The recording industry is

a subsection of the music industry that deals specifically with the production (i.e. recording) and subsequent promotion and distribution of music.

Record labels are massive stakeholders in the music industry, and in America they're represented by the Recording Industry Association of America (RIAA). With that out of the way, let's get down to business: Brief history of sound recording

If you perform music (not just create it), the public will be interested in you,

not just your songs. The business of music, then, seeks to tailor the product(s) to be

something people will spend money on. Once you've created a musical product, you market that

musical product for sale to the public through promotion, concerts and record sales.
