All Yesterdays is a book about the way we see dinosaurs and other prehistoric animals. Lavishly illustrated with over sixty original artworks, All Yesterdays aims to challenge our notions of how prehistoric animals looked and behaved. As a critical exploration of palaeontological art, All Yesterdays asks questions about what is probable, what is possible, and what is commonly ignored. Written by palaeozoologist Darren Naish, and palaeontological artists John Conway and C.M. Kosemen, All Yesterdays is scientifically rigorous and artistically imaginative in its approach to fossils of the past - and those of the future.

From Jules Verne to the Jetsons, from a 500-passenger flying wing to an anti-aircraft flying buzz-saw, the vision of the future as seen through the eyes of the past demonstrates the play of the American imagination on the canvas of the future.

In nine poignant stories spiked with humor and intelligence, Chitra Banerjee Divakaruni captures lives at crossroad moments—caught between past and present, home and abroad, tradition and fresh experience. A widow in California, recently arrived from India, struggles to adapt to a world in which neighbors are strangers and her domestic skills are deemed superfluous in the award-winning “Mrs. Dutta Writes a Letter.” In “The Intelligence of Wild Things,” a woman from Sacramento visits her brother in Vermont to inform him that back in Calcutta their mother is dying. And in the title story, a painter looks to ancient myth and the example of her grandmother for help in navigating her first real crisis of faith. Knowing, compassionate and expertly rendered, the stories in The Unknown Errors of Our Lives depict the eternal struggle to find a balance between the pull of home and the allure of change.

INTERNATIONAL BESTSELLER - "On Friday night you stole the life of an exceptional person, the love of my life, the mother of my son, but you will not have my hate." On November 13, 2015, Antoine Leiris's wife, Hélène Muyal-Leiris, was killed by terrorists while attending a rock concert at the Bataclan Theater in Paris, in

the deadliest attack on France since World War II. Three days later, Leiris wrote an open letter addressed directly to his wife's killers, which he posted on Facebook. He refused to be cowed or to let his seventeen-month-old son's life be defined by H el ene's murder. He refused to let the killers have their way: "For as long as he lives, this little boy will insult you with his happiness and freedom." Instantly, that short Facebook post caught fire, and was reported on by newspapers and television stations all over the world. In his determination to honor the memory of his wife, he became an international hero to everyone searching desperately for a way to deal with the horror of the Paris attacks and the grim shadow cast today by the threat of terrorism. Now Leiris tells the full story of his grief and struggle. *You Will Not Have My Hate* is a remarkable, heartbreaking, and, indeed, beautiful memoir of how he and his baby son, Melvil, endured in the days and weeks after H el ene's murder. With absolute emotional courage and openness, he somehow finds a way to answer that impossible question: how can I go on? He visits H el ene's body at the morgue, has to tell Melvil that Mommy will not be coming home, and buries the woman he had planned to spend the rest of his life with. Leiris's grief is terrible, but his love for his family is indomitable. This is the rare and unforgettable testimony of a survivor, and a universal message of hope and resilience. Leiris confronts an incomprehensible pain with a humbling generosity and grandeur of spirit. He is a guiding star for us all in these perilous times. His message—hate will be vanquished by love—is eternal.

*All Our Yesterdays* is the first history of the City of Detroit to be published in the last twenty-five years. It is an account based on extensive historical research, yet is written in such a style as to make interesting and enjoyable reading. The authors tell of the founding of the the town by the French, control by the British, and growth as an American city. These episodes are recounted in the words and deeds of the people who lived and worked here, men like Judge Woodward, Father Gabriel Richard, and Governor Lewis Cass. Here also are accounts of the expansion of the automobile industry, the days of the roaring twenties, prohibition, the great depression, World Wars I and II, and the city of the 1950s and 1960s. This is the story of a great city; a story of past deeds, present problems, and future hopes. But more important, this is a story by and about the people of Detroit, for it is the people that have made this city great.

A “sweeping and raw story of courage, resilience, and clear-eyed grace” (Sara Gruen, #1 New York Times bestselling author) about a teenage girl’s fierce struggle to reclaim her life from her abusive father in the vein of *My Absolute Darling* and *Room*. Fifteen-year-old equestrian prodigy Roan Montgomery has only ever known two worlds: inside the riding arena, and outside of it. Both, for as long as she can remember, have been ruled by her father, who demands strict obedience in all areas of her life. The warped power dynamic of coach and rider extends far beyond the stables, and Roan’s relationship with her father has long been inappropriate. She has been able to compartmentalize that dark aspect of her life, ruthlessly focusing on her ambitions as a rider heading for the Olympics, just as her father had done. However, her developing relationship with Will Howard, a boy her own age, broadens the scope of her vision. “[A] heart-pounding, can’t-take-your-eyes-off-it debut novel” (O, *The Oprah Magazine*), *Dark Horses* explores the themes of abuse and resilience in a way that will leave you transfixed. This is “a provoking and needed book” (Booklist, starred review).

1930. Tomlinson was a shipping clerk, a journalist, a war correspondent, a newspaper editor, and a travel writer and novelist. His subject matter is often natural history or the foolishness of mortals. His accounts of the sea, travel, and the Great War have not been surpassed. His antiwar novel, *All Our Yesterdays*, begins: The traffic of Dockland, where my omnibus stopped, loosened into a Broadway. There the vans and lorries, released from the congestion of narrow streets, opened out and made speed in an uproar of iron-shod wheels and hooves on granite blocks. I could hear progress. It was on its way. It was pouring about in a triumphant muddle of noise too loud to be doubted. There was no need to repose on faith in the favored evolution of man. That wonderful conjuration of good things out of this planet by the steam-engine and the cotton-jenny was dominant.
