How to Start Small and Build an Empire

Algonquin Books
 Blossoms of the Savannah is the story of two sisters, Taiyo and Resian, who are on the verge of womanhood and torn between their personal ambitions and the humiliating duty to the Nasila tradition. Relocation to their rural home heralds a cultural alienation born of their refusal to succumb to female genital mutilation and early marriages. In pursuit of the delicate and elusive socio-economic cultural balance in Nasila, Ole. Kaelo, the girls' father is ensnared by a corrupt extortionist. To extricate himself he sends his daughters into a flat-spin labyrinth from which they have to struggle to escape.

A growing interest in the oeuvre of Hans J. Morgenthau and in re-readings of 'classical realism' increases the significance of his European, pre-emigration writings in order to understand the work of one of the founding figures of IR. This book is the first English translation of Morgenthau's French monograph *La notion du politique* from 1933 (translated by Maeva Vidal).

Joyful Mending shows you how to fix old items of clothing, linens and household objects by turning tears and flaws into beautiful features. Simply by applying a

few easy sewing, darning, felting, or crocheting techniques, as well as some sashiko and other favorite embroidery stitches, you can repair your favorite pieces in a transformative way. These techniques don't just save you money, but make your life more joyful, fulfilling and sustainable in an age of disposable "fast fashion." Author Noriko Misumi teaches you her philosophy of mending and reusing items based on the age-old Japanese concepts of mindfulness and Wabi Sabi (an appreciation of old and imperfect things). In her book, she shows you how to: Repair any kind of fabric that is torn, ripped or stained—whether knitted or woven Work with damaged flat or curved surfaces to make them aesthetically pleasing again Create repairs that blend in, as well as bold or whimsical visible repairs Darn your handmade or expensive gloves, sweaters and socks to

make them look great again The joy to be found in working with your hands and the personal artistry you discover within yourself lie at the heart of this book. While nothing lasts forever, there's pleasure, as well as purpose, in appreciating age and imperfection. Joyful Mending allows you to surround yourself with the things that truly give you joy, whether they were given to you by a loved one, picked up in your travels or simply have a special place in your heart.

Introduction to Presocratics April L. Hamilton

In 1995, this novel won both the Jomo Kenyatta Literature Prize, and the Commonwealth Writers Prize Best First Book in the Africa Region. Now reprinted, it remains in great demand. An epic story spanning cultures, it tells the lives of three generations of women. It traces the story of Akoko in her rich traditional Luo setting, through to the children who live and die in the 20th century.

A Must Read for All Those in Charge of Public Offices Worldwide Tuttle Publishing

Leading Pauline-studies expert Thomas Schreiner provides an updated guide to the exegesis of the New Testament epistles traditionally assigned to Paul. The first edition helped thousands of students dig deeper into studying the New Testament epistles. This new edition is revised throughout to account for changes in the field and to incorporate the author's maturing judgments. The book helps readers understand the nature of first-century letters, do textual criticism, investigate historical and introductory issues, probe theological context, and much more.

A Novel by April L. Hamilton BoD - Books on Demand

The world over, integrity quotient in those bestowed with the responsibility to lead others is on a free fall. History is replete with many leaders betraying the trust bestowed upon them by their citizenry. Many a time, most people have found themselves flouting oaths of office even when they pledged to abide by certain ethical practices, the constitution, other laws, rules and regulations. Those who belong to diverse religious faiths have faltered too even though they have sworn not to do certain things in life. There are

those who even fail to remember their marriage vows and have turned out to be very untrustworthy. The author - Prof. Jacob. T. Kaimenyi intends to appeal to those who wantonly destroy public trust with minimal regard to its negative consequences. The book is also meant to prick the conscience of all those people who have taken different oaths and have sworn to abide by certain rules and regulations, that they should do so without wavering at any time. It a must read for all leaders at the family, communal, national and international levels.

Adelaide Binchley is probably the only fortysomething housewife and junior college dropout ever to be nominated for the Nobel Prize in Physics, and she's certainly the only one whose career was launched by a bedpan. When Addie meets Physics professor Jakob Pankowicz, she discovers that having just one person see a greater potential in her, and believe in her even when she doesn't believe in herself, is all she needs to escape her self-imposed limits. In this hilarious and touching novel, as she navigates the rough territory created by her teenage-feminist daughter, borderline delinquent son, philandering husband, and the friends in her embroidery circle, Addie finds when one person selflessly reaches out to another, that gesture has the power to change the world.

A Play University of Chicago Press
Brecht projects an ancient Chinese story onto a realistic setting in Soviet Georgia. In a theme that echoes the Judgment of Solomon, two women argue over the possession of a child. Thanks to the unruly judge, Azdak (one of Brecht's most vivid creations) natural justice is done and the peasant Grusha keeps the child she loves, even though she is not its mother. Written

while Brecht was in exile in the United States during the Second World War, The Caucasian Chalk Circle is a politically charged, much-revived and complex example of Brecht's epic theatre. This new Student Edition contains introductory commentary and notes by Kristopher Imbriggota from the University of Puget Sound, US, offering a much-needed contemporary perspective on the play. The introduction covers: - narrative structure: play about a play within a play ("circle") - songs and music - justice and social systems - context: Brecht, exile, WWII, socialism - notions of collective and class - fable and story adaptation, folk fairy tale
