Venom By Michelinie & McFarlane New Romantics Press

After being left at the alter by his long time girlfriend, Gigi Romano hasn't been quite the same. He's vowed to never have his heart broken again and plunges himself into a world of nameless and faceless women. Ten years later, his player ways are still strong, but other areas of his life are growing weak, especially his relationship with his son. Gigi continually promises to change his ways but always finds himself succumbing to his sexual desires, whether it be with the sultry Diana or levelheaded Melissa. However, when Qui returns to New York City, Gigi believes that his first true love will be able to change him for the better—that is until he meets his Mystery Woman. Allowing her to slip through his grasp once, Gigi swears that if given the chance again he'll give her everything her heart desires. However, when they meet again through a chance encounter, Gigi realizes that his all might not be enough. Life hasn't been easy for Jade Romano either. Fresh out of a divorce, Jade finds herself the eye candy of every woman in New York City except for the one she really wants: her boss, Lia. With the face of a Creole angel, the body of a bombshell, and the vocals to match, it's no wonder

that Lia's everything Jade could ever want. There's only one problem—Lia can't stand her. Although Jade finds herself at the end of Lia's cool glares and catty ways, it doesn't stop her from wondering what's underneath Lia's marble façade. When she does have a peek, it's enough to pull her in completely. The problem? Her ex-wife, Brandy. Armed with a poisonous secret and a deadly desire to take back what's hers, Brandy barrels back into Jade's life with promises to wreak havoc unless she returns to the place where the pain started. Home. Every love affair comes with a price and Gigi must pay for the actions of his past while Jade suffers for the choices she'll have to make in the future. There's no question that either of the Romano children are strong enough to handle it—the question is: in the end is it all worth it?

Is there more to the spoiled, entitled, British billionaire man-whore than what I see on the surface? I really want to hate Dylan Lancaster. He hurt my best friend, and nearly destroyed her relationship with his identical twin brother. So, I decide that someone needs to rein him in so he doesn't try to demolish the couple completely before their wedding takes place. Unfortunately, the only woman who would try to take on that impossible task is...me. It's only six weeks, right? Surely I can tolerate the womanizing, obnoxious jerk and keep him out of trouble so that no more of his scandals hit the media before his brother's wedding. I'm a public relations crisis manager. Squashing bad press is what I do, and I do it extremely well for my high profile clients. What I don't count on is actually starting to like the glimpses of the real Dylan I begin to see underneath all of his cynicism. Nor did I ever imagine that I'd become so attracted to him that I could barely breathe every time he gets close to me. Dylan is a man who has suffered profound emotional pain. I can sense it. I can feel it. The question is: Can I possibly reach the real Dylan Lancaster before it's too late?

Hans Ulrich Obrist curated his first exhibit in his kitchen when he was twenty-three years old. Since then he has staged more than 250 shows internationally, many of them among the most influential exhibits of our age. Ways of Curating is a compendium of the insights Obrist has gained from his years of extraordinary work in the art world. It skips between centuries and continents, flitting from meetings with the artists who have inspired him (including Gerhard Richter, Louise Bourgeois, and Gilbert and George) to biographies of influential figures such as Diaghilev and Walter Hopps. It describes some of the greatest exhibitions in history, as well as some of the greatest exhibitions never realized. It traces the evolution of the collections from Athanasius Kircher's 17th-century Wunderkammer to modern museums, and points the way for projects yet to come. Hans Ulrich Obrist has rescued the word "curate" from wine stores and playlists to remind us of the power inherent in looking at art—and at the world—in a new way.

Life. It wears many different faces throughout time. Sometimes the faces are happy, sometimes sad, sometimes good, sometimes bad, sometimes indifferent. The faces change constantly. The faces are very important. Sometimes they show up to help us grow. Sometimes they are there to teach us a lesson. Sometimes they are there to encourage us. Sometimes they punish us for bad deeds we do and reward us for the good we do. Sometimes, the faces are gorgeous, sometimes, not so much.. The faces make life what it is. Love comes in many forms. It can be a newborn baby, a fresh springtime rain, a cute little puppy dog, or many different forms. It could be the birds chirping at a park or a raging waterfall. There are many different variations of love as well, for example you could say "I love my jeans" and "I love my wife". Love is constant. It is everywhere. It is all around you, you just may not recognize what it is. When life and love come together, you get faces of the waterfall. Then there’s the Light. The omnipotent, all-seeing, all-knowing Light. The Light holds everything together and brings order to a somewhat chaotic world. Some call it a "higher power", some call it "The man upstairs", while others, like myself, simply call it God. When life and love get out of whack, the Light brings them together so everything can go on. The Light brightens an otherwise dark world. The poems contained in this book will show the many different faces of life. The lighter side of life and the dark. They will show different forms of love as it comes in many different shapes and sizes. And they will introduce you to the Light of the World as He weaves the threads and brings it all together. I hope you enjoy each and every poem in the book. Thanks for your support.

Alex was one of the most electric and domineering men I had ever met. I was hooked from the beginning. He was passionate, and captivating, and he wanted me. For two months. I couldn’t turn away from our connection. I wanted more, needed more, and I was close to risking everything to stay in his arms. I didn’t realize there were circumstances lurking around the corner ready to tear us apart.
