Internal Assessment Guide 2

Understanding the Scientific Method One of the aims of the practical course is to help you appreciate the strengths and weaknesses of the methods used in natural sciences such as chemistry. This allows you to compare it with other areas of knowledge that you consider in the International Baccalaureate Chemistry Internal Assessment ... The IB Internal Assessment The Internal Assessment (IA) is unique to the International Baccalaureate. While neither the instructor nor the student ever has contact with the examiner, all are working from the exact set of criteria

in constructing, guiding, and evaluating the finished product. The IA can be a paper, project, oral exam, workbook, or series of experiments, depending on the individual IB class. International Baccalaureate (IB) / Internal Assessment The International Baccalaureate Organization (IBO) has done its review and revision of the International Baccalaureate (IB) Chemistry curriculum. One of the MAJOR changes is the Internal Assessment (IA). Previously, the chemistry IA was the Practical Scheme of Work (PSOW) or the series of labs done in class.
