first by geography and then by chronology. In doing this the text becomes a 'history of the world,' showing us how different peoples understood their environment and its challenges through myth.

Art and Myth in Ancient Greece Jan 26 2021 The Greek myths are so much part of our culture that we tend to forget how they entered it in the first place. Visual sources such as paintings, engraved gems and sculpture in bronze and stone often pre-date references to the myths in literature, or offer alternative, unfamiliar tellings. In some cases visual art provides our only evidence, as there is no surviving account in ancient Greek literature of such important stories as the Fall of Troy, or Theseus and the Minotaur. T. H. Carpenter's book is the first comprehensive, scholarly yet succinct survey of myth as it appears in Greek art. Copiously illustrated, it is an essential reference work for everybody interested in the art, drama, poetry or religion of ancient Greece. With this handbook as a guide,

readers will be able to identify scenes from myth across the full breadth of archaic and classical Greek art.

Writing and the Origins of Greek Literature Oct 31 2021 Professor Powell ties the origin and nature of archaic Greek literature to the special technology of Greek alphabetic writing. In building his model he presents chapters on specialized topics - text, orality, myth, literacy, tradition and memorization - and then shows how such special topics relate to larger issues of cultural transmission from East to West. Several chapters are devoted to the theory and history of writing, its definition and general nature as well as such individual developments as semasiography and logosyllabography, Chinese writing and the West Semitic family of syllabaries. He shows how the Greek alphabet put an end to multiliteralism of Eastern traditions of writing, and how the recording of Homer and other early epic poetry cannot be separated from the alphabetic revolution. Finally, he explains how the creation of Greek alphabetic texts demoticized Greek myth and encouraged more free creations of new myths based on Eastern images.

Turn, Magic Wheel Jun 14 2020 Dennis Orphen, in writing a novel, has stolen the life story of his friend, Effie Callingham, the former wife of a famous, Hemingway-like novelist, Andrew Callingham. Orphen's betrayal is not the only one, nor the worst one, in this hilarious satire of the New York literary scene. (Powell personally considered this to be the best New York novel.) Powell takes revenge here on all publishers, and her baffoonish MacTweed is a comic invention worthy of Dickens. And as always in Powell's New York novels, the city itself becomes a central character: "On the glittering black pavement I hurried by with umbrella tops, taxis skidded along the curb, their wheels swishing through the puddles, raindrops bounced like dice in the gutter." Powell's famous wit was never sharper than here, but Turn, Magic Wheel is also one of the most poignant and heart-wrenching of her novels.

Autobiography of Red Mar 04 2022 The award-winning poet reinvents a genre in a stunning work that is both a novel and a poem, both an unconventional re-creation of ancient Greek myth and a wholly original coming-of-age story set in the present. Geryon, a young boy who is also a winged red monster, reveals the volcanic terrain of his fragile and tormented soul in an autobiography he begins at the age of five. As he grows older, Geryon escapes his abusive brother and affectionate but ineffectual mother, finding solace behind the lens of his camera and in the arms of a young man named Herakles, a cavalier drifter who leaves him at the peak of infatuation. When Herakles reappears years later, Geryon confronts again the pain of his desire and embarks on a journey that will unleash his creative imagination to its fullest extent. By turns whimsical and haunting, erudite and accessible, richly layered and deceptively simple, Autobiography of Red is a profoundly moving portrait of an artist coming to terms with the fantastic accident of who he is. **NEW YORK TIMES NOTABLE BOOK OF THE YEAR National Book Critics Circle Award Finalist**

"Anne Carson is, for me, the most exciting poet writing in English today" --Michael Ondaatje "This book is amazing--I haven't discovered any writing in years so marvelously disturbing." --Alice Munro "A profound love story . . . sensuous and funny, poignant, musical and tender." --The New York Times Book Review "A deeply odd and

immensely engaging book. . . . [Carson] exposes with passionate force the mythic underlying the explosive everyday." --The Village Voice

Jan 02 2022 Renowned Homer scholar Barry B. Powell has already given the world powerful new translations of the Iliad and the Odyssey. Now his Homer's Iliad and Odyssey: The Essential Books brings together his translations of the most important books and passages from these two great poems in one handy volume. Accessible, poetic, and accurate, Barry Powell's translations are an excellent fit for today's students. With swift, transparent language that rings both ancient and modern, Powell exposes students to all of the rage, pleasure, pathos, cunning, and humor that are Homer's Iliad and Odyssey. Both the translations and the introductions are informed by the best recent scholarship. FEATURES \* Uses well-modulated verse and accurate English that is contemporary but never without dignity \* Powell's introduction sets the poems in the philological, mythological, and historical contexts \* Features unique on-page notes, facilitating students' engagement with the poems \* Embedded illustrations accompanied by extensive captions provide Greek and Roman visual sources for key passages \* Maps provide geographic context for the poems' many place names \* Audio recordings (read by Powell) of important passages are available on the book's Companion Website and indicated in the text margin by an icon

Oct 19 2020 Organized chronologically, this book presents a complete picture of Greek civilization as a history. It features sections on the art, architecture, literature, and thought of each period. Names and dates are provided, and cultural achievements and social transformations that accompanied the cascade of historical events are carefully examined. This comprehensive, balanced treatment of ancient Greece covers its history from the prehistoric through the Mycenaean Period, the Dark Ages, the Classical Period, the Hellenistic, and the absorption of Greek culture by Rome. For an understanding of Greek history-its culture and the people-as a whole.

Classical Myth Aug 09 2022 The ancient Greek hymnic tradition translated beautifully and accessibly. The hymn—as poetry, as craft, as a tool for worship and philosophy—was a vital art form throughout antiquity. Although the Homeric Hymns have long been popular, other equally important collections have not been readily accessible to students eager to learn about ancient poetry. In reading hymns, we also gain valuable insight into life in the classical world. In this collection, early Homeric Hymns of uncertain authorship appear along with the carefully wrought hymns of the great Hellenistic poet and courtier Callimachus; the mystical writings attributed to the legendary poet Orpheus written as Christianity was taking over the ancient world; and finally, the hymns of Proclus, the last great pagan philosopher of antiquity, from the fifth century AD, whose intellectual influence throughout western culture has been profound. Greek Poems to the Gods distills over a thousand years of the ancient Greek hymnic tradition into a single volume. Acclaimed translator Barry B. Powell brings these fabulous texts to life in English, hewing closely to the poetic beauty of the original Greek. His superb introductions and notes give readers essential context, making the hymns as accessible to a beginner approaching them for the first time as to an advanced student continuing to explore their secrets. Brilliant illustrations from ancient art enliven and enrich the experience of reading these poems.

Classical Myth Dec 13 2022

Classical Myth Nov 12 2022 What is a myth? -- The meaning of myth I: ancient and premodern theories -- The meaning of myth II: modern theories -- Cultural context of Greek myth -- The development of classical myth -- Myth and creation: Hesiod's Theogony and its near eastern sources -- Greek myth and Greek religion: Persephonê, Orpheus, and Dionysus -- Myth and the hero: the legends of Heracles and Gilgamesh -- Myth and history: Crete and the legend of the Trojan War -- Myth and folktale: the legend of Odysseus' return -- Myth and society: the legend of the Amazon -- Myth and law: the legend of Orestes -- Roman myth and Roman religion: the Metamorphoses of Ovid -- Myth and politics: the myth of Theseus and the Aeneid of Virgil -- Myth and art.

Classical Myth Sep 17 2020 This book traces the image of the pregnant male as it evolves in classical Greek literature. Originating as a representation of paternity and, by extension, "authorship" of creative works, the image later comes to function also as a means to explore the boundary between the sexes.

Classical Myth Aug 17 2020 Hercules, Zeus, Thor, Gilgamesh--these are the figures

that leap to mind when we think of myth. But to David Leeming, myths are more than stories of deities and fantastic beings from non-Christian cultures. Myth is at once the particular and the most universal feature of civilization, representing common concerns that each society voices in its own idiom. Whether an Egyptian story of creation or the bang theory of modern physics, myth is metaphor, mirroring our deepest sense of ourselves in relation to existence itself. Now, in *The World of Myth*, Leeming provides a sweeping anthology of myths, ranging from ancient Egypt and Greece to the Polynesian islands and modern science. We read stories of great floods from the ancient Babylonians, Hebrews, Chinese, and Mayans; tales of apocalypse from India, the Norse, Christianity, and modern science; myths of the mother goddess from Native American Hopi culture to James Lovelock's Gaia. Leeming has culled myths from Aztec, Greek, African, Australian Aboriginal, Japanese, Moslem, Hittite, Celtic, Chinese, and Persian cultures, offering one of the most wide-ranging collections of what he calls the collective dreams of humanity. More important, he has organized these myths according to a number of themes, comparing and contrasting how various societies have addressed similar concerns, or told similar stories. In the section on dying gods, for example, both Odin and Jesus sacrifice themselves to renew the world, each dying on a tree. Such traditions, he proposes, may have their roots in societies of the distant past, which would ritually sacrifice the kings to renew the tribe. In *The World of Myth*, David Leeming takes us on a journey "not through a maze of falsehood but through a marvellous world of metaphor," metaphor that is "the story of the relationship between the known and the unknown, both around us and within us." Fantastic, tragic, bizarre, sometimes funny, the myths he presents speak of the most fundamental human experience, a part of what Joseph Campbell called "the wonderful song of the soul's high adventure."

Jun 19 2023 Comprehensive and scholarly, this well-designed text presents Greek and Roman myths in a lively and easy-to-read manner. The material has been rearranged to make it easier to find and the new edition has been streamlined. It features fresh translations, numerous illustrations (ancient and modern) of classical myths and legends, and commentary that emphasizes the anthropological, historical, religious, sociological, and economic contexts in which the myths were told. It also provides a cultural context so that readers can see how mythology has influenced the world and how it continues to influence society today.

Dec 21 2020 'The Making of the Odyssey' is a penetrating study of the background, composition, and artistry of the Homeric Odyssey, which places

the poem in its late seventh-century context in relation to the 'Iliad' and other poetry of the time.

**Buddha** Apr 12 2020 Leaving the palace where he had been sheltered from a prediction that destined him to be a holy man, Prince Siddhartha sees for the first time the suffering in the world, and begins the journey that transforms him into the Buddha.

**Greek Myths** Feb 20 2021 This collection contains more than 30 enthralling new retellings of favorite myths as well as some you might not have heard before! Including Theseus and the Minotaur, The Twelve Labors of Heracles, and the escapades of Jason and the Argonauts, each myth is told in engaging modern language, which is easy for children to understand yet still retains the humor and intrigue of the original tales. Stunning illustrations by multi-award winning artist Katie Ponder breathe new life into each classic story. Additional feature pages delve deeper into the mythical world, providing profiles of the gods. The reference section provides key background information, such as Ancient Greek storytelling and the incredible beasts of the myths, and a pronunciation guide. **Greek Myths** is the perfect gift, featuring foil on the cover and beautiful illustrations throughout. Children will love exploring the tales by themselves or as bedtime stories. This book will be treasured forever.

**The Poems of Hesiod** Jan 07 2022 "The Theogony is one of the most important mythical texts to survive from antiquity, and we devote the first section to it. It tells of the creation of the present world order under the rule of almighty Zeus. The Works and Days, in the second section, describes a bitter dispute between Hesiod and his brother over the disposition of their father's property, a theme that allows Hesiod to range widely over issues of right and wrong. The Shield of Herakles, whose centerpiece is a long description of a work of art, is not by Hesiod, at least most of it, but it was always attributed to antiquity. It is Hesiodic in style and has always formed part of the Hesiodic corpus. It makes up the third section of this book"--Provided by publisher.

**Classical Myth** Aug 21 2023 "Comprehensive and scholarly, this well-designed and class-tested text presents Greek and Roman myths in a lively and easy-to-read manner"--

**Classical Myth: Pearson New International Edition** Feb 15 2023 For courses in Classical Mythology in Classics, English, or other departments.
