From #1 New York Times bestselling author Terry McMillan comes a "frank, no-holds-barred, humorous look at African-American midlife" (The Seattle Times). "Being a lifetime wife and mother has afforded me the luxury of having multiple and even simultaneous careers: I've been a chauffeur. A chef. An interior decorator. A landscape architect, as well as a gardener. I've been a painter. A furniture restorer. A personal shopper. A veterinarian's assistant and sometimes the veterinarian. I've been an accountant, a banker, and on occasion, a broker. I've been a beautician. A map. A psychic. Santa Claus. The Tooth Fairy. The T.V. Guide. A movie reviewer. An angel. God. A nurse and a nursemaid. A psychiatrist and psychologist. Evangelist. For a long time I have felt like I inadvertently got my master's in How to Take Care of Everybody Except Yourself and then a PhD in How to Pretend Like You Don't Mind. But I do mind." Today forty-four year old Marilyn Grimes has decided to be something other than a wife, a mother, a sister, or a daughter: herself. But first, she has to figure out exactly who that is....

A GOOD MORNING AMERICA BOOK CLUB PICK "[A] propulsive, deeply felt tale of race and friendship." —People "We Are Not Like Them will stay with you long after you turn the last page." —Laura Dave, New York Times bestselling author of *The Last Thing He Told Me* Told from alternating perspectives, an evocative and riveting novel about the lifelong bond between two women, one Black and one white, whose friendship is indelibly altered by a tragic event—a powerful and poignant exploration of race in America today and its devastating impact on ordinary lives. Jen and Riley have been best friends since kindergarten. As adults, they remain as close as sisters, though their lives have taken different directions. Jen married young, and after years of trying, is finally pregnant. Riley pursued her childhood dream of becoming a television journalist and is poised to become one of the first Black female anchors of the top news channel in their hometown of Philadelphia. But the deep bond they share is severely tested when Jen's husband, a city police officer, is involved in the shooting of an unarmed Black teenager. Six months pregnant, Jen is in freefall as her future, her husband's freedom, and her friendship with Riley are thrown into uncertainty. Covering this career-making story, Riley wrestles with the implications of this tragic incident for her Black community, her ambitions, and her relationship with her lifelong friend. Like Tayari Jones's *An American Marriage* and Jodi Picoult's *Small Great Things*, *We Are Not Like Them* explores complex questions of race and how they pervade and shape our most intimate spaces in a deeply divided world. But at its heart, it's a story of enduring friendship—a love that defies the odds even as it faces its most difficult challenges.

The Interruption of Everything University Press of Kentucky Freshly 45, Aja knows that her life is good. Yet she feels painfully unfulfilled, stuck in the present, haunted by a painful past. A

friend suggests a girls' trip to a tropical paradise, where she realizes she's spent her whole life taking care of everyone except herself. Desperate to turn things around, Aja makes an impulsive, outrageous decision that may also be her wisest choice. It's only through learning what she could lose - and what's truly worth keeping - that Aja can transform this temporary fix into real, lasting happiness.

*A Timeless History* FriesenPress

"A masterpiece of multidisciplinary scholarship that clearly demonstrates the contemporary relevance of black fraternities and sororities." —Hasan Kwame Jeffries, author of *Bloody Lowndes* During the twentieth century, black Greek-Letter organizations (BGLOs) united college students dedicated to excellence, fostered kinship, and uplifted African Americans. Members of these organizations include remarkable and influential individuals such as Martin Luther King Jr., Congresswoman Barbara Jordan, novelist Toni Morrison, and Wall Street pioneer Reginald F. Lewis. Despite the profound influence of these groups, many now question the continuing relevance of BGLOs, arguing that their golden age has passed. To foster a greater engagement with the history and contributions of BGLOs, *Black Greek-Letter Organizations in the Twenty-first Century* brings together an impressive group of authors to explore the contributions and continuing possibilities of BGLOs and their members. Editor Gregory S. Parks and the contributing authors provide historical context for the development of BGLOs, exploring their service activities as well as their relationships with other prominent African American institutions. Both internally and externally, BGLOs struggle to forge a relevant identity for the new century. Internally, these groups wrestle with many issues, including hazing, homophobia, petty intergroup competition, and the difficulty of bridging the divide between college and alumni members. Externally, BGLOs face the challenge of rededicating themselves to their communities and leading an aggressive campaign against modern forms of racism, sexism, and other types of fear-driven behavior. By embracing the history of these organizations and exploring their continuing viability and relevance, *Black Greek-Letter Organizations in the Twenty-first Century* demonstrates that BGLOs can create a positive and enduring future and that their most important work lies ahead. \* A Real Simple Best Book of 2019: "An essential read for parents and students." \* The New York Times bestselling author of *Pledged* is back with an unprecedented fly-on-the-wall look inside fraternity houses from current brothers' perspectives—and a fresh, riveting must-read about what it's like to be a college guy today. Two real-life stories. One stunning twist. Meet Jake, a studious freshman weighing how far to go to find a brotherhood that will introduce him to lifelong friends and help conquer his social awkwardness; and Oliver, a hardworking chapter president trying to keep his misunderstood fraternity out of trouble despite multiple run-ins with the police. Their year-in-the-life stories help explain why students are joining fraternities in record numbers despite scandalous headlines. To find out what it's like to be a fraternity brother in the twenty-first century, Robbins contacted hundreds of brothers whose chapters don't make headlines—and who suggested that many fraternities can be healthy safe spaces for men. Fraternity is more than just a page-turning, character-driven read. It's a vital book about the transition from boyhood to manhood; it brilliantly weaves psychology, current events, neuroscience, and interviews to explore the state of masculinity

today, and what that means for students and their parents. It's a different kind of story about college boys, a story in which they candidly discuss sex, friendship, social media, drinking, peer pressure, gender roles, and even porn. And it's a book about boys at a vulnerable age, living on their own for perhaps the first time. Boys who, in a climate that can stigmatize them merely for being male, don't necessarily want to navigate the complicated, coming-of-age journey to manhood alone.

In 1920, college student Ida Louise Jackson conceived of organizing a chapter of Alpha Kappa Alpha on the campus of the University of California, Berkeley for young Negro college women. An interest club was formed, and in 1921 the National Office dispatched Soror Inez Wood Fairfax to the Northern California area to organize and to officiate the chartering of the first Alpha Kappa Alpha chapter west of the Mississippi river, Rho chapter. The book is presented chronologically with the Undergraduate chapters, Graduate chapters and Regional Directors presented together in a unified timeline which mirrors the development of the Far Western Region. Regional Director Barbara Denson Trotter's dynamic leadership focused on a theme of doing "Big Things" within the Far Western Region. Undergraduates have been doing "big things" in the programs and leadership of AKA. In the first two years of this administration, the Far Western Region undergraduates have increased participation in the AKA Leadership Fellows Program, and have been selected for the prestigious AKA-Arbor Day Internship Program and Peace Corps Campus Ambassador program. Undergraduates have blossomed in Undergraduate Cluster Co-Coordinator positions. Graduate chapters of the Far Western Region have also been recognized for doing "big things." Between 2012 and 2014 seven chapters were selected as Signature Sites as part of the MLK Service for Peace Program.

This study examines the potentially damaging influence of fraternities and sororities—and how a new approach could transform Greek life. Popular films such as *Revenge of the Nerds* and *Old School* portray college Greek organizations as a training ground for malevolent young aristocrats, yet they fail to depict the enduring influence of these organizations. *Inside Greek U.* provides an in-depth analysis of how fraternities and sororities bolster damaging definitions of gender and sexuality, negatively impacting the lives of their members. Using evidence gathered in hundreds of focus groups and personal interviews, as well as his years of experience as a faculty advisor to Greek organizations, Alan D. DeSantis examines the limited gender roles available to Greeks: "real men" are unemotional, sexually promiscuous, and violent; "nice girls," are nurturing, domestic, and pure. These rigid formulations often lead to destructive attitudes and behaviors, such as eating disorders, date rape, sexual misconduct, and homophobia. They also impede students' intellectual and emotional development long after graduation. While many students choose Greek life in search of positive social engagement, the current culture can be profoundly damaging.

Inside Greek U. demonstrates how, with a new approach,

fraternities and sororities could serve as an enriching influence on individuals and campus life.
