A Pulitzer Prize winner interviews workers, from policemen to piano tuners: "Magnificent . . . To read it is to hear America talking." —The Boston Globe A National Book Award Finalist and New York Times bestseller Studs Terkel's classic oral history *Working* is a compelling look at jobs and the people who do them. Consisting of over one hundred interviews with everyone from a gravedigger to a studio head, this book provides a "brilliant" and enduring portrait of people's feelings about their working lives. This edition includes a new foreword by New York Times journalist Adam Cohen (Forbes). "Splendid . . . Important . . . Rich and fascinating . . . The people we meet are not digits in a poll but real people with real names who share their anecdotes, adventures, and aspirations with us." —Business Week "The talk in *Working* is good talk—earthy, passionate, honest, sometimes tender, sometimes crisp, juicy as reality, seasoned with experience." —The Washington Post

Managerial Accounting, 14th Ed Pearson

"As our eyes are drawn upward to the skyline of great cities, it's important to remember that these impressive constructions are able to reach such heights only because their foundations are strong. In much the same way, being successful in the business world begins with fundamental courses like financial and managerial accounting. It is only when students have a firm grasp of concepts like the accounting cycle and managerial decision making that they have a base on which to stand, a strong foundation on which to grow. In this edition, as before, the Williams team has revised the text with a keen eye toward the principle of helping students establish the foundation they will need for future success in business. However, through new coverage of International Financial Reporting Standards and a revised globalization chapter, the Williams book also introduces students to larger themes and evolving concerns. This dual emphasis allows students to keep their eyes trained upward even as they become solidly grounded in accounting fundamentals"--

Principles of Accounting Volume 2 - Managerial Accounting McGraw-Hill/Irwin

This is the second book of selected papers on environmental management accounting (EMA) which has been developed for Kluwer by the Environmental Management Accounting Network - Europe (EMAN-Eu), drawn primarily from papers presented at EMAN-Eu, to bring together several examples of leading thinking and practice internationally in this rapidly developing area. The authors include academics, practitioners from industry, and government policy-makers, and the subjects covered range from individual company experiences to the role of government in promoting EMA in industry. The papers included in the book provide several examples of how EMA can be applied in practice both in large corporations and in small and medium-sized enterprises, and of reports on the extent of the implementation of EMA and the conditions which encourage this. The book is intended for all those interested in EMA as either researchers or practitioners. It will also be of interest both to those interested in how well-established management accounting methods can be adapted and extended in order to meet new demands on companies, and also to environmental managers interested in learning how accounting techniques can be of value in achieving environmental management objectives.

MANAGERIAL ACCOUNTING 14th ed SAGE

As the long-time #1 best-seller, Garrison has helped guide close to 3 million students through managerial accounting since it was first published. It identifies the three functions managers must perform within their organisations—plan operations, control activities, and make decisions—and explains what accounting information is necessary for these functions, how to collect it, and how to interpret it. Garrison's Managerial Accounting is known for its relevance, accuracy, and clarity. It is also unique in that the authors write the most important supplements that accompany the book: solutions manual, test bank, instructor's manual, and study guide - making them both of high quality and extremely consistent with the textbook.

"We've incorporated an enormous amount of feedback from over 700 reviewers, focus group, and symposium participants. The list of changes and improvements on the next few pages is testament to the many hours that reviewers spent thinking about and analyzing our earlier editions, helping us to make Financial Accounting the best book of its kind. Text was reduced in many places to simplify and clarify discussion. Feature stories, real-world examples, and ratio analyses in each chapter were updated to the most recent year. Financial statement effects were highlighted in the margin of all journal entries. Chapter Framework illustrations at the end of each chapter were modified to include Analysis in most chapters. Five self-study multiple-choice questions were added to the Chapter Framework illustration in each chapter. Five additional questions are available online"--

For centuries, the lighthouse has stood as a beacon of guidance for mariners at sea. More than an aid to navigation, the lighthouse symbolizes safety, permanence, reliability, and the comforts of the familiar. For this reason, we have chosen to illustrate the twelfth Canadian edition of our flagship Managerial Accounting publication by Garrison/Libby/Webb with a lighthouse image that

encapsulates the greatest strengths of this market leading text. Garrison guides students through the challenges of learning managerial accounting. It identifies the three functions managers must perform within their organizations--plan operations, control activities, and make decisions--and explains the accounting information necessary for these functions. The twelfth Canadian edition of Managerial Accounting continues to place an emphasis on three core qualities: relevance, balance and clarity.
