Salman Rushdie's Haroun and the Sea of Stories

OLSON JORDYN

Salman Rushdie's Haroun and the Sea of Stories Scholastic Inc.

Salman Rushdie is perhaps the most important writer of the present time. His significant and controversial literary interventions in debates on post-colonial culture and contemporary South Asian Islam are matched by the contribution he has made to postmodern literature in the West (culminating in the award to him in 1993 of the twenty-fifth-anniversary Booker of Bookers prize). This collection of articles focuses on Rushdie's five novels. The context is set by the introduction, *The Politics of Salman Rushdie's Fiction*, which discusses the political stance of Rushdie's fiction, the various influences on his work, and the textual strategies and techniques he employs, for political expression and cultural critique. The postmodern/post-colonial interface, the carnivalesque, and satire are major themes treated here and in the articles that follow, which also provide diverse other perspectives on Rushdie's thought and method. A number of essays have been commissioned specially for this volume. An appendix listing selected writings by Rushdie and articles on the Satanic Verses Affair is followed by a comprehensive bibliography annotating critical studies of Rushdie's work.

This book explores the nature of creativity in engineering and technology, and how it relates to creativity in art or science. Lienhard has for ten years done a twice-weekly radio show, carried on about 35 NPR stations, consisting of 3-minute essays on technology. He uses

the substance of selected segments of his radio program to create a continuous narrative presenting his insights on technological creativity. This book has the same title as his radio program, to further draw the attention of his one million listeners.

The Engines of Our Ingenuity

Bloomsbury Publishing

Responding to thirty years of feminist fairy-tale scholarship, this book breaks new ground by rethinking important questions, advocating innovative approaches, and introducing woman-centered texts and traditions that have been ignored for too long.

In many South Asian oral traditions, herons are viewed as duplicitous and conniving. These traditions tend also to view women as fragmented identities, dangerously split between virtue and virtuosity, between loyalties to their own families and those of their husbands. In women's songs, however, symbolic herons speak, telling of alternative moral perspectives shaped by women. The heron's words—and women's expressive genres more generally—criticize pervasive North Indian ideologies of gender and kinship that place women in subordinate positions. By inviting readers to "listen to the heron's words," the authors convey this shift in moral perspective and suggest that these spoken truths are compelling and consequential for the women in North India. The songs and narratives bear witness to a provocative cultural dissonance embedded in women's speech. This book reveals the power of these critical commentaries and the fluid and permeable boundaries between spoken words and the lives of ordinary village women.

For thousands of years, there has been a cycle: a Demon King rises and conquers, and a Hero is reborn a hundred years later to defeat him. Each time, civilizations are ground to dust beneath the Demon King's hordes, but humanity has remained secure in the belief that a Hero of legend will always save them. There's just one slight problem. It's only been 23 years since the Demon King's latest rise, and this time, he's already conquered more than half the world. If humanity simply waits for the Hero's return, there may be no world left for him to save. And so, Yui Shaw sets out with an ambitious plan. A 10-step plan. She'll find a way to obtain the Hero's legendary sword. She'll earn obscure classes, gain levels, and increase her skills. She'll travel to the meticulously-crafted dungeons that seem designed for one specific Hero to complete. And, if she's truly (un)fortunate, she might even find a fairy. She might not be a Hero-but if she can fake it long enough, she might still be able to save the world.***This book is an affectionate parody of classic Japanese games like The Legend of Zelda, Final Fantasy, and Dragon Quest. It's also a work in the LitRPG/GameLit subgenres. Game mechanics exist in the world of the story and characters are aware of their existence.

After drinking an elixir that bestows immortality upon him, a young Indian named Flapping Eagle spends the next seven hundred years sailing the seas with the blessing—and ultimately the burden—of living forever. Eventually, weary of the sameness of life, he journeys to the mountainous Calf Island to regain his mortality. There he meets other immortals obsessed with their own stasis and sets out to scale the island's

peak, from which the mysterious and corrosive Grimus Effect emits. Through a series of thrilling quests and encounters, Flapping Eagle comes face-to-face with the island's creator and unwinds the mysteries of his own humanity. Salman Rushdie's celebrated debut novel remains as powerful and as haunting as when it was first published more than thirty years ago.

"Robbins's comic philosophical musings reveal a flamboyant genius."—People Still Life with Woodpecker is a sort of a love story that takes place inside a pack of Camel cigarettes. It reveals the purpose of the moon, explains the difference between criminals and outlaws, examines the conflict between social activism and romantic individualism, and paints a portrait of contemporary society that includes powerful Arabs, exiled royalty, and pregnant cheerleaders. It also deals with the problem of redheads.

The novel that set the stage for his modern classic, The Satanic Verses, Shame is Salman Rushdie's phantasmagoric epic of an unnamed country that is "not quite Pakistan." In this dazzling tale of an ongoing duel between the families of two men—one a celebrated wager of war, the other a debauched lover of pleasure—Rushdie brilliantly portrays a world caught between honor and humiliation—"shamelessness, shame: the roots of violence." Shame is an astonishing story that grows more timely by the day.

Joining the ranks of such acclaimed accounts as *Manic*, *Brain on Fire*, and *Monkey Mind*, a deeply personal, funny, and sometimes painful look at anxiety and its impact from writer and commentator Kat Kinsman. Feeling anxious? Can't sleep because your brain won't stop recycling thoughts? Unable to make a decision because you're too afraid you'll make the wrong one? You're not alone. In *Hi, Anxiety*, beloved food writer, editor, and commentator Kat Kinsman expands on the high profile pieces she wrote for CNN.com about depression, and its wicked cousin, anxiety. Taking us back to her

adolescence, when she was diagnosed with depression at fourteen, Kat speaks eloquently with pathos and humor about her skin picking, hand flapping, "nervousness" that made her the recipient of many a harsh taunt. With her mother also gripped by depression and health issues throughout her life, Kat came to live in a constant state of unease—that she would fail, that she would never find love . . . that she would end up just like her mother. Now, as a successful media personality, Kat still battles anxiety every day. That anxiety manifests in strange, and deeply personal ways. But as she found when she started to write about her struggles, Kat is not alone in feeling like the simple act of leaving the house, or getting a haircut can be crippling. And though periodic medication, counseling, a successful career and a happy marriage have brought her relief, the illness, because that is what anxiety is, remains. Exploring how millions are affected anxiety, *Hi, Anxiety* is a clarion call for everyone—but especially women—struggling with this condition. Though she is a strong advocate for seeking medical intervention, Kinsman implores those suffering to come out of the shadows—to talk about their battle openly and honestly. With humor, bravery, and writing that brings bestsellers like Laurie Notaro and Jenny Lawson to mind, *Hi, Anxiety* tackles a difficult subject with amazing grace.
