HarperCollins
The story of a woman who loves her house so much that she'll do just about anything to keep it. Ellen Flanagan has two precious girls to raise, a cozy neighborhood coffee shop to run, terrific friends, and a sexy husband. She adores her house, a yellow Cape Cod filled with quirky antiques, beloved nooks and dents, and a million memories. But now, at forty-four, she's

about to lose it all. After eighteen roller-coaster years of marriage, Ellen's husband, Sam--who's charismatic, spontaneous, and utterly irresponsible--has disappointed her in more ways than she can live with, and they're getting divorced. Her daughters are miserable about losing their daddy. Worst of all, the house that Ellen loves with all her heart must now be sold. Ellen's life is

further complicated by a lovely and unexpected relationship with the husband of the shrewish, social-climbing woman who has purchased the house. Add to that the confusion over how she really feels about her almost-ex-husband, and you have the makings of a delicious novel about what matters most in the end. . . . Set in the gorgeous surroundings of Portland, Oregon,

<p>Kathleen McCleary's funny, poignant, curl-up-and-read debut strikes a deep emotional chord and explores the very notion of what makes a house a home. <u>Creating Characters with Personality</u> Oxford University Press Character and Personality Type will change the way you look at personality type and development. Contains Dr. Nardi's long awaited 64 character</p>	<p>biographies-4 for each type with illustrations-gives you a new look at the differences within personality type. <u>Self-Publishing Simplified</u> JADD Publishing For beginner to intermediate artists, Design Your Own Anime and Manga Characters demonstrates how to conceive and draw original characters for these popular art/entertainment genres. <i>Better Game</i></p>	<p><i>Characters by Design</i> She's Novel Press The Science of Writing Characters is a comprehensive handbook to help writers create compelling and psychologically-credible characters that come to life on the page. Drawing on the latest psychological theory and research, ranging from personality theory to evolutionary science, the book equips screenwriters and novelists with all the</p>
--	--	--

techniques they need to build complex, dimensional characters from the bottom up. Writers learn how to create rounded characters using the 'Big Five' dimensions of personality and then are shown how these personality traits shape action, relationships and dialogue. Throughout *The Science of Writing Characters*, psychological theories and research are translated into handy

practical tips, which are illustrated through examples of characters in action in well-known films, television series and novels, ranging from *Three Billboards Outside Ebbing Missouri* and *Game of Thrones* to *The Bonfire of the Vanities* and *The Goldfinch*. This very practical approach makes the book an engaging and accessible companion guide for all writers who

want to better understand how they can make memorable characters with the potential for global appeal. *Penguin Exploring Movie Construction & Production* contains eight chapters of the major areas of film construction and production. The discussion covers theme, genre, narrative structure, character portrayal, story, plot, directing style, cinematograph

hy, and editing. Important terminology is defined and types of analysis are discussed and demonstrated. An extended example of how a movie description reflects the setting, narrative structure, or directing style is used throughout the book to illustrate building blocks of each theme. This approach to film instruction and analysis has proved beneficial to increasing

students' learning, while enhancing the creativity and critical thinking of the student.

Elements of Fiction Writing - Characters & Viewpoint

CRC Press
Following on the heels of Lisa Cron's breakout first book, *Wired for Story*, this writing guide reveals how to use cognitive storytelling strategies to build a scene-by-scene blueprint for a riveting story. It's every novelist's greatest fear: pouring their

blood, sweat, and tears into writing hundreds of pages only to realize that their story has no sense of urgency, no internal logic, and so is a page one rewrite. The prevailing wisdom in the writing community is that there are just two ways around this problem: pantsing (winging it) and plotting (focusing on the external plot). Story coach Lisa Cron has spent her career discovering

why these methods don't work and coming up with a powerful alternative, based on the science behind what our brains are wired to crave in every story we read (and it's not what you think). In *Story Genius* Cron takes you, step-by-step, through the creation of a novel from the first glimmer of an idea, to a complete multilayered blueprint—including fully realized scenes—that evolves into a

first draft with the authority, richness, and command of a riveting sixth or seventh draft. *The Negative Trait Thesaurus: A Writer's Guide to Character Flaws* Telos Publications Create characters that leap off the page--and into readers' hearts! *Populating your fiction with authentic, vivid characters is a surefire way to captivate your readers from the first sentence to the last.*

Whether you're writing a series, novel, short story, or flash fiction, *Creating Characters* is an invaluable guide to bringing your fictional cast to life. This book is a comprehensive reference to every stage of character development. You'll find timely advice and helpful instruction from best-selling authors like Nancy Kress, Elizabeth Sims, Orson Scott Card, Chuck Wendig, Hallie

<p>Ephron, Donald Maass, and James Scott Bell. They'll show you how to: • Effectively introduce your characters • Build a believable protagonist • Develop strong anti- heroes and compelling villains • Juggle multiple points of view without missing a beat • Craft authentic dialogue that propels the story forward • Motivate your characters with powerful objectives and</p>	<p>a believable conflict • Show dynamic character development over the course of a story No matter what your genre, Creating Characters gives you the tools necessary to create realistic, fascinating characters that your readers will root for and remember long after they've finished the story. <u>The Positive Trait</u> <u>Thesaurus: A Writer's Guide to Character</u></p>	<p><u>Attributes</u> Creating Characters with Personality It's a writer's job to create compelling characters who can withstand life's fallout without giving up. But building authentic, memorable heroes is no easy task. To forge realistic characters, we must hobble them with flaws that set them back while giving them positive attributes to help them achieve their goals. So how do writers</p>
--	---	--

choose the right blend of strengths for their characters—at tributes that will render them admirable and worth rooting for—without making it too easy for them to succeed? Character creation can be hard, but it's about to get a lot easier. Inside The Positive Trait Thesaurus, you'll find: * A large selection of attributes to choose from when building a personality profile. Each entry lists

possible causes for why a trait might emerge, along with associated attitudes, behaviors, thoughts, and emotions * Real character examples from literature, film, or television to show how an attribute drives actions and decisions, influences goals, and steers relationships * Advice on using positive traits to immediately hook readers while avoiding common personality

pitfalls * Insight on human needs and morality, and how each determines the strengths that emerge in heroes and villains alike * Information on the key role positive attributes play within the character arc, and how they're vital to overcoming fatal flaws and achieving success * Downloadable tools for organizing a character's attributes and providing a deeper understanding of his past, his needs, and

the emotional wounds he must overcome If you find character creation difficult or worry that your cast members all seem the same, The Positive Trait Thesaurus is brimming with ideas to help you develop one-of-a-kind, dynamic characters that readers will love. Extensively indexed, with entries written in a user-friendly list format, this brainstorming resource is perfect for any

character creation project. *Action!* *Cartooning* Hachette Books When Phoebe's mom returns from Greece with a new husband and plans to move to an island in the Aegean Sea, Phoebe's well-plotted senior year becomes ancient history. Now, instead of enjoying a triumphant track season and planning for college with her best friends, Phoebe is trying to keep her head

above water at the berexclusive Academy. If it isn't hard enough being the new kid in school, Phoebe's classmates are all descendents of the Greek gods! When you're running against teammates with superpowers, dealing with a stepsister from Hades, and nursing a crush on a boy who is quite literally a god, the drama takes on mythic proportions! Creating Characters

Nathan Bransford
A frequent problem area for fiction writers is characterization. If writers jump headlong into a story with only a fuzzy notion about the people who are in it, the result is a collection of characters who are cliched, stereotypical and not very interesting. Creating Characters is an easy to use reference work that looks at character development from many

different angles. The book does not tell writers how to write. Instead, it generates a thought process by asking crucial questions about characters' internal and external traits, wants, needs, likes, dislikes, fears, beliefs, strengths, weaknesses, habits and backgrounds. Following these questions, the writer will find an ever deeper and wider array of options. Thus, Creating Characters

helps writers delve as deeply into a character's psychology as they want. All characters, and the stories they people, can be made richer and more compelling.

Be yourself like Molly Lou Melon no matter what a bully may do. Molly Lou Melon is short and clumsy, has buck teeth, and has a voice that sounds like a bullfrog being

squeezed by a
boa
constrictor.
She doesn't
mind. Her
grandmother
has always
told her to
walk proud,
smile big, and
sing loud, and
she takes that
advice to
heart. But
then Molly Lou
has to start in
a new school.
A horrible
bully picks on
her on the
very first day,
but Molly Lou
Melon knows
just what to
do about that.

Publishing
How close
would you
hold those you

love, when the
end comes? In
a society
where self-
preservation is
as much an
art as a
science, Norah
and Arthur are
learning how
to co-exist in
their new little
world. Though
they hardly
know each
other,
everything
seems to be
going
perfectly -
from the
home they're
building
together to
the ring on
Norah's finger.
But survival in
this world is a
tricky thing,
the air is
thicker every
day and

illness creeps
fast through
the body. And
the earth is
becoming
increasingly
hostile to live
in.
Fortunately,
Easton Grove
is here for that
in the form of
a perfect little
bundle to take
home and
harvest. You
can live for as
long as you
keep it - or
her - close.

Novel](#) Penguin
#1 NEW YORK
TIMES

BESTSELLER •
David Brooks challenges us to rebalance the scales between the focus on external success—"résumé virtues"—and our core principles.

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE ECONOMIST
With the wisdom, humor, curiosity, and sharp insights that have brought millions of readers to his New York Times column and his previous

bestsellers, David Brooks has consistently illuminated our daily lives in surprising and original ways. In *The Social Animal*, he explored the neuroscience of human connection and how we can flourish together. Now, in *The Road to Character*, he focuses on the deeper values that should inform our lives. Looking to some of the world's greatest thinkers and inspiring leaders, Brooks

explores how, through internal struggle and a sense of their own limitations, they have built a strong inner character. Labor activist Frances Perkins understood the need to suppress parts of herself so that she could be an instrument in a larger cause. Dwight Eisenhower organized his life not around impulsive self-expression but considered self-restraint. Dorothy Day, a devout

Catholic convert and champion of the poor, learned as a young woman the vocabulary of simplicity and surrender. Civil rights pioneers A. Philip Randolph and Bayard Rustin learned reticence and the logic of self-discipline, the need to distrust oneself even while waging a noble crusade. Blending psychology, politics, spirituality, and confessional, *The Road to*

Character provides an opportunity for us to rethink our priorities, and strive to build rich inner lives marked by humility and moral depth. “Joy,” David Brooks writes, “is a byproduct experienced by people who are aiming for something else. But it comes.” Praise for *The Road to Character* “A hyper-readable, lucid, often richly detailed human story.”—*The New York Times Book*

Review “This profound and eloquent book is written with moral urgency and philosophical elegance.”—Andrew Solomon, author of *Far from the Tree* and *The Noonday Demon* “A powerful, haunting book that works its way beneath your skin.”—*The Guardian* “Original and eye-opening . . . Brooks is a normative version of Malcolm Gladwell, culling from a wide array of scientists and

thinkers to
weave an idea
bigger than
the sum of its
parts.”—USA

EVERY ONE OF
US HAS A
SOUL. SOME
ARE NEW,
SOME OLD,
AND A FEW,
THE
DANGEROUS,
ARE LOST.
BUT ONLY
TWELVE
KNOW WHY
WE HAVE A
SOUL AT ALL.
ONLY TWELVE
REMEMBER
MANKIND'S
FORBIDDEN
PAST. Tess
thinks she's

going crazy
when only she
sees the
naked man in
the crowded
cafe,
comatose
woman in his
arms. The
nightmares,
the visions:
something's
not right. But
Tess is
entitled to
moments of
insanity. She's
the daughter
of mental
illness,
suicide, and
her husband
was just killed
in a car
accident,
leaving her an
inept single
mom at
twenty-six.
Then Tess
meets Bryce,
Carlisle's

illusive
bachelor who
spins tales
from ancient
mythology
with
knowledge
beyond his
years. His
truths intrigue
Tess, pull her
from the
depths, and
might just be
what she
needs to
survive.
Compulsively
readable, A
Keeper's Truth
is an
emotionally
charged tale
of fate, belief,
and the power
of the human
mind. A story
that will have
you
questioning
everything
you know

about the history of mankind, and wondering if somewhere, deep inside, you knew the truth all along.

Character Mentor

Harper Collins We like to think of ourselves and our friends and families as pretty good people. The more we put our characters to the test, however, the more we see that we are decidedly a mixed bag. Fortunately there are some promising strategies - both secular

and religious - for developing better characters.

Character Matters

Quarry Books Build your drawing and character design skills while following the step-by-step instructions of Draw 62 Animals and Make Them Cute. Beloved illustrator and Instagrammer Heegyum Kim takes you on a fun journey to expand your character-building skills as she shows you how to draw 62 animals and make them

cute! On the left-hand page, follow along with the steps as each animal moves from simple shapes to identifying marks. On the right-hand page, you will find several other clever options for varying your character design. You might change the view, the animal's posture, their accessories, or their expression. Grab your pen and use the open spaces throughout the book to create your own versions

and variations of each one. Whether it's a playful platypus, an adorable sloth, or a scintillating chinchilla—you will delight in the charm of this animal collection. Fresh, modern, and with a dash of clever anthropomorphic humor, you won't find a more enjoyable way to practice your illustration and expand your imagination.

Creating Characters with Personality
Watson-Guptill
The Art of Character
Penguin
Former private investigator and New York Times notable author David Corbett offers a unique and indispensable toolkit for creating characters that come vividly to life on the page and linger in memory. Corbett provides an inventive, inspiring, and vastly

entertaining blueprint to all the elements of characterization—from initial inspiration to realization—with special insights into the power of secrets and contradictions, the embodiment of roles, managing the "tyranny of motive," and mastering crucial techniques required for memorable dialogue and unforgettable scenes. This is a how-to guide for both aspiring and accomplished writers that

renders all other books of its kind obsolete. Stand Tall, Molly Lou Melon Faber & Faber Award-winning psychologist and educator Thomas Lickona offers more than one hundred practical strategies that parents and schools have used to help kids build strong personal character as the foundation for a purposeful,

productive, and fulfilling life. Succeeding in life takes character, and Lickona shows how irresponsible and destructive behavior can invariably be traced to the absence of good character and its ten essential qualities: wisdom, justice, fortitude, self-control, love, a positive attitude, hard work,

integrity, gratitude, and humility. The culmination of a lifetime's work in character education from one the preeminent psychologists of our time, this landmark book gives us the tools we need to raise respectful and responsible children, create safe and effective schools, and build the caring and decent society in which we all want to live.
