
Biochemistry Of Lipids Lipoproteins And Membranes Sixth Edition

A Summary of Results of the Dietary Intervention Study in Children (DISC): Lessons Learned

Milk fat globule membrane in infant nutrition: a dairy industry perspective

Medical Biochemistry: Principles and Experiments

Jere P. Segrest, MD, PhD

Mahdi Garelnabi

Neues Online-Buch: Biochemistry of Lipids, Lipoproteins and Membranes (Fifth Edition)

Robert M. Sargis MD, PhD

What is Niacin?

Impact of lipoproteins on the biological activity and disposition of hydrophobic drugs: implications for drug discovery

Association of baseline as well as change in lipid levels with the risk of cardiovascular diseases and all-cause deaths

The Effect of Aspirin on Serum Lipids and Lipoproteins in Rabbits

Diet, Nutrition, and Health

Dr Andrew Peden

Correlation Between Oxysterol Consumption and Heart Disease

Phospholipid distribution in the cytoplasmic membrane of Gram-negative bacteria is highly asymmetric, dynamic, and cell shape-dependent

Biochemistry Of Lipids Lipoproteins And

Intraplaque Hemorrhage and Progression of Coronary Atheroma

Jerome Hojnacki
