 Whether we're buying a pair of jeans, ordering a cup of coffee, selecting a long-distance carrier, applying to college, choosing a doctor, or setting up a 401(k), everyday decisions—both big and small—have become increasingly complex due to the overwhelming abundance of choice with which we are presented. As Americans, we assume that more choice means better options and greater satisfaction. But beware of excessive choice: choice overload can make you question the decisions you make before you even make them, it can set you up for unrealistically high expectations, and it can make you blame yourself for any and all failures. In the long run, this can lead to decision-making paralysis, anxiety, and perpetual stress. And, in a culture that tells us that there is no excuse for falling short of perfection when your options are limitless, too much choice can lead to clinical depression. In *The Paradox of Choice*, Barry Schwartz explains at what point choice—the hallmark of individual freedom and self-determination that we so cherish—becomes detrimental to our psychological and emotional well-being. In accessible, engaging, and anecdotal prose, Schwartz shows how the dramatic explosion in choice—from the mundane to the profound challenges of balancing career, family, and individual needs—has paradoxically become a problem instead of a solution. Schwartz also shows how our obsession with choice encourages us to seek that which makes us feel worse. By synthesizing current research in the social sciences, Schwartz makes the counter intuitive case that eliminating choices can greatly reduce the stress, anxiety, and busyness of our lives. He offers eleven practical steps on how to limit choices to a manageable number, have the discipline to focus on those that are important and ignore the rest, and ultimately derive greater satisfaction from the choices you have to make.
Directing the Story Taylor & Francis
 A detailed portrait of one of the twentieth century's most important and influential creative minds describes Walt Disney's odyssey from midwestern farm boy, to pioneering animator, to large-scale entrepreneur, reflecting on his sometimes conflicting roles as creative visionary and dynamic businessman.
 Disney Animation Jaico Publishing House
 For nearly nine decades, Disney artists have created annual seasonal art for greeting cards, advertisements, and in support of motion picture releases, TV programs, and the parks. Featuring beloved Disney characters and scenes, these seldom-published

examples of vintage Disney art create a one-of-a-kind and festive collection perfect for holiday gift-giving. The book includes a center gatefold cover opening, like Maps of the Disney Parks, and a dozen removable holiday cards, exclusively-designed as a unique bonus feature to showcase both rare and original Disney art, artifacts, and treasures from the Walt Disney Archives!
Wonder Woman: The Art and Making of the Film Chronicle Books
 A must for collectors and fans of all ages, this is the most exciting, comprehensive, and thorough examination of what the Disney magic is all about. More than 2,700 illustrations, 489 in full color.
 Titan Books (US, CA)
 As the Walt Disney Studio entered its first decade and embarked on some of the most ambitious animated films of the time, Disney hired a group of "concept artists" whose sole mission was to explore ideas and inspire their fellow animators. They Drew as They Pleased showcases four of these early pioneers and features artwork developed by them for the Disney shorts from the 1930s, including many unproduced projects, as well as for Snow White and the Seven Dwarfs, Pinocchio, and some early work for later features such as Alice in Wonderland and Peter Pan. Introducing new biographical material about the artists and including largely unpublished artwork from the depths of the Walt Disney Archives and the Disney Animation Research Library, this ebook offers a window into the most inspiring work created by the best Disney artists during the studio's early golden age. They Drew as They Pleased is the first in what promises to be a revealing and fascinating series of books about Disney's largely unexamined concept artists, with six volumes spanning the decades between the 1930s and 1990s. Speak Up, Speak Out! Abbeville Press
 Traces the development of Disney animation, explains what made Disney's style unique, and features original sketches and drawings revealing the origins of Mickey Mouse and other Disney characters
The Illusion of Life: Disney Animation CRC Press
 For the five teens who modeled as Disney Hologram Imaging hosts, life is beginning to settle down when an intriguing video arrives to Philby's computer at school. It's a call for action: the Overtakers, a group of Disney villains, seem to be plotting to attempt a rescue of two of their leaders, both of whom the Disney Imagineers have hidden away somewhere following a violent encounter in Epcot. Includes a preview chapter from Kingdom Keepers V - Shell Game
Disney Animation Penguin
 Patty Jenkins' Wonder Woman sees the hero brought to the big screen for the first time in her own movie, and fully realizes the

breathtaking wonder, strength, and grace of such a historic character. Wonder Woman: The Art & Making of the Film celebrates the creation of this groundbreaking movie, taking fans on a voyage of discovery through the world of Wonder Woman. Showcasing the earliest concept art, set and costume designs, sketches and storyboards, the book delves deep into the filmmaking process, from creating the stunning island of Themyscira to the war-torn trenches and towns of First World War Europe. This official companion explores the Amazons' rigorous training regimens, their weaponry, armor, Themysciran culture, and the amazing women themselves. With exclusive insights from cast and crew, including director Patty Jenkins, production designer Aline Bonetto, and Diana herself, Gal Gadot, this volume is the ultimate guide to the past, present, and future of one of the most iconic heroes in the world - Wonder Woman. WONDER WOMAN and all related characters and elements © and TM DC Comics and Warner Bros. Entertainment. (s16)

 From an adventurous balloon ride above the clouds to a monster-filled metropolis, Academy Award®-winning director Pete Docter ("Monsters, Inc.," "Up") has taken audiences to unique and imaginative places. In Disney•Pixar's original movie "Inside Out," he will take us to the most extraordinary location of all—inside the mind. Growing up can be a bumpy road, and it's no exception for Riley, who is uprooted from her Midwest life when her father starts a new job in San Francisco. Like all of us, Riley is guided by her emotions - Joy, Fear, Anger, Disgust, and Sadness. The emotions live in Headquarters, the control center inside Riley's mind, where they help advise her through everyday life. As Riley and her emotions struggle to adjust to a new life in San Francisco, turmoil ensues in Headquarters. Although Joy, Riley's main and most important emotion, tries to keep things positive, the emotions conflict on how best to navigate a new city, house and school. In this groundbreaking and illuminating film, Pixar Animation Studios examines the extraordinary depths of the mind and the powers of emotion and imagination. The Art of Inside Out provides an exclusive look into the artistic exploration that went into the making of this vibrant film. Featuring concept art—including sketches, collages, color scripts, and much more—and opening with a foreword by actress Amy Poehler and introduction by the film's writer and director Pete Docter, this is the ultimate behind-the-scenes experience of the making of this landmark film. A Life of Walt Disney VIZ Media LLC
 Gorgeous never-before-published photographs and fascinating personal memories celebrate the half-a-century career of Disney Legend Ub Iwerks, a self-taught animator who became the first to

animate Mickey and Minnie Mouse and an exceptional draftsman, prolific innovator, and all-around technical genius who directly collaborated with Walt Disney to create some of the most loved moments throughout film and theme parks. Even before the creation of Mickey, Walt established a reputation as a technical leader in Hollywood and frequently relied on the counsel, expertise, ingenuity, and creativity of a kindred spirit, lifelong friend, and fellow virtuoso: Ub Iwerks. Up till now, Ub and his many technical inventions and techniques have been largely unknown by the general public. His illustrious career consisted of dozens of innovative contributions, large and small, to both animated and live-action motion pictures, as well as the fields of optics, film processes, and special effects. He was also the major force behind the design of special cameras, projectors, electronics, and audio for theme park projects, and much more. The high standard set by Walt and Ub continues to inspire artists and technicians within The Walt Disney Company as they explore new avenues of quality entertainment. Here is a one-of-a-kind appreciation to an extraordinary man and an outstanding career, a record of his many inventions and accomplishments, and a tribute from a grateful son to his remarkable father.

Don Bluth's Art of Storyboard Taschen

Sadly the days of the traditional studio apprenticeship in animation are long gone but this book enables the reader to find the next best thing, watching and observing a Master Animator at work. Become Tony White's personal animation apprentice, and experience the golden era of the great Disney and Warner Brothers studios right in your own home or studio. Tony White's Animation Master Class is uniquely designed to cover the core principles of animated movement comprehensively. It offers a DVD with animated movies and filmed excerpts of the author at his drawing board to illustrate the concepts as the work is being created. Tony White's Animation Master Class offers secrets and unique approaches only a Master Animator could share. The book comes out of the author's six years of real-world professional experience teaching animation, and 30 years of professional experience. Whether you want to become a qualified animator of

2D, 3D, Flash or any other form of animation, Tony White's foundations bring you closer to that goal. The DVD is invaluable, in that readers are not only taught principles and concepts in the book, they are able to see them demonstrated in action in the movies on the DVD.

Bendy: The Illusion of Living Dh Press

Noted film historian John Canemaker brings to life the team whose combined individual genius defined the art of character animation. Think of your favorite moments and characters in Disney films from the thirties to the seventies and chances are most were animated by one of Walt Disney's "Nine Old Men." Through the span of their careers, these nine highly skilled animators exhibited an unparalleled loyalty to their employer. This book explores their artistic breakthroughs, failures, and rivalries, and their individual relationships with each other and with Walt.

Tony White's Masterclass Course on the Traditional Principles of Animation Abbeville Promotional

Conor Broekhart was born to fly. It is the 1890s, and Conor and his family live on the sovereign Saltee Islands, off the Irish coast. Conor spends his days studying the science of flight with his tutor and exploring the castle with the king's daughter, Princess Isabella. But the boy's idyllic life changes forever the day he discovers a deadly conspiracy against the king.

ART OF ANIMATION: Disney's Art of Animation #1 Disney Electronic Content

"A biography of Walt Disney with a focus on his work making dreams come true for himself and for generations of children"--
Walt Disney's Bambi Taylor & Francis

Two supervising animators for the Disney studios offer an inside look at the great Disney cartoon villains, from the evil Queen Maleficent to Jafar, featuring full-color portraits, scenes from the films, and discussions on how these characters were created.

Fifty Years of Creativity Disney Editions

method, in an updated edition that provides expanded coverage of such topics as animal gaits and live action. Simultaneous.

Too Funny for Words Disney Electronic Content

Discover the lessons that helped bring about a new golden age of Disney animation! Published for the first time ever, *Drawn to Life* is a two volume collection of the legendary lectures from long-time Disney animator Walt Stanchfield. For over twenty years, Walt helped breathe life into the new golden age of animation with these teachings at the Walt Disney Animation Studios and influenced such talented artists as Tim Burton, Brad Bird, Glen Keane, and John Lasseter. These writings represent the quintessential refresher for fine artists and film professionals, and it is a vital tutorial for students who are now poised to be part of another new generation in the art form. Written by Walt Stanchfield (1919-2000), who began work for the Walt Disney Studios in the 1950s. His work can be seen in films like *Sleeping Beauty*, *The Jungle Book*, *101 Dalmatians*, and *Peter Pan*. Edited by Academy Award®-nominated producer Don Hahn, who has produced such classic Disney films as *Beauty and the Beast* and *The Lion King*.

The Animator's Survival Kit Disney Editions

Looks at movie stills and drawings for a variety of Disney animated films and shows how sight gags, visual puns and jokes are developed

The Disney Villain Disney Editions

Francis Glebas, a top Disney storyboard artist, shows how to reach the ultimate goal of animation and moviemaking by showing how to provide audiences with an emotionally satisfying experience. *Directing the Story* offers a structural approach to clearly and dramatically presenting visual stories. With Francis' help you'll discover the professional storytelling techniques which have swept away generations of movie goers and kept them coming back for more. You'll also learn to spot potential problems before they cost you time or money and offers creative solutions to solve them. Best of all, it practices what it preaches, using a graphic novel format to demonstrate the professional visual storytelling techniques you need to know.
