The Plains of Passage (with Bonus Content) Bantam

Set in the challenging terrain of Ice Age Europe that millions of Jean Auel's readers have come to treasure, *The Mammoth Hunters* is an epic novel of love, knowledge, jealousy, and hard choices—a novel certain to garner Jean Auel even greater acclaim as a master storyteller of the dawn of humanity. Ayla, the independent heroine of *The Clan of the Cave Bear* and *The Valley of Horses*, sets out from the valley on Whinney, the horse she tamed. With her is Jondalar, the tall, handsome, yellow-haired man she nursed back to health and came to love. Together they meet the Mamutoi—the Mammoth

Hunters—people like Ayla. But to Ayla, who was raised by the Clan of the Cave Bear, they are “the Others.” She approaches them with mixed feelings of fear and curiosity. Talut, a powerful bear of a man with bright red hair, a booming laugh, and a gentle heart, and his tall, dark-haired sister, Tulie, are the leaders of the Lion Camp of the Mamutoi. It is here that Ayla finds her first women friends, but some among the Mamutoi dislike Ayla because she was raised by “flatheads,” their name for the people of the Clan. Ayla is haunted by her memories of the Clan because Rydag, a child of mixed parentage living with the Mamutoi, bears so strong a resemblance to her own son, Durc. It is the Mamutoi master carver of ivory—dark-skinned Ranec, flirtatious, artistic, magnetic—who fascinates Ayla. She finds herself drawn to him. Because of her uncanny control over animals, her

healing skills, and the magic firestone she discovered, Ayla is adopted into the Mammoth Hearth by Mamut, the ancient shaman of the Great Earth Mother. Ayla finds herself torn between her strong feelings for Ranec and her powerful love for the wildly jealous and unsure Jondalar. It is not until after the great mammoth hunt, when Ayla's life is threatened, that a fateful decision is made. This eBook includes the full text of the novel plus the following additional content: • An Earth's Children® series sampler including free chapters from the other books in Jean M. Auel's bestselling series • A Q&A with the author about the Earth's Children® series **Along the Huerfano River** Macmillan “A whole culture is imaginatively and authoritatively illuminated” in this “suspenseful, insightful, poignant” novel of prehistoric times (Publishers Weekly). Twenty thousand years ago, a courageous

girl lived in Siberia near Woman Lake, a place you won't find on any modern map. Only thirteen, Yanan and her companions—hunters of deer, gatherers of roots and twigs—struggle to survive the harsh realities of hunger and cold, bound by an unending cycle of birth, kinship, violence, and death. As Yanan recounts the terrible adventures of her brief life, she departs on spirit journeys that evoke the lives of the animals to which she and her people are intimately linked. A lyrical novel of our species' prehistory, *Reindeer Moon* opens up corridors to the imagination that lead us back to the long-forgotten echoes of our distant human past. "Unforgettable . . . *Reindeer Moon* beautifully resurrects a lost world of merciless magnificence. Dozens of memorable characters live and die in this moving tale, which should become a classic." —Chicago Tribune Book World "Those familiar with the author's landmark study, *The Harmless People*, will not be surprised at the range of anthropological information she brings to her first novel, or at the lucidity of her prose. What will astonish, engross and move readers in her narrative of a group of hunter-gatherers who lived 20,000 years ago is the dramatic immediacy of the story and the depth and range of character development." —Publishers Weekly

This unforgettable odyssey into the distant past carries us back to the awesome mysteries of the exotic, primeval world of *The Clan of the Cave Bear*, and to Ayla, now grown into a beautiful and courageous young woman. Cruelly cast out by the new leader of the ancient Clan that adopted her as a child, Ayla leaves those she loves behind and travels alone through a stark, open land filled with dangerous animals but few people, searching for the Others, tall and fair like herself. The short summer gives her little time to look, and when she finds a sheltered valley with a herd of hardy steppe horses, she decides to stay and prepare for the long glacial winter ahead. Living with the Clan has taught Ayla many skills but not real hunting. She finally knows she can survive when she traps a horse, which gives her meat and a warm pelt for the winter, but fate has bestowed a greater gift, an orphaned foal with whom she develops a unique kinship. One winter extends to more; she discovers a way to make fire more quickly and a wounded cave lion cub joins her unusual family, but her beloved animals don't fulfill her restless need for human companionship. Then she hears the sound of a man screaming in pain. She saves tall,

handsome Jondalar, who brings her a language to speak and an awakening of love and desire, but Ayla is torn between her fear of leaving her valley and her hope of living with her own kind.

The fifth novel in the Earth's Children series, Jean M. Auel's internationally bestselling reconstruction of pre-historic life, when two kinds of human beings, Neanderthal and Cro-Magnon, shared the earth. Ayla and Jondalar have reached home: the Ninth Cave of the Zelandonii, the old stone age settlement in the region known today as south-west France. Ayla has much to learn from the Zelandonii as well as much to teach them. Jondalar's family are initially wary of the beautiful young woman he has brought back, with her strange accent and her tame wolf and horses. She is delighted when she meets Zelandoni, the spiritual leader of her people, a fellow healer with whom she can share her medicinal skills. After the rigours and dangers that have characterised her extraordinary life, Ayla yearns for peace and tranquility; to be Jondalar's mate and to have children. But her unique spiritual gifts cannot be ignored, and even as she gives birth to their eagerly-awaited child, she is coming to accept that she has a greater role to play in the destiny of the Zelandonii. Set 25,000 years in the past, yet utterly relatable today, *The Shelters of Stone* is an epic tale of love, identity and the struggle to survive, rich in detail of language, culture, myth and ritual. Long before English speakers set eyes upon it, the volcanic plug on the south bank of the Huerfano River was tagged with a moniker that means "the orphan." Spanish conquistadors saw it as a rock pile that God dumped in the middle of nowhere, an odd little cone far removed from the regular foothills edging the Sangre de Cristo Mountain Range. In the 18th century, this outcropping and the river that bears the same name were famous landmarks for Native American tribes, Hispanic explorers, and French adventurers. Then in the 19th century, along came US mountain men, gold-seekers, cowboys, sheep ranchers, railroad workers, town developers, and coal miners from 31 different countries, speaking 27 different languages. Counterculture revolutionaries discovered the area in the 1960s and established five separate communes west of Walsenburg. Each wave of immigrants brought new perspectives and lifestyles.

The Shelters of Stone opens as Ayla and Jondalar, along with their animal friends, Wolf, Whinney, and Racer, complete their epic journey across Europe and are greeted by Jondalar's people: the Zelandonii. The people of the Ninth Cave of the Zelandonii fascinate Ayla. Their clothes, customs, artifacts, even their homes—formed in great cliffs of vertical limestone—are a source of wonder to her. And in the woman Zelandoni, the spiritual leader of the Ninth Cave (and the one who initiated Jondalar into the Gift of Pleasure), she meets a fellow healer with whom to share her knowledge and skills. But as Ayla and Jondalar prepare for the formal mating at the Summer Meeting, there are difficulties. Not all the Zelandonii are welcoming. Some fear Ayla's unfamiliar ways and abhor her relationship with those they call flatheads and she calls Clan. Some even oppose her mating with Jondalar, and make their displeasure known. Ayla has to call on all her skills, intelligence, knowledge, and instincts to find her way in this complicated society, to prepare for the birth of her child, and to decide whether she will accept new

challenges and play a significant role in the destiny of the Zelandonii. Jean Auel is at her very best in this superbly textured creation of a prehistoric society. *The Shelters of Stone* is a sweeping story of love and danger, with all the wonderful detail—based on meticulous research—that makes her novels unique. It is a triumphant continuation of the Earth's Children® saga that began with *The Clan of the Cave Bear*. And it includes an amazing rhythmic poem that describes the birth of Earth's Children and plays its own role in the narrative of *The Shelters of Stone*.
