Of particular interest in this part of Acts are the person of Paul and the unfolding of his character and theology. It is found that in the Bezan text Luke portrays him as a fallible disciple of Jesus who, despite his powerful enthusiasm, is hindered by his traditional Jewish understanding from fully carrying out the mission entrusted to him in these first stages. The conclusion is drawn that the portrait of an exemplary hero in the Alexandrian text is a later modification of the flawed picture.

This work gives a detailed history and defense of the Advent Movement of the 1840's known as Millerism, the movement from which the Seventh-day Adventist denomination sprang. The book is based on original sources, William Miller's correspondence, contemporaneous books, pamphlets, journals, newspapers. The first half is devoted to the history of the movement, and the second half to an examination of charges made against the Advent believers, such as that they wore ascension robes, that the Millerite preaching filled the asylums, and so forth.

Testimonies for the Church Volume 1 Aspect Book

The Divine pattern touches every aspect of our lives and holds the key to joy, peace and harmony within our marriages, communities, churches and all social structures within our world. In the relationship between God and His Son, we behold the key to this divine pattern. The more and more we behold them, love them and pattern our lives after them, the more receptive we become to their channel of blessing in our lives. Before this world began, Satan and his angels moved to obscure the divine pattern and replace it with a counterfeit that would break the circuit of God's boundless love and bring untold misery to the world. Uncover this deceptive counterfeit and see, in the great original divine pattern the key for returning our church to the worship of God and His Son.

Following Jesus Nexgen

I have often found myself chasing this treasure of memories. I recently traveled to a place I lived when I was a child and I just soaked up the sights and the sounds, visited my old home and relived the memories. Memories of Dad and Mum, my sister and I, sitting around the lounge, memories of going running with my Dad, memories of playing with my friends in the creek, climbing trees and riding bikes. I know that the memories are slightly 'rose

glass tinted' and there is an incredibly strong bias to only remember the good times, but it feels so good and satisfying. Building and protecting this kind of treasure safeguards the health of communities and gives hope to generations yet to emerge. The treasures of love and affection, sweet memories laid down in family rituals and experiences are the fabric of life. Without this treasure, life has no heart and soul and is reduced to the drudgery of survival. Without a series of warm memories connected to special relationships - life is meaningless. No person can centre and stabilise themselves without some place they can point to with warmth and call home.

In this meticulously researched, unflinching, and reasoned study, National Book Award finalist David I. Kertzer presents shocking revelations about the role played by the Vatican in the development of modern anti-Semitism. Working in long-sealed Vatican archives, Kertzer unearths startling evidence to undermine the Church's argument that it played no direct role in the spread of modern anti-Semitism. In doing so, he challenges the Vatican's recent official statement on the subject, *We Remember*. Kertzer tells an unsettling story that has stirred up controversy around the world and sheds a much-needed light on the past.

The Keeping of Christmas at Bracebridge Hall Review and Herald Pub Assoc

This is the first volume of a 9-book series by Ellen G. White entitled Testimonies for the Church which was started as instruction and guidance to the Seventh-day Adventist Church during its infancy (during the late 1840's and early 1850's). During that time, there were only four ministers serving the entire denomination. The ministers, who supported themselves through physical labor, were poor in this world's goods but rich in the gospel. By 1855, membership in the fledgling denomination had grown from less than a hundred to more than a thousand. During those years of growth, opposition by a group called the

"Messenger Party" brought much sorrow and perplexity to the believers. Fanatical movements also divided and distracted from time to time. Discouraged by the fact that Jesus had not come in 1844, the church was in danger of losing its "first love." With the Gold Rush and westward movement, those years were also a time of speculation in homesteads and land. As a result, these testimonies contain more than a few earnest warnings about the dangers of conformity to the world. Calls to deeper consecration on the part of church members were also frequent. In late 1856, Advent believers began to recognize themselves as "lukewarm" and in need of heeding the counsel of the "True Witness" witness of Revelation 3. Mightily stirred by this message, the believers expected the loud cry of the third angel to take place very soon. The earnest messages of Testimonies Volume One can be better understood with this background in mind. The times of this volume were also filled with discussion and debate. Adventist ministers, including one prominent one named Moses Hull, were often challenged to debate about the Sabbath or even with Spiritualists. Moses Hull's ill-advised debates with spiritualists, which led to his ultimate spiritual demise, were addressed in some of the counsels included in Volume One. During the times of this volume, steps were also being taken to organize the Seventh-day Adventist Church. There was much discussion about the idea of organization, as opponents of the move argued that the idea of organization itself came straight from Babylon. Also notable during this period was the introduction of health reform in 1863. After Ellen White received a vision that emphasized the relationship between the laws of health and spiritual development, she began to admonish the members on this topic.

Reforms in dress were also closely related to the health reform movement. Additional counsel led the members to establish the Health Reform Institute. During the American Civil War, guidance was also needed-and provided-about the proper relationship between the church and civil government. Other notable topics covered during those formative years (and included in Testimonies for the Church Volume One) included the importance of the home in the building of Christian character, the responsibility of parents, and admonitions for the youth. Counsel

and admonition for the church body was also included. All in all, the counsels in Volume One spanned a very important phase in the development of the Seventh-day Adventist Church and were very influential in its development.
