A 2023 Next Generation Indie Book Award
Finalist for Best First Novel “Debut novelist
Tector captures European life and her
characters beautifully as she interweaves

the perspectives of four women seeking fulfillment and success in this satisfying adventure. Keep an eye on this author.” —Booklist Alice Ahmadi has never been certain of where she belongs. When she discovers a famed emerald necklace while interning at a struggling Parisian magazine, she is plunged into a glittering world of diamonds and emeralds, courtesans and spies, and the long-buried secrets surrounding the necklace and its

glamorous former owners. When Alice realizes the mysterious Honeybee Emeralds could be her chance to save the magazine, she recruits her friends Lily and Daphne to form the “Fellowship of the Necklace.” Together, they set out to uncover the romantic history of the gems. Through diaries, letters, and investigations through the winding streets and iconic historic landmarks of Paris, the trio begins to unravel more than just the secrets of

the necklace's obsolete past. Along the way, Lily and Daphne's relationships are challenged, tempered, and changed. Lily faces her long-standing attraction to a friend, who has achieved the writing success that eluded her. Daphne confronts her failing relationship with her husband, while also facing simmering problems in her friendship with Lily. And, at last, Alice finds her place in the world—although one mystery still remains: how did the Honeybee Emeralds go from the neck of American singer Josephine Baker during the Roaring Twenties to the basement of a Parisian magazine?

This emotionally haunting and beautifully written young adult debut delves into the devastating impact of trauma and loss, in the vein of Laurie Halse Anderson's *Wintergirls*. Seventeen-year-old Stevie is trapped. In her life. In her body. And now in an eating-disorder treatment center on the dusty outskirts of the New Mexico desert. Life in the center is regimented and intrusive, a nightmare come true. Nurses and therapists watch Stevie at meal time, accompany her to the bathroom, and challenge her to eat the

foods she's worked so hard to avoid. Her dad has signed her up for sixty days of treatment. But what no one knows is that Stevie doesn't plan to stay that long. There are only twenty-seven days until the anniversary of her brother Josh's death—the death she caused. And if Stevie gets her way, there are only twenty-seven days until she, too, will end her life. Paperweight follows seventeen-year-old Stevie's journey as she struggles not only with a life-threatening eating disorder, but with the question of whether she can ever find absolution for the mistakes of her past...and whether she truly deserves to.

Goodbye from Nowhere Bantam

The Map of My Dead Pilots is about flying, pilots, and Alaska, the beautiful and deadly Last Frontier. Author Colleen Mondor spent four years running dispatch operations for a Fairbanks-based commuter and charter airline, and she knows all too well the gap between the romance and reality of small plane piloting in the wildest territory of the United States. From overloaded aircraft to wings covered in ice, from flying sled dogs and dead bodies, piloting in Alaska is about living hard and working even harder. What Mondor witnessed day to day would make anyone's hair stand on end. Ultimately, it is the pilots themselves—laced with ice

and whiskey, death and camaraderie, silence and engine roar—and their harrowing tales who capture her imagination. In fine detail, this series of stories reveals the technical side of flying, the history of Alaskan aviation, and a world that demands a close communion with extreme physical danger and emotional toughness.

Renowned journalist Nell Frizzell explores what happens when a woman begins to ask herself: should I have a baby? We have descriptors for many periods of life—adolescence, menopause, mid-life crisis, quarter-life crisis—but there is a period of profound change that many women face, often in their late twenties to early forties, that does not yet have a name. Nell Frizzell is calling this period of flux “the panic years,” and it is often characterized by a preoccupation with one major question: should I have a baby? And from there—do I want a baby? With whom should I have a baby? How will I know when I’m ready? Decisions made during this period suddenly take on more weight, as questions of love, career, friendship, fertility, and family clash together while peers begin the process of coupling and breeding. But this very important process is rarely written or talked about beyond the clichés of the “ticking clock.” Enter Frizzell, our comforting guide, who uses personal stories from her own experiences in the panic years to illuminate the larger social and cultural trends, and gives voice

to the uncertainty, confusion, and urgency that tends to characterize this time of life. Frizzell reminds us that we are not alone in this, and encourages us to share our experiences and those of the women around us—as she does with honesty and vulnerability in these pages. Raw and hilarious, *The Panic Years* is an arm around the shoulder for every woman trying to navigate life's big decisions against the backdrop of the mother of all questions.

When creating her post-apocalyptic world of *The Hunger Games*, author Suzanne Collins drew from various real-world history and geography, particularly from Appalachia, which is reflected in the culture and location of District 12. With the release of her 2019 prequel, *The Ballad of Songbirds and Snakes*, Collins brought readers deeper into Appalachia's extraordinary cultural diversity and its storied musical traditions. This book provides a tour of human geography, history and culture that establishes the foundation for the saga's novels and films. Told from the expertise of a geographer, it explores how place can shape culture, how social and geographical concepts intersect and how these ideas apply to *The Hunger Games*. Specifically, the work explores the idea of “home,” and how attachment to a place is strengthened through landscape, geography and song.
