*The Happiest Baby on the Block* Koala Books

From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge

fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together

**The Complete Guide to a Good Night's Rest for the Whole Family** Little, Brown Spark

In the US edition of this international bestseller, Adam Kay channels Henry Marsh and David Sedaris to tell us the "darkly funny" (The New Yorker) -- and sometimes horrifying -- truth about life and work in a hospital. Welcome to 97-hour weeks. Welcome to life and death decisions. Welcome to a constant tsunami of bodily fluids. Welcome to earning less than the hospital parking meter. Wave goodbye to your friends and relationships. Welcome to the life of a first-year doctor. Scribbled in secret after endless days, sleepless nights and missed weekends, comedian and former medical resident Adam Kay's This Is Going to Hurt provides a no-holds-barred account of his time on the front lines of medicine. Hilarious, horrifying and heartbreaking by turns, this is everything you wanted to know -- and more than a few things you didn't -- about life on and off the hospital ward. And yes, it may

leave a scar.

**Sleep Disorders in Children** Peachtree Publishers

"Whatever you do, please Don't Wake Her Up!" When is murder not murder? Amber-Rose is the happiest person in the world. Life is looking good for her. She has just landed a well-paying job at a high-tech company New World, in a new high tech town where all the world's best brains have come together to create a virtual world of Augmented Reality. She has just fallen in love with a gorgeous guy at the company. Things look set to take off ... until her past turns up. Now, her past is back, threatening to destroy her and everything she loves and cherishes. Why is Amber-Rose afraid of her past? Surely, she can stand and fight for what she loves and cherishes ...? But Amber-Rose has a dark secret. She has been living in an Augmented Reality of her own... She is a sleepwalker. Worse, she does things whilst she is sleepwalking, bad things she dares not remember. Things she conveniently can't remember when she wakes up. Will Amber-Rose survive? Or is this the end to her promising career and blossoming love affair?

"I think it's sweet. I really like it." - Jacinda Ardern, interview with The Spinoff  
The baby is asleep and all is well. All is quiet until... Along comes a crowd of rowdy sports fans, paparazzi, politicians and many more. Shhh! Don't wake the baby! "A book which inspires youngsters to read." - NZ Herald  
[Don't Copy Me!](#) On Becoming Babywise

The book everyone is talking about: how the French manage to raise well-behaved children, and have a life! Who hasn't noticed how well-behaved French children are, compared to our own? How come French babies sleep through the night? Why do French children happily eat what is put in front of them? How can French mothers chat to their friends while their children play quietly? Why are French mothers more likely to be seen in skinny jeans than tracksuit bottoms?

This story explains the actions of two teenage boys, who are confronted by the fight or flight options when their lives are turned upside down by circumstances beyond their control. Andy McLean, the Scot, chooses the 'FIGHT' option. Bullied by his alcoholic father throughout his sixteen years, he comes home one night to his mother being terrorized by her drunken husband. In a fit of uncontrollable rage, Andy attacks his father and accidentally kills him. His self-preservation instinct kicks in and urges him to revert to flight to escape a long prison sentence. Tommy Nelson chooses 'FLIGHT' when, at fifteen years old, his parents are killed in a car crash. The authorities could not find foster parents for him so they were going to send him to an Orphanage for his own safety. Tommy decided to take his chances elsewhere and "did a runner" to become a street kid. He did odd jobs when available or, alternatively, joined a street gang of kids who were also runaways. They did what it took to survive. Andy and Tommy meet by a strange coincidence. They both decided to kip for the night in the same disused warehouse on the Dockyards at Southampton, to shelter from the icy winter weather. After an initial altercation they formed a strange bond which was to last a lifetime: both afraid, but stronger together. Instinctively trusting one another in a new bond of friendship, they decided to try to make a new life for themselves by stowing away on a ship bound for Australia. Both boys, frightened and pretending to be hard men, looked forward to their sea escape, hoping that Andy's Uncle Jack, an Australian resident, would sponsor them. He may even be able to advise them and help them find trades; Tommy as a Chef and Andy as a Marine Engineer. On their journey, maritime pirates attack their ship and the boys are instrumental in foiling their murderous plans. The Captain promises to reward them and writes them a glowing character reference. When they finally arrive in Australia, Andy continues his boxing career and, with his trainer, travels to the 'outback' town of Coober Pedy where the world's best opals are mined. He has agreed to fight the local Aboriginal boxer to raise funds for the Royal Flying Doctor Service. One experience after another makes Andy realize he is extremely lucky to have been given a second chance to make a new life for himself. Both boys work hard to prove themselves in their chosen career. Read what happens to the boys in Australia where they have to fight

Pictures and words tell the story of a little girl who watches her baby brother as he sleeps

*Baby Beluga* Baby Owl

A hilariously candid account of one woman's quest to bring her post-baby marriage back from the brink, with life-changing, real-world advice. "Get this for your pregnant friends, or yourself." --People Recommended by Nicole Cliffe in Slate Featured in People Picks A Red Tricycle Best Baby and Toddler Parenting Book of the year One of Mother magazine's favorite parenting books of the year How Not To Hate Your Husband After Kids tackles the last taboo subject of parenthood: the startling, white-hot fury that new (and not-so-new) mothers often have for their mates. After Jancee Dunn had her baby, she found that she was doing virtually all the household chores, even though she and her husband worked equal hours. She asked herself: How did I become the 'expert' at changing a diaper? Many expectant parents spend weeks researching the best crib or safest car seat, but spend little if any time thinking about the titanic impact the baby will have on their marriage - and the way their marriage will affect their child. Enter Dunn, her well-meaning but blithely unhelpful husband, their daughter, and her boisterous extended family, who show us the ways in which outmoded family patterns and traditions thwart the overworked, overloaded parents of today. On the brink of marital Armageddon, Dunn plunges into the latest relationship research, solicits the counsel of the country's most renowned couples' and sex therapists, canvasses fellow parents, and even consults an FBI hostage negotiator on how to effectively contain an "explosive situation." Instead of having the same fights over and over, Dunn and her husband must figure out a way to resolve their larger issues and fix their family while there is still time. As they discover, adding a demanding new person to your relationship means you have to reevaluate--and rebuild--your marriage. In an exhilarating twist, they work together to save the day, happily returning to the kind of peaceful life they previously thought was the sole province of couples without children. Part memoir, part self-help book with actionable and achievable advice, How Not To Hate Your Husband After Kids is an eye-opening look at how the man who got you into this position in this first place is the ally you didn't know you had.

*The Baby Sleep Book* Clever Publishing

The perfect baby book for new moms and dads! You've just had a baby. Everything is perfect. Then the hospital sends you home—without an instruction manual... Baby expert Gina Ford comes to the rescue with her newly revised hour-by-hour, week-by-week guide. One of Great Britain's top parenting experts, she draws on more than twenty years of experience researching and studying the natural sleep rhythms and feeding patterns of babies to ease the stresses and worries of new parents. In this new edition, you'll find everything you need to know to get your newborn to sleep through the night. In addition to advice on sleep training, Ford shares her expertise on feeding schedules, colic, crying, teething, illness, pacifiers, separation anxiety, and setting up the perfect nursery. With this easy-to-follow guide, Ford will have your whole family sleeping through the night—happily and peacefully—in no time.
