*Animals That  
 Change Color  
 (L2) (National  
 Geographic  
 Readers)*  
 National  
 Geographic  
 Books

"Packed with  
 beautiful and  
 engaging  
 photos, this  
 new leveled  
 reader dives  
 into the  
 amazing world  
 of animals  
 that change  
 their  
 appearance  
 based on  
 environment,

the need to  
 blend in to  
 hunt or stay  
 safe, and even  
 their mood!  
 Kids will learn  
 all about the  
 how and why  
 of these  
 amazing  
 animal  
 transformation  
 s"--

Filled with adorable photos, and carefully leveled text, this level 1 reader introduces beginning readers to these furry creatures, from cub to adult, exploring where they live, what they eat, and even the way they say "hello"—by touching noses!</p> <p>National Geographic supports K-12 educators with</p>	<p>ELA Common Core Resources.</p> <p>Visit <a href="http://www.natgeod.org/common-core">www.natgeod.org/common-core</a> for more information.</p> <p><i>Koalas</i></p> <p>Bellwether Media</p> <p>Discusses the facts, habits and behaviors of giraffes.</p> <p><i>Turtles</i></p> <p>National Geographic Books</p> <p>This exciting reader follows the story of the longest and the most demanding elephant migration on the planet.</p> <p>Living at the furthest corners of the hot and dry</p>
---	--	--

Sahara Desert, the very margins of where elephants can survive, hundreds of these great creatures make a dangerous but necessary journey as their main source of food and water dries up and they must go in search of more. Battling 120-degree heat, sandstorms, and fierce thunderstorms, these amazing animals travel 35 miles a day in a race against time in search of

the bare essentials of life. National Geographic supports K-12 educators with ELA Common Core Resources. Visit [www.natgeod.org/commoncore](http://www.natgeod.org/commoncore) for more information. *Giraffe* National Geographic Books Developed by National Geographic in consultation with literacy education experts, a series of high-interest, exciting and easy-to-read books contain simple text, National

Geographic photography and kid-friendly diagrams, as well as loads of information about subjects that really matter to kids. Simultaneous. [Giraffes](#) National Geographic Readers An introduction to koalas covers where they live, what they eat, and how they communicate, and follows the animal's development from cub to adult. [Meerkats](#) National Geographic Society

Take a dip with turtles in this exciting reader. Packed with beautiful and engaging photos, kids will learn all about these fantastic reptiles. This Level 1 reader is carefully leveled for an early independent reading or read aloud experience, perfect

[How Tall Is a Giraffe?](#)

National Geographic Society Provides information about these playful mammals, including their aquatic habitats, diet, physical characteristics, and behaviors.

[Day and Night](#)

National Geographic Books Young readers are invited along on an African safari where they can see elephants spraying, lions playing, and hippos soaking.

[Sea Otters](#)

National Geographic Books Introduces the height of a giraffe to readers through simple text, photograph, and measurement comparisons. Additional features include a phonetic glossary, index, sources for further research, and a Check It Out! section that supplements the main text with additional fun comparisons and facts about the topic.

**National Geographic Kids Readers: Animal Armor (L1)**

National Geographic Books Short,

rhyming text and up-close photographs take readers on a safari that introduces the wild animals that inhabit the Savannah.

**National Geographic**

**Readers:**

**Giraffes**

Lerner Publishing Group "Developed by literacy experts for students in kindergarten through grade three, this book introduces giraffes to young readers through leveled text and related photos"--

Provided by publisher. National Geographic Readers: Manatees Bellwether Media In this level 1 reader, young readers will explore the feathery world of adorable owls. Follow these curious-looking creatures through their wooded habitats, and learn how owls raise their young, hunt, and protect themselves. Beautiful photos and carefully leveled text make this

book perfect for reading aloud or for independent reading. **Safari** National Geographic Books Adult and child readers will learn all about adorable farm animals together in this new Co-reader from National Geographic Kids. Giraffes National Geographic Children's Books Pounce! Follow a little kitten through its day to learn all about these young

cats. Through text features such as the vocabulary tree and the wrap-up activity, kids will be introduced to vocabulary in concept groups—helping them make connections between words and expand their understanding of the world.

Llamas (L1)  
(National Geographic Readers)

National Geographic Books  
In this level 2 reader, young readers will explore the underwater world of

lovable manatees. Follow these gentle giants, sometimes called "sea cows," through their marshy habitats, learn how manatees raise their young, and discover the threats to their environment. Beautiful photos and carefully leveled text make this book perfect for reading aloud or for independent reading. National Geographic supports K-12 educators with ELA Common

Core Resources. Visit [www.natgeod.org/commoncore](http://www.natgeod.org/commoncore) for more information. *Predators Collection* National Geographic Books Adorably cute and amazingly fast, the cheetah is a perennial favorite among kids. This National Geographic Reader will delight kids with beautiful photographs and mind-boggling facts about this majestic and mysterious cat. Did you know a

cheetah can go from 0 to 60 mph in less than 3 seconds? True to the National Geographic Kids' style and trusted reputation, snack size bites of information provide easily digestible learning that fulfills both the reader's curiosity and sense of achievement. National

Geographic supports K-12 educators with ELA Common Core Resources. Visit [www.natgeod.org/common](http://www.natgeod.org/common) for more information. *Giraffes* National Geographic Society You don't have to look far to see a spider's web—in the corner of the window, on a fence, or in a

bush—spiders make their homes everywhere. And there are so many kinds of spiders! Some red, some blue, yellow, and more...all fascinating. Amazing photography and easy-to-understand text make Spiders a hit in this National Geographic Kids series.
