Prentice Hall  
Riding  
motorcycles is  
fun, but  
author Ken  
Condon  
maintains that  
there is a  
state of  
consciousness  
to be achieved  
beyond the  
simple  
pleasure of  
riding down  
the road.  
Riding in the  
Zone helps  
riders find that  
state of being.  
It's the  
experience of  
being  
physically and

mentally  
present in the  
moment,  
where every  
sense is  
sharply  
attuned to the  
ride. Your  
mind becomes  
silent to the  
chatter of  
daily life, and  
everyday  
problems  
seem to  
dissolve. You  
feel a deeper  
appreciation  
for life. Your  
body responds  
to this state of  
being with  
precise, fluid  
movements,  
you feel in  
balance, your  
muscles are  
relaxed, and it  
seems as  
though every  
input you  
make is an

expression of  
mastery. This  
is "the Zone."  
Condon  
identifies all of  
the factors  
that affect  
entering the  
Zone and  
addresses  
each one  
individually,  
from the  
development  
of awareness  
and mental  
skills to  
mastering  
physical  
control of the  
motorcycle. At  
the end of  
each chapter  
are drills  
designed to  
transform the  
book's ideas  
into solid,  
practical  
riding skills.
