 Instant #1 New York Times Bestseller Winner of the National Book Critics Circle Award for Nonfiction Winner of the Stowe Prize Winner of 2022 Hillman Prize for Book Journalism PEN America 2022 John Kenneth Galbraith Award for Nonfiction Finalist A New York Times 10 Best Books of 2021 A Time 10 Best Nonfiction Books of 2021 Named a Best Book of 2021 by The New York Times, The Washington Post, The Boston Globe, The Economist, Smithsonian, Esquire, Entropy, The Christian Science Monitor, WBEZ's Nerdetta Podcast, TeenVogue, GoodReads, SheReads, BookPage, Publishers Weekly, Kirkus, Fathom Magazine, the New York Public Library, and the Chicago Public Library One of GQ's 50 Best Books of Literary Journalism of the 21st Century Longlisted for the National Book Award Los Angeles Times, Best Nonfiction Gift One of President Obama's Favorite Books of 2021 This compelling #1 New York Times bestseller examines the legacy of slavery in America—and how both history and memory continue

to shape our everyday lives. Beginning in his hometown of New Orleans, Clint Smith leads the reader on an unforgettable tour of monuments and landmarks—those that are honest about the past and those that are not—that offer an intergenerational story of how slavery has been central in shaping our nation's collective history, and ourselves. It is the story of the Monticello Plantation in Virginia, the estate where Thomas Jefferson wrote letters espousing the urgent need for liberty while enslaving more than four hundred people. It is the story of the Whitney Plantation, one of the only former plantations devoted to preserving the experience of the enslaved people whose lives and work sustained it. It is the story of Angola, a former plantation-turned-maximum-security prison in Louisiana that is filled with Black men who work across the 18,000-acre land for virtually no pay. And it is the story of Blandford Cemetery, the final resting place of tens of thousands of Confederate soldiers. A deeply researched and transporting exploration of the legacy of slavery and its imprint on centuries of American history, *How the Word Is Passed* illustrates how some of our country's most essential stories are hidden in plain view—whether in places we might drive by on our way to work, holidays such as Juneteenth, or entire neighborhoods like downtown Manhattan, where the brutal

history of the trade in enslaved men, women, and children has been deeply imprinted. Informed by scholarship and brought to life by the story of people living today, Smith's debut work of nonfiction is a landmark of reflection and insight that offers a new understanding of the hopeful role that memory and history can play in making sense of our country and how it has come to be.

*Guts & Glory: The American Civil War* Macmillan

No historical event has left as deep an imprint on America's collective memory as the Civil War. In the war's aftermath, Americans had to embrace and cast off a traumatic past. David Blight explores the perilous path of remembering and forgetting, and reveals its tragic costs to race relations and America's national reunion.

**Gettysburg Study Guide, Volume 1** Xulon Press

NATIONAL BESTSELLER • A Pulitzer Prize-winning war correspondent takes us on an explosive adventure into the soul of the unvanquished South, where Civil War reenactors, battlefield visitors, and fans of history resurrect the ghosts of the Lost Cause through ritual and remembrance. "The freshest book about divisiveness in America that I have read in some time. This splendid commemoration of the war and its legacy ... is an eyes-open, humorously no-nonsense survey of complicated Americans." —The New York Times Book Review For all who remain intrigued by the legacy of the Civil War—reenactors, battlefield visitors, Confederate descendants and other Southerners, history fans, students of current racial conflicts, and more—this ten-state adventure is part travelogue, part social commentary and always good-humored. When prize-winning war correspondent Tony Horwitz leaves the battlefields of Bosnia and the Middle East for a peaceful corner of the Blue Ridge Mountains, he thinks he's put war zones behind him. But awakened one morning by the crackle of musket fire, Horwitz starts filing front-line dispatches again this time from a war close to home, and to his own heart. Propelled by his boyhood passion for the Civil War, Horwitz embarks on a search for places and people still held in thrall by America's greatest conflict. In Virginia, Horwitz joins a band of 'hardcore' reenactors who crash-diet to achieve the hollow-eyed look of starved Confederates; in Kentucky, he witnesses Klan rallies and calls for race war sparked by the killing of a white man who brandishes a rebel flag; at Andersonville, he finds that the prison's commander, executed as a war criminal, is now exalted as a martyr and hero; and in the book's climax, Horwitz takes a marathon trek from Antietam to Gettysburg to Appomattox in the company of Robert Lee Hodge, an eccentric pilgrim who dubs their odyssey the 'Civil Wargasm.' Written with Horwitz's signature blend of humor, history, and hard-nosed journalism, *Confederates in the Attic* brings alive old battlefields and the new 'classrooms, courts, country bars' where the past and the present collide, often in explosive ways.

'When one of the world's leading scholars of civil war tells us that a country is on the brink of violent conflict, we should pay attention. This is an important book!' Steven Levitsky and Daniel Ziblatt, authors of *How Democracies Die* Civil wars are the biggest danger to world peace today - this book shows us why they happen, and how to avoid them. Most of us don't know it, but we are living in the world's greatest era of civil wars. While violence has declined worldwide, civil wars have increased. This is a new phenomenon. With the exception of a handful of cases - the American and English civil wars, the French Revolution - historically it has been rare for people to organise and fight their governments. This has changed. Since 1946, over 250 armed

conflicts have broken out around the world, a number that continues to rise. Major civil wars are now being fought in countries including Iraq, Syria and Libya. Smaller civil wars are being fought in Ukraine, India, and Malaysia. Even countries we thought could never experience another civil war - such as the USA, Sweden and Ireland - are showing signs of unrest. In *How Civil Wars Start*, acclaimed expert Barbara F. Walter, who has advised on political violence everywhere from the CIA to the U.S. Senate to the United Nations, explains the rise of civil war and the conditions that create it. As democracies across the world backslide and citizens become more polarised, civil wars will become even more widespread and last longer than they have in the past. This urgent and important book shows us a path back toward peace.

When night falls, and all is quiet, a slave girl starts to run. She follows the moon into the woods, leading her loved ones away from their master. There's only one place where he might not find them, and it's under the quilt of night. Guided by the stars, they head north in the direction of freedom. At last, the girl sees a quilt -- the quilt with a center square made from deep blue fabric -- and knows it's a signal from friends on the Underground Railroad, welcoming her into their home. And so she steps forward... Deborah Hopkinson and James E. Ransome team up again, in this stunning companion to *Sweet Clara and the Freedom Quilt*. Ransome's rich, powerful illustrations elicit all the emotion and suspense of Hopkinson's words, in a story that's sure to make your heart race and leave you breathless.

James McPherson has emerged as one of America's finest historians. *Battle Cry of Freedom*, his Pulitzer Prize-winning account of the Civil War, was a national bestseller that Hugh Brogan, in *The New York Times Book Review*, called "history writing of the highest order." In that volume, McPherson gathered in the broad sweep of events, the political, social, and cultural forces at work during the Civil War era. Now, in *Abraham Lincoln and the Second American Revolution*, he offers a series of thoughtful and engaging essays on aspects of Lincoln and the war that have rarely been discussed in depth. McPherson again displays his keen insight and sterling prose as he examines several critical themes in American history. He looks closely at the President's role as Commander-in-Chief of the Union forces, showing how Lincoln forged a national military strategy for victory. He explores the importance of Lincoln's great rhetorical skills, uncovering how--through parables and figurative language--he was uniquely able to communicate both the purpose of the war and a new meaning of liberty to the people of the North. In another section, McPherson examines the Civil War as a Second American Revolution, describing how the Republican Congress elected in 1860 passed an astonishing blitz of new laws (rivaling the first hundred days of the New Deal), and how the war not only destroyed the social structure of the old South, but radically altered the balance of power in America, ending 70 years of Southern power in the national government. The Civil War was the single most transforming and defining experience in American history, and Abraham Lincoln remains the most important figure in the pantheon of our mythology. These graceful essays, written by one of America's leading historians, offer fresh and unusual perspectives on both.

"[T]here will be no turning back," said Lt. Gen. Ulysses S. Grant. It was May, 1864. The Civil War had dragged into its fourth spring. It was time to end things, Grant resolved, once and for all. With

the Union Army of the Potomac as his sledge, Grant crossed the Rapidan River, intending to draw the Army of Northern Virginia into one final battle. Short of that, he planned “to hammer continuously against the armed forces of the enemy and his resources, until by mere attrition, if in no other way, there should be nothing left to him . . .” Almost immediately, though, Robert E. Lee’s Confederates brought Grant to bay in the thick tangle of the Wilderness. Rather than retreat, as other army commanders had done in the past, Grant outmaneuvered Lee, swinging left and south. There was, after all, no turning back. “I intend to fight it out along this line if it takes all summer,” Grant vowed. And he did: from the dark, close woods of the Wilderness to the Muleshoe of Spotsylvania, to the steep banks of the North Anna River, to the desperate charges of Cold Harbor. The 1864 Overland Campaign would be a nonstop grind of fighting, maneuvering, and marching, much of it in rain and mud, with casualty lists longer than anything yet seen in the war. In *No Turning Back: A Guide to the 1864 Overland Campaign, from the Wilderness to Cold Harbor, May 4 - June 13, 1864*, historians Robert M. Dunkerly, Donald C. Pfanz, and David R. Ruth allow readers to follow in the footsteps of the armies as they grapple across the Virginia landscape. Pfanz spent his career as a National Park Service historian on the battlefields where the campaign began; Dunkerly and Ruth work on the battlefields where it concluded. Few people know the ground, or the campaign, better.

When Sheldon Russell Curtis told this story to his daughter, Rosa, she kept every word in her heart and was to retell it many times. I will tell it in Sheldon's own words as nearly as I can. He was wounded in a fierce battle and left for dead in a pasture somewhere in Georgia when Pinkus found him. Pinkus' skin was the color of polished mahogany, and he was flying Union colors like the wounded boy, and he picked him up out of the field and brought him to where the black soldier's mother, Moe Moe Bay, lived. She had soft, gentle hands and cared for him and her Pink. But the two boys were putting her in danger, two Union soldiers in Confederate territory! They had to get back to their outfits. Scared and uncertain, the boys were faced with a hard decision, and then marauding Confederate troops rode in. In this Civil War story passed from great-grandfather to grandmother, to son, and finally to the author-artist herself, Patricia Polacco once again celebrates the shared humanity of the peoples of this world.

An ALA Best Book for Young Adults: Firsthand accounts of the experiences of boys sixteen and younger who fought in the Civil War, with photos included. Winner of the Golden Kite Award for Nonfiction “Making extensive use of the actual words—culled from diaries, journals, memoirs, and letters—of boys who served in the Union and Confederate armies as fighting soldiers as well as drummers, buglers, and telegraphers, Murphy describes the beginnings of the Civil War and goes on to delineate the military role of the underage soldiers and their life in the camps and field bivouacs. Also included is a description of the boys' return home and the effects upon them of their wartime experiences...An excellent selection of more than 45 sepia-toned contemporary photographs augment the text of this informative, moving work.” —School Library Journal (starred review) “This wrenching look at our nation's bloodiest conflict through the eyes of its youthful participants serves up history both heartbreaking and enlightening.” —Publishers Weekly “This well-researched and readable account provides fresh insight into the human cost of a pivotal event in United States history.” —The Horn Book (starred review)

**The Boys' War** Savas Beatie

Winner of the Pulitzer Prize: “The richest and most powerful

single document of the American experience in World War II” (The Boston Globe). “The Good War” is a testament not only to the experience of war but to the extraordinary skill of Studs Terkel as an interviewer and oral historian. From a pipe fitter’s apprentice at Pearl Harbor to a crew member of the flight that dropped the atomic bomb on Nagasaki, his subjects are open and unrelenting in their analyses of themselves and their experiences, producing what People magazine has called “a splendid epic history” of WWII. With this volume Terkel expanded his scope to the global and the historical, and the result is a masterpiece of oral history. “Tremendously compelling, somehow dramatic and intimate at the same time, as if one has stumbled on private accounts in letters locked in attic trunks . . . In terms of plain human interest, Mr. Terkel may well have put together the most vivid collection of World War II sketches ever gathered between covers.” —The New York Times Book Review “I promise you will remember your war years, if you were alive then, with extraordinary vividness as you go through Studs Terkel’s book. Or, if you are too young to remember, this is the best place to get a sense of what people were feeling.” —Chicago Tribune “A powerful book, repeatedly moving and profoundly disturbing.” —People

The Access to History series is the most popular and trusted series for AS and A level history students. This title focuses on Russia in the period from 1894-1941. It begins with the situation in Russia under Tsar Nicholas II and then goes on to examine the causes and effects of the 1905 and 1917 revolutions, the Bolshevik struggle to gain power, and the eventual rise of Stalin. The political, economic and social developments through this period and the effects of these are explored and analysed throughout. Throughout the book, key dates, terms and issues are highlighted, and historical interpretations of key debates are outlined. Summary diagrams are included to consolidate knowledge and understanding of the period, and exam-style questions and tips written by an examiner for the OCR specification provide the opportunity to develop exam skills.

The Newbery Award-winning author of *Up a Road Slowly* presents the unforgettable story of Jethro Creighton—a brave boy who comes of age during the turbulent years of the Civil War. In 1861, America is on the cusp of war, and young Jethro Creighton is just nine-years-old. His brother, Tom, and his cousin, Eb, are both of fighting age. As Jethro's family is pulled into the conflict between the North and the South, loyalties are divided, dreams are threatened, and their bonds are put to the test in this heart-wrenching, coming of age story. “Drawing from family records and from stories told by her grandfather, the author has, in an uncommonly fine narrative, created living characters and vividly reconstructed a crucial period of history.”—Booklist
