Death is a way of life outside of the safety of Inner Tulsa, and Jade means to keep flipping Mother Nature off until old age claims her.

With one eye always on the sky, the last thing she needs is a pack of bounty hunters out for her living head.

With no idea of why anyone would want her, her wits might keep her free, assuming she can resist the charming lures of Sandro, one of the men out to claim her as his own. Left with the choice of

being the evening snack of a tornado or taking shelter with the bounty hunter, she does what she does best: she lives on the edge. Striking a bargain with the handsome bounty hunter buys her another day of life, but it also dumps her into the heart of a sinister plot, one meant to enslave the residents of the storm-tossed city—and the others brave and foolish enough to call the Alley home.

In *Jade War*, the sequel to the World Fantasy Award-winning novel *Jade City*, the Kaul siblings battle rival clans for honor and control over an Asia-inspired fantasy

metropolis. On the island of Kekon, the Kaul family is locked in a violent feud for control of the capital city and the supply of magical jade that endows trained Green Bone warriors with supernatural powers they alone have possessed for hundreds of years. Beyond Kekon's borders, war is brewing. Powerful foreign governments and mercenary criminal kingpins alike turn their eyes on the island nation. Jade, Kekon's most prized resource, could make them rich - or give them the edge they'd need to topple their rivals. Faced with threats on all sides, the Kaul family is forced to form new and dangerous alliances, confront enemies in

the darkest streets and the tallest office towers, and put honor aside in order to do whatever it takes to ensure their own survival - and that of all the Green Bones of Kekon. hundred years, the Owens women have been blamed for everything that has gone wrong in their Massachusetts town. Gillian and Sally have endured that fate as well: as children, the sisters were forever outsiders, taunted, talked about, pointed at. Their elderly aunts almost seemed to encourage the whispers of witchery, with their musty house and their exotic concoctions and their crowd of black cats. But all Gillian and Sally wanted was to escape. One will do so by marrying, the other by running away. But the bonds they share will bring them back—almost as if by magic... “Splendid...Practical Magic is one of [Hoffman's] best

Heir of Fire Orbit

For fans of Crazy Rich Asians: Meet the Wangs, the unforgettable immigrant family whose spectacular fall from glorious riches to (still name-brand) rags brings them together in a way money never could. Charles Wang, a

brash, lovable businessman who built a cosmetics empire and made a fortune, has just lost everything in the financial crisis. So he rounds up two of his children from schools that he can no longer afford and packs them into the only car that wasn’t repossessed. Together with their wealth-addicted stepmother, Barbra, they head on a cross-country journey from their foreclosed Bel-Air home to the Upstate New York retreat of the eldest Wang daughter, Saina. “Highly entertaining” (BuzzFeed), this “fresh Little Miss Sunshine” (Vanity Fair) is a “compassionate and bright-eyed novel” (New York Times Book Review), an epic family saga, and a new look at what it means to

"One of the best books on magic that has been written in the twentieth century, and one of the best introductions to magic written in any century."--Colin Wilson **Money Magic** Orbit Mei Wang is a modern,

independent Chinese woman. She runs her own business in Beijing, working as a private investigator; she owns a car; she even has that most modern of commodities, a male secretary. One day, "Uncle" Chen asks her to find the Eye of Jade, a priceless Han dynasty artefact taken from its museum during the years of the Cultural Revolution when Red Guards swarmed the streets, destroying many remnants of the past. Mei's investigations reveal a story that has far more to do with the past, and her own family history, than she could ever have expected. She must delve into that brutal part of China's history, Mao's labour camps and the countless

deaths for which no one was ever held responsible. It exposes the agonising choices made during the Revolution, to kill or be killed, to love or to live. *The Eye of Jade* is a fascinating glimpse of city life in modern China. Liang captures vividly Beijing's bustle and noise, from seedy gambling dens and cheap noodle bars, to the splendour of the Forbidden City. With a rich cast of characters spanning immigrant workers and government officials, she examines the sometimes uneasy relationship between China's brutal communist past under Mao and its increasingly capitalist present.

This stunning fantasy inspired by Chinese folklore is a companion novel to *Starry River of the Sky* and the New York Times bestselling and National Book Award finalist *When the Sea Turned to Silver*. In the valley of Fruitless mountain, a young girl named Minli lives in a ramshackle hut with her parents. In the evenings, her father regales her with old folktales of the Jade Dragon and the Old Man on the Moon, who knows the answers to all of life's questions. Inspired by these stories, Minli sets off on an extraordinary journey to find the Old Man on the Moon to ask him how she can change her family's fortune. She encounters an assorted cast of characters and magical creatures

along the way, including a dragon who accompanies her on her quest for the ultimate answer. Grace Lin, author of the beloved Year of the Dog and Year of the Rat returns with a wondrous story of adventure, faith, and friendship. A fantasy crossed with Chinese folklore, Where the Mountain Meets the Moon is a timeless story reminiscent of The Wizard of Oz and Kelly Barnhill's The Girl Who Drank the Moon.
