BAILEY PAOLA

Organizational Behaviour Pearson South Africa

Organizational Behavior, Seventh Edition continues in its tradition of being up-to-date, relevant and user-driven. Kreitner and Kinicki's approach to organizational behavior is based on the authors' belief that reading a comprehensive textbook is hard work, but that the process should be interesting (and sometimes fun). Thus, they consistently attempt to find a way to make complex ideas understandable through explanations, contemporary examples, and/or learning exercises. With every edition, the authors make every effort to respond to user feedback and ensure the text covers the very latest OB research and practices. The seventh edition of Organizational Behavior again uses the familiar wolf image on its cover. This remains a central theme because Kreitner and Kinicki see wolves as an instructive and inspiring metaphor for modern Organizational Behavior. Wolves are dedicated team players, great communicators, and adaptable. These are key success

attributes in today's workplace. Organizational Behavior uses these fundamentals to explore and explain the forces behind conventional corporate behavior and organizational theory.

Introduction to Educational Leadership & Organizational Behavior Bloomsbury Publishing

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- For one-semester undergraduate and

graduate level courses in Organizational Behavior. Concise fundamentals for students. Ultimate flexibility for instructors. This bestselling, brief alternative for the OB course covers all the key concepts needed to understand, predict, and respond to the behavior of people in real-world organizations. This text also includes cutting-edge topics and streamlined pedagogy to allow maximum flexibility in designing and shaping your course. The eleventh edition contains expanded and updated coverage on international issues, as well as new sections on the management of information, safety and emotions at work, risk aversion, self-determination theory, managing information, and downsizing. Accompanied by mymanagementlab! See the hands in the air, hear the roar of discussion—be a rock star in the classroom. mymanagementlab makes it easier for you to rock the classroom by helping you hold students accountable for class preparation, and getting students engaged in the material through an array of relevant teaching and media resources. Visit mymanagementlab.com for more information.

Essentials of Organizational Behavior Kogan Page Publishers

Introducing Organizational Behaviour and Management is written by specialists for students who

want to think differently about their understanding of organizational behaviour. This textbook contrasts perspectives on organizational behaviour, discussing the alternative critical or controversial thinking and debate. Key concepts that underpin this diverse subject are identified and explored in a range of international and everyday examples. This book employs the principles of adopting a selective rather than exhaustive approach to introductory organizational behaviour topics. It applies a conceptual framework to the subject matter, and seeks to engage the reader throughout.

Introducing Organizational Behaviour and Management Prentice Hall

Key Benefit: Encourage problem-solving and critical thinking with Organizational Behavior: An Introduction to Your Life in Organizations—a practical, student-oriented, and experientially based text. Key Topics: The author examines cross-cultural relationships, global issues that impact businesses today, and the relevance of OB to future careers. Market: For undergraduate and applied graduate courses in OB.

Organisational Behaviour Palgrave MacMillan

This book offers a fresh and comprehensive approach to the essentials that constitute the discipline of organizational behaviour with a strong emphasis on the application of organizational behaviour and performance management in practice. It concentrates on the development of effective patterns of behaviour, values and attitudes, and relates these issues to effective organization performance in times of organizational and environmental change and turbulence. The book is divided into four parts, providing a clear structure for the study of the subject: Part One: The context of organizational behaviour Part Two: The disciplines of organizational behaviour Part Three: Organizational behaviour in practice Part Four: Organizational behaviour – expertise and application Organizational Behaviour is packed with references to current topics, practical examples and case studies from large corporations from around the world, including Ryanair, The Body Shop and RBS. This book covers examples of both good and bad practice, making it an interesting and unique introduction to the study of organizational behaviour.

Organizational Behaviour and Work Routledge

Tracing the development of work psychology and organizational behaviour from the early 20th century to the present, this book focuses on the relations between knowledge, power and practice. The author charts the impact of such psychology upon the emergence of new management tools.

Organizational Behavior Routledge

This exciting new introductory text offers a new perspective on teaching organizational behavior by framing the organization as the vehicle for implementing strategic management processes, while also breaking down how the different components of an organization are designed to work together. Unlike traditional OB texts, Organizational Behavior Today emphasizes a "big picture" examination of how organizations function in a Darwinian world, in which the primary goal of an organization is survival. The book introduces readers to the three stages of the strategic management process: strategy formulation, strategy implementation and strategic control, thereby linking the organization to its mission, vision and strategic goals. Essential OB concepts such as work processes, policy, worker behavior, reward system, change management and leadership development are covered, and the book also highlights the impact of technology on organizations. To support student comprehension and bring the study of OB to life, the book includes vignettes highlighting real organizations who have implemented OB processes, either successfully or unsuccessfully. End-of-chapter questions ensure that students can apply the information learned effectively. Accompanying online resources for this text, available at www.routledge.com/9780367695095, include a curated list of relevant video content. The book is suitable for undergraduates and graduate students completing a first course in Organizational Behavior, as well as a practical reference for current managers wishing to optimize organizational performance.

People in Organizations IAP

A critical yet accessible introduction to organisational behaviour and work, this book will help you understand the complexities of organisational life and evaluate modern business practices. Classic organisational behaviour topics such as team-working, motivation, and change are complemented by core critical approaches such as power and control, organisational misbehaviour, and health and well-being through a clear three-part structure. Students are encouraged to look beyond a descriptive approach and truly engage with the content. Examples and 'Stop and Think' boxes placed throughout chapters, as well as end-of-chapter case studies with accompanying questions, provide the opportunity for this engagement and show how each chapter's theoretical coverage

applies in real-life business situations.

Organizational Behaviour John Wiley & Sons

Robbins/Judge provide the research you want in the language your students understand; accompanied with the best selling self-assessment software, SAL. Some topics include management functions; the social sciences; helping employees balance work and other responsibilities; improving people skills; improving customer service; motivational concepts; communication; power and politics; conflict and negotiation; culture; and stress management. Globally accepted and written by one of the most foremost authors in the field, this is a necessary read for all managers, human resource workers, and anyone needing to understand and improve their people skills.

Organizational Behavior Cengage Learning EMEA

Organisational Behaviour is an introduction to understanding behaviour of people in organisations and discusses this behaviour for working in and managing an organisation. Subjects discussed include: Motivating and influencing people Group behaviour Communication and handling information Power and leadership Decision making Structuring organisations Organisational culture and managing change Managing stress and conflicts

Organizational Behavior Routledge

A less-expensive grayscale paperback version is available. Search for ISBN 9781680922875. The field of management and organizational behavior exists today in a constant state of evolution and change. Casual readers of publications like the New York Times, The Economist and the Wall Street Journal will learn about the dynamic nature of organizations in today's ever-changing business environment. Organizational Behavior is designed to meet the scope and sequence requirements of the introductory course on Organizational Behavior. This is a traditional approach to organizational behavior. The table of contents of this book was designed to address two main themes. What are the variables that affect how, when, where, and why managers perform their jobs? What theories and techniques are used by successful managers at a variety of organizational levels to achieve and exceed objectives effectively and efficiently throughout their careers?

Management is a broad business discipline, and the Organizational Behavior course covers many areas such as individual and group behavior at work, as well as organizational processes such as communication in the workplace and managing conflict and negotiation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters. Finally, we all made an effort to present a balanced approach to gender and diversity throughout the text in the examples used, the photographs selected, and the use of both male and female in alternating chapters when referring to generic managers or employees.

Understanding and Managing Organizational Behavior Routledge

Organizational Behavior is a multidimensional product to allow for student development in knowledge, analysis, synthesis and personal development with pedagogical features designed to bring Organizational Behavior to life. This product reframes the content of organizational behavior to reflect the inherent interdependence of factors that explain human behavior. Traditional OB topics are introduced as part of an integrated framework for answering practically-relevant questions about why people behave as they do and how to effectively self manage and influence others.

Organizational Behaviour Cengage Learning

The features include: a concise and straightforward approach, offering a broad introduction to the discipline; new coverage of "discourse" and post-structuralism in organisational analysis; updated case studies at the end of each chapter, illustrating the main themes of the chapter and allowing students to apply OB in practice; questions are found at the end of each case study to test students' understanding of the cases; further reading at the end of each chapter to provide students with the opportunity to explore further topics of interest in OB; and key terms, summaries, discussion and self-test questions to highlight the practical application of OB concepts and encourage students to critically review the material.

People in Organizations John Wiley & Sons

Organizational Behaviour is crucial to any, business, management or HRM degree - the book's comprehensive content, approach and revised structure have all been designed to map closely onto target modules at undergraduate, postgraduate and MBA levels. New to this Edition: - New chapters on organizational change, and diversity and people management - Globalization and Organization Misbehaviour feature explores flawed organizational practice, from a host of contemporary international examples - New feature The Reality of Work illustrates the interconnection between organizational behaviour and society - An expanded and truly diverse range of expert interviewees, cases and examples that cover all sizes and sectors of business and organization - All chapters and scholarship have been fully revised and updated

Organizational Behaviour in Sport Bloomsbury Publishing

ORGANIZATIONAL BEHAVIOR: INTEGRATING INDIVIDUALS, GROUPS AND ORGANIZATIONS, THIRD EDITION is a well-organized introduction to the current field of organizational behavior with in-depth coverage of the most critical concepts. Its practical approach shows the power of organizational behavior theory for understanding one's behavior and the behavior of others in any organization. Although firmly grounded in behavioral science theory and research, the text is not a compendium of research findings. Champoux includes examples and builds frameworks that make the material clear and easy to understand. The concise format allows the text to be used as a primer or to be supplemented with additional cases, readings, or exercises. More interactive than in previous editions, this text provides students with several online features to reinforce their knowledge of chapter content with exercises, practice and other learning opportunities.

Introducing Organizational Behaviour and Management SAGE

This lively and comprehensive introduction to organisational behaviour demonstrates how research into human behaviour can be applied in the workplace. It assumes no prior work experience, instead asking students to draw on everyday occurrences and complete a range of engaging activities to deepen their understanding of key topics such as personality, perception and motivation. With a focus on helping students to develop key skills useful to future employers, it offers a wealth of real-world examples, coverage of contemporary issues, and an international approach. Key features: - A global approach to OB, with 'OB in Practice' case studies and 'OB in the News' boxes in every chapter providing examples from the UK, Ireland, the USA, Kenya, China, Europe and Asia. - A strong emphasis on career development, with a skills development section and corresponding 'Building Your Employability Skills' feature which helps prepare students for employment. - Coverage of contemporary topics such diversity, healthy workplaces, the #metoo movement and Covid 19. - Free access to bloomsbury.pub/organisational-behaviour, featuring interactive simulations, quizzes and bespoke video interviews with a range of business professionals, as well as a testbank, teaching notes and teaching slides for lecturers New to this edition! - New chapters on Managing Healthy Workplaces, Managing Diversity, and Organizational Socialisation - Exciting new interactive simulations, which put students in the shoes of a manager making difficult decisions:

https://www.bloomsburyonlineresources.com/organisational-behaviour-2/learning-resources_simulations - New 'Ethical Behaviour in the Workplace' feature that invites students to discuss how they would respond to ethical dilemmas. - New 'Impact of Technology on Behaviour' feature which explores topical issues such as AI and computer-mediated communication to uncover how technology is impacting behaviour in the workplace

Work Psychology and Organizational Behaviour Routledge

What makes a sport enterprise successful? How can managers working in sport improve organizational effectiveness through strategic behaviour management? This comprehensive and accessible textbook addresses these important questions and examines the theories that underpin organizational analysis in sport. Helping both students and practitioners to understand the different types of behaviour that occur within a sports enterprise, it also demonstrates how to develop ways of managing behaviour more effectively for the benefit of all stakeholders. The book explores behaviour on individual, interpersonal, group and whole-organization levels, and presents

an evidence-based framework for analysis built around key concepts such as: Change and culture Leadership Motivation, rewards and incentives Power and influence Conflict, disputes and grievances Equity, diversity and inclusion. With international case studies, learning objectives, review questions and guides to further reading included in every chapter, no other textbook develops critical skills or an awareness of ethical issues in such detail and depth. Organizational Behaviour in Sport is essential reading for all students and practitioners working in sport, leisure or recreation management.

Organizational Behavior Today Prentice Hall

Work and Organizational Behaviour is a core introductory text for undergraduate and MBA students which provides both a psychologically and sociologically based view of behaviour in work organisation from a critical perspective.
