SIMS PRECIOUS

Dream a Little Dream Simon and Schuster

Young divorcée Reese MacKay gets more than she bargained for when a former college football star—and the man whom she had a hot one-night stand with in Cancun—begins working at the very company where she is employed. Original.

Chasing River Fancy Pants

Pina Bauschâe(tm)s work has had tremendous impact across the spectrum of late twentieth-century performance practice, helping to redefine the possibilities of what both dance and theater can be. This edited collection presents a compendium of source material and contextual essays that examine Pina Bausch's history, practice and legacy, and the development of Tanztheater as a new form, with sections including: Dance and theatre roots and connections; Bauschâe(tm)s developmental process; The creation of Tanztheater;

Bauschâe(tm)s reception; Critical perspectives. Interviews, reviews and major essays chart the evolution of Bauschâe(tm)s pioneering approach and explore this evocative new mode of performance. Edited by noted Bausch scholar, Royd Climenhaga, The Pina Bausch Sourcebook aims to open up Bauschâe(tm)s performative world for students, scholars, dance and theatre artists and audiences everywhere.

A Ten Tiny Breaths Novella Delacorte Press

“Outrageous, heartwarming, wonderfully

sensual...I loved it!" —Jayne Anne Krentz "For sheer fun, nobody beats Nobody's Baby But Mine." —Detroit Free Press The Minneapolis Star-Tribune writes, "Next to Tracy and Hepburn, no one does romantic comedy better than Susan Elizabeth Phillips." For proof, you need to look no further than Nobody's Baby But Mine. This classic comic love story from perennial New York Times bestseller Phillips unites a beautiful, brainy scientist desperate to be a mom with a brawny, smoking hot jock who, though handsome enough to father her child, is nowhere near as stupid as she wants her baby's daddy to be. Emily Giffin, Jane Green, and Rachel Gibson fans take note: when it comes to delivering delightfully funny, supremely sexy contemporary women's fiction, nobody but nobody is better than Susan Elizabeth Phillips.

MacKayla Lane's life is good. She has great friends, a decent job, and a car that breaks down only every other week or so. In other words, she's your perfectly ordinary twenty-first-century woman. Or so she thinks . . . until something extraordinary happens. When her sister is murdered, leaving a single clue to her death—a cryptic message on Mac's cell phone—Mac journeys to Ireland in search of answers. The quest to find her sister's killer draws her into a shadowy realm where nothing is as it seems, where good and evil wear the same treacherously seductive mask. She is soon faced with an even greater challenge: staying alive long enough to learn how to handle a power she had no idea she possessed—a gift that allows her to see beyond the world of man, into the dangerous realm of the Fae. . . . As Mac delves deeper into the mystery of her sister's death, her every move is shadowed by the dark, mysterious Jericho, a man with no past and only mockery for a future. As she begins to close in on the truth, the ruthless Vlane—an alpha Fae who makes sex an addiction for human women—closes in on her. And as the boundary between worlds begins to

crumble, Mac's true mission becomes clear: find the elusive Sinsar Dubh before someone else claims the all-powerful Dark Book—because whoever gets to it first holds nothing less than complete control of the very fabric of both worlds in their hands. . . . Look for all of Karen Marie Moning's sensational Fever novels: DARKFEVER | BLOODFEVER | FAEFEVER | DREAMFEVER | SHADOWFEVER | ICED | BURNED | FEVERBORN | FEVERSONG
BONUS: This edition contains an excerpt from Karen Marie Moning's Bloodfever.

Rapture Prentice Hall

Until now, there were few textbooks that focused on the dynamic subject of speculative execution, a topic that is crucial to the development of high performance computer architectures. *Speculative Execution in High Performance Computer Architectures* describes many recent advances in speculative execution techniques. It covers cutting-edge research

Nobody's Baby But Mine John Wiley & Sons

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we

know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. Sustainable Development of Energy, Water and Environment Systems

Vintage

A Desperate Young Mother Rachel Stone's bad luck has taken a turn for the worse.

With an empty wallet, a car's that's spilling smoke, and a five-year-old son to support, she's come home to a town that hates her. But this determined young widow with a scandalous past has learned how to be a fighter. And she'll do anything to keep her child safe—even take on. . . A man With No Heart Gabe Bonner wants to be left alone, especially by the beautiful outcast who's invaded his property. She has a ton of attitude, a talent for trouble, and a child who brings back bad memories. Yet Rachel's feisty spirit might just be heaven-sent to save a tough, stubborn man. Dare To Dream Welcome to Salvation, North Carolina—where a man who's forgotten what tenderness means meets a woman with nothing to lose. here two endearing lovers will set off on a funny, touching journey of the heart. . .to a place where dreams just might come true.

The Chosen Bantam

Proper design of printed circuit boards can make the difference between a product passing emissions requirements during the first cycle or not. Traditional EMC design practices have been simply rule-based, that is, a list of rules-of-thumb are presented to the board designers to

implement. When a particular rule-of-thumb is difficult to implement, it is often ignored. After the product is built, it will often fail emission requirements and various time consuming and costly additions are then required. Proper EMC design does not require advanced degrees from universities, nor does it require strenuous mathematics. It does require a basic understanding of the underlying principles of the potential causes of EMC emissions. With this basic understanding, circuit board designers can make trade-off decisions during the design phase to ensure optimum EMC design.

Consideration of these potential sources will allow the design to pass the emissions requirements the first time in the test laboratory. A number of other books have been published on EMC. Most are general books on EMC and do not focus on printed circuit board is intended to help EMC engineers and design design. This book engineers understand the potential sources of emissions and how to reduce, control, or eliminate these sources. This book is intended to be a 'hands-on' book, that is, designers should be able to apply the concepts in this book directly to their

designs in the real-world.

A Novel Routledge

You met star quarterback Kevin Tucker in *This Heart of Mine*. Now get ready to meet his shark of an agent, Heath Champion, and Annabelle Granger, the girl least likely to succeed. Annabelle's endured dead-end jobs, a broken engagement . . . even her hair's a mess! But that's going to change now that she's taken over her late grandmother's matchmaking business. All Annabelle has to do is land the Windy City's hottest bachelor as her client, and she'll be the most sought-after matchmaker in town. Why does the wealthy, driven, and gorgeous sports agent Heath Champion need a matchmaker, especially a red-haired screw-up like Annabelle Granger? True, she's entertaining, and she does have a certain quirky appeal. But Heath is searching for the ultimate symbol of success -- the perfect wife. And to make an extraordinary match, he needs an extraordinary matchmaker, right? Soon everyone in Chicago has a stake in the outcome, and a very big question: When the determined matchmaker promised she'd do anything to keep her star client

happy . . . did she mean anything? If

Annabelle isn't careful, she just might find herself going heart-to-heart with the toughest negotiator in town.

Enjoy the colour of life and explore your world with this stunning photo journal.

Nitric Oxide (No) and Cancer Harper Collins

Luke Boone doesn't know exactly what his uncle Rust is involved in but he wants in on it. It's not exactly legal, but it puts him behind the wheel of a Porsche 911 and onto the radar of gorgeous socialite named Rain. Clara Bertelli is one of the most successful undercover officers in the Washington, DC, major crime unit, and she's going deep undercover as Rain Martines in order to expose one of the West coast's most notorious car theft rings. As the lines between right and wrong start to blur, will she be able to leave it all behind?

Rječnik osiguranja Simon and Schuster
Examines topics in the field of forensic psychology, including why people commit

crimes, the ways that psychologists and prisoners work together, and how to go about becoming a forensic psychologist.

The New Spanish-American Narrative

Springer Science & Business Media

A suspense-driven New Adult romance novel from the USA TODAY bestselling author of *Ten Tiny Breaths*.

A Novel Palala Press

“Do you ever wonder if you’ve lived the life you were meant to?” I ask her. She sighs, and dips her head. ‘Even if I do, what difference will it make?’ In 1988, two eight-year-old girls with almost identical names and the same love of ballet meet for the first time. They seem destined to be best friends forever and to become professional dancers. Years later, however, they have both been dealt so many cruel blows that they walk away from each other into very different futures – one enters a convent, the other becomes a minor celebrity. Will these new, ‘invisible’ lives be the ones they were meant to live, or will they only find that kind of salvation when they are reunited twenty years later?

Speculative Execution in High Performance Computer Architectures Simon and

Schuster

"When a drunken night out at a Michigan State college party results in the death of six people, Cole must come to terms with his part in the tragedy. Normally, he'd be able to lean on his best friends -- the ones who have been in his life since he could barely walk. Only, they're gone. Worse, there's the shattered body of a sixteen-year-old girl lying somewhere in a hospital bed, her entire life ripped from her because of a case of beer and a set of keys. As the months go by and the shame and loneliness festers, Cole begins to lose his grip on what once was important -- college, his girlfriend, his future. His life. It's not until Cole hits rock-bottom that he can begin to see another way out of his personal hell: forgiveness"--

The Pina Bausch Sourcebook Harper Collins

DD Barant launches *The Bloodhound Files with Dying Bites*—a "fresh and original take on urban fantasy" (Romantic Times) with a heroine who's "remarkable, strong-willed and smart" (Publishers Weekly). Her job description is the "tracking and apprehension of mentally-fractured

killers." What this really means in FBI profiler Jace Valchek's brave new world—one in which only one percent of the population is human—is that a woman's work is never done. And reality is getting stranger every day... Jace has been ripped from her reality by David Cassius, the vampire head of the NSA. He knows that she's the best there in the business, and David needs her help in solving a series of gruesome murders of vampires and werewolves. David's world—one that also includes lycanthropes and golems—is one with little knowledge of mental illness. An insane serial killer is a threat the NSA has no experience with. But Jace does. Stranded in a reality where Bela Lugosi is a bigger box office draw than Bruce Willis and every full moon is Mardi Gras, Jace must now hunt down a fellow human before he brings the entire planet to the brink of madness. Or she may never see her own world again...

C for Programmers with an Introduction to C11 Tyndale House Pub
Out of the wickedly inventive imagination of #1 New York Times bestselling author J.R. Ward comes a world where sin and salvation collide in a battle for the future

of mankind—where a cynical fallen angel struggles against the seven deadly sins and a demon's lure over seven chosen souls... Mels Carmichael, reporter for the Caldwell Courier Journal, gets the shock of her life when a man stumbles in front of her car outside the local cemetery. After the accident, his amnesia is just the kind of mystery she likes to solve, but she soon discovers they're in over their heads with his past. Over their heads with passion, too. As shadows walk the line between reality and another realm, and her lover's memory begins to come back, the two of them learn that nothing is truly dead and buried. Especially when you're trapped in a no holds barred war between angels and demons. With a soul on the line, and Mels's heart at risk, what in Heaven—or in Hell—will it take to save them both?

Essential GCSE Latin Ballantine Books
Essential GCSE Latin is a practical and accessible guide for students. Covering all the linguistic requirements (grammar, syntax and vocabulary) for GCSE Latin, the book is closely linked to OCR's current syllabus. This immensely useful textbook provides straightforward and easy to understand explanations of every

grammatical construction needed for GCSE, from ablative absolutes to result clauses. Each point of grammar is generously illustrated with examples and practice sentences. The book concentrates on understanding the principles behind accident and syntax, reducing the need for rote learning. 650 practice sentences provide ample opportunity for the student

to get to grips with every point of grammar as it is introduced. Essential GCSE Latin can be used on its own, or a revision guide for a fast but comprehensive recap of the language. Helpful, concise and clear, the book has an easily navigable structure which breaks down the language into bite-sized sections. Essential GCSE Latin also

includes a list of all the vocabulary needed for the exam and a glossary of grammar terms for quick and easy reference. An appendix of 15 practice passages provides further experience and helps equip the student for the current Language 2 paper. This new edition includes revised exercises throughout the book and updated vocabulary.
