 Fall in love with one of the bestselling novels of all time -- the legendary love story that became a beloved film starring Clint Eastwood and Meryl Streep. If you've ever experienced the one true love of your life, a love that for some reason could never be, you will understand why readers all over the world are so moved by this small, unknown first novel that they became a publishing phenomenon and #1 bestseller. The story of Robert Kincaid, the photographer and free spirit searching for the covered bridges of Madison County, and Francesca Johnson, the farm wife waiting for the fulfillment of a girlhood dream, *The Bridges of Madison County* gives voice to the longings of men and women everywhere -- and shows us what it is to love and be loved so intensely that life is never the same again.

With her award-winning debut novel, *Purple Hibiscus*, Chimamanda Ngozi Adichie was heralded by the Washington Post Book World as the "21st century daughter" of Chinua Achebe. Now, in her masterly, haunting new novel, she recreates a seminal moment in modern African history: Biafra's impassioned struggle to establish an independent republic in Nigeria during the 1960s. With the effortless grace of a natural storyteller, Adichie weaves together the lives of five characters caught up in the extraordinary tumult of the decade. Fifteen-year-old Ugwu is houseboy to Odenigbo, a university professor who sends him to school, and in whose living room Ugwu hears voices full of revolutionary zeal. Odenigbo's beautiful mistress,

Olanna, a sociology teacher, is running away from her parents' world of wealth and excess; Kainene, her urbane twin, is taking over their father's business; and Kainene's English lover, Richard, forms a bridge between their two worlds. As we follow these intertwined lives through a military coup, the Biafran secession and the subsequent war, Adichie brilliantly evokes the promise, and intimately, the devastating disappointments that marked this time and place. Epic, ambitious and triumphantly realized, *Half of a Yellow Sun* is a more powerful, dramatic and intensely emotional picture of modern Africa than any we have had before.

*Half of a Yellow Sun* Grand Central Publishing

The first authoritative survey of the changing politics of the classroom since the Second World War. It charts the process by which society moved away from being one in which teachers decided both the content of the school curriculum and how it would be taught towards the present situation in which a host of external influences dictate the nature of the educational experience. The book identifies the key social and political developments which made this transformation inevitable and, at the same time, raises the question of how far the loss of control by teachers has also meant a shift away from progressive, child-centred education. Key issues covered include: The post-war debate on the school curriculum as well as the extent to which it was fiercely contested The Black Paper Movement of the early 1970s The ways in which radical right rhetoric has come to dominate the politics of education and the educational press How the term 'progressive education' has been subtly reworked, so that those claiming to reform education now focus on measurable outcomes and the answerability of schools to parental and government pressure An historical analysis of the ways in which the 'Thatcher revolution' in schools has been taken forward and developed under both John Major and Tony Blair. This ground-breaking analysis of how we have arrived at the present situation in our schools will be of interest to all students of education and to all those who wish to learn

more about the changes that have taken place in our education system over the past sixty years. It helps us understand why they happened and, in so doing, raises profound questions about the aspirations of modern society and the role of the schools in shaping it.

**Between the World and Me** Harper Collins

The acclaimed debut novel by the author of *Little Fires Everywhere* and *Our Missing Hearts* “A taut tale of ever deepening and quickening suspense.” —O, the Oprah Magazine “Explosive . . . Both a propulsive mystery and a profound examination of a mixed-race family.” —Entertainment Weekly “Lydia is dead. But they don’t know this yet.” So begins this exquisite novel about a Chinese American family living in 1970s small-town Ohio. Lydia is the favorite child of Marilyn and James Lee, and her parents are determined that she will fulfill the dreams they were unable to pursue. But when Lydia’s body is found in the local lake, the delicate balancing act that has been keeping the Lee family together is destroyed, tumbling them into chaos. A profoundly moving story of family, secrets, and longing, *Everything I Never Told You* is both a gripping page-turner and a sensitive family portrait, uncovering the ways in which mothers and daughters, fathers and sons, and husbands and wives struggle, all their lives, to understand one another.

Charlotte Perkins Gilman's 1892 short story, *The Yellow Wallpaper* is a valuable piece of American feminist literature that reveals attitudes toward the psychological health of women in the nineteenth century. Diagnosed with "temporary nervous depression - a slight hysterical tendency" by her physician husband, a woman is confined to an upstairs bedroom. Descending into psychosis at the complete lack of stimulation, she starts obsessing over the room's yellow wallpaper: "It is the strangest yellow, that wall-paper! It makes me think of all the yellow things I ever saw - not beautiful ones like buttercups, but old foul, bad yellow things. But there is something else about that paper - the smell! ... The only thing I can think of that it is like is the color of the paper! A yellow smell."

"Jenny made me laugh so hard I feared for my safety! I think that's how she was able to get past my defenses and make me feel more okay about myself." -Allie Brosh, author of *Hyperbole and a Half* For fans of David Sedaris, Tina Fey, and Mindy Kaling—the new book from Jenny Lawson, author of the #1 New York Times bestseller *LET'S PRETEND THIS NEVER HAPPENED...* In *LET'S PRETEND THIS NEVER HAPPENED*, Jenny Lawson baffled readers with stories about growing up the daughter of a taxidermist. In her new book, *FURIOUSLY HAPPY*, Jenny explores her lifelong battle with mental illness. A hysterical, ridiculous book about crippling depression and anxiety? That sounds like a terrible idea. And terrible ideas are what Jenny does best. According to Jenny: "Some people might think that being 'furiouly happy' is just an excuse to be stupid and irresponsible and invite a herd of kangaroos over to your house without telling your husband first because you suspect he would say no since he's never particularly liked kangaroos. And that would be ridiculous because no one would invite a herd of kangaroos into their house. Two is the limit. I speak from personal experience. My husband says that none is the new limit. I say he should have been clearer about that before I rented all those kangaroos." "Most of my favorite people are dangerously fucked-up but you'd never guess because we've learned to bare it so honestly that it becomes the new normal. Like John Hughes wrote in *The Breakfast Club*, 'We're all pretty bizarre. Some of us are just better at hiding it.' Except go back and cross out the word 'hiding.'" Jenny's first book, *LET'S PRETEND THIS NEVER HAPPENED*, was ostensibly about family, but deep down it was about celebrating your own weirdness. *FURIOUSLY HAPPY* is a book about mental illness, but under the surface it's about embracing joy in fantastic and outrageous ways—and who doesn't need a bit more of that?

NATIONAL BESTSELLER Two great spiritual masters share their own hard-won wisdom about living with joy even in the face of adversity. The occasion was a big birthday. And it inspired two close friends to get together for a talk about something very important to them. The friends were His Holiness the Dalai Lama and Archbishop Desmond Tutu. The subject was joy. Both winners of the Nobel Prize, both great spiritual masters and moral leaders of our time, they are also known for being among the most infectiously happy people on the planet, despite having experienced great personal and national suffering. From the beginning the book was envisioned as a three-layer birthday cake, the first being their personal stories and teachings about joy. Both the Dalai Lama and Tutu have been tested by extraordinary adversity, oppression, and conflict. The second layer consists of the exciting research into joy as well as the other qualities essential for any enduring happiness, like gratitude, humility, humour, compassion, generosity, and forgiveness. And the third encompasses practical exercises and guidance based on the Dalai Lama's and Tutu's own daily practices, which anchor their emotional and spiritual lives. Most of all, during that landmark week in Dharamsala, they demonstrated by their own exuberance, compassion, and even wise-cracking humour, how joy can be transformed from a fleeting emotion into an enduring way of being.

A memorable book about the path food travels from garden to table A celebration of life together, a tribute to an utterly unique garden, a wonderfully idiosyncratic guide for cooks and gardeners interested in exploring the possibilities of farm-to-table living—To Eat is all of these things and more. In 1974, Joe Eck and Wayne Winterrowd moved from Boston to southern Vermont, where they became the proprietors of a twenty-eight-acre patch of wilderness. The land was forested, overgrown, and wild, complete with a stream. Today, North Hill's seven carefully cultivated acres—open to visitors during the warmer months—are an internationally renowned garden. In the intervening years, both the garden and the gardening books (*A Year at North Hill*, *Living Seasonally*, *Our Life in Gardens*) Eck and Winterrowd created together have been acclaimed in many forms, including in the pages of *The New York Times*. They were at work on *To Eat*—which also includes recipes from the renowned chef and restaurateur Beatrice Tosti di Valminuta and beautiful illustrations from their long-time collaborator Bobbi Angell—when Winterrowd passed away, in 2010. Informative, funny, and moving, the delights within—a runaway bull; a recipe for crisp, fatty chicharrones; a personal history of the Egyptian onion; a hymn to the magic of lettuce—are sure to make *To Eat* a book readers return to again and again.

**#1 NEW YORK TIMES BESTSELLER** • In this powerful new collection of oil paintings and stories, President George W. Bush spotlights the inspiring journeys of America's immigrants and the contributions they make to the life and prosperity of our nation. The issue of immigration stirs intense emotions today, as it has throughout much of American history. But what gets lost in the debates about policy are the stories of immigrants themselves, the people who are drawn to America by its promise of economic opportunity and political and religious freedom—and who strengthen our nation in countless ways. In the tradition of Portraits of Courage, President Bush's #1 New York Times bestseller, *Out of Many, One* brings together forty-three full-color portraits of men and women who have immigrated to the United States, alongside stirring stories of the unique ways all of them are pursuing the American Dream. Featuring men and women from thirty-five countries and nearly every region of the world, *Out of Many, One* shows how hard work, strong values, dreams, and determination know no borders or boundaries and how immigrants embody values that are often viewed as distinctly American: optimism and gratitude, a willingness to strive and to risk, a deep sense of patriotism, and a spirit of self-reliance that runs deep in our immigrant heritage. In these pages, we meet a North Korean refugee fighting for human rights, a Dallas-based CEO who crossed the Rio Grande from Mexico at age seventeen, and a NASA engineer who as a girl in Nigeria dreamed of coming to America, along with notable figures from business, the military, sports, and entertainment. President Bush captures their faces and stories in striking detail, bringing depth to our understanding of who immigrants are, the challenges they face on their paths to citizenship, and the lessons they can teach us about our country's character. As the stories unfold in this vibrant book, readers will gain a better appreciation for the humanity behind one of our most pressing policy issues and the countless ways in which America, through its tradition of welcoming newcomers, has been strengthened by those who have come here in search of a better life.
