 work presents a unique approach to a
 hands-on business communication course.
 The modular structure allows teachers to
 focus on specific skills and provides
 greater flexibility for short courses and
 different teaching approaches. *Business
 Ethics A Real World Approach* This book
 provides assistance to employees by
 taking a journey through the challenging
 world of business ethics at the ground
 level of the organization rather than flying
 through the abstract concepts and

philosophical arguments at the treetop
 level. By examining issues and scenarios
 that relate directly to their work
 environment (and their degree of
 autonomy in that environment),
 employees can develop a clearer sense of
 how their corporate code of ethics relates
 to operational decisions made on a daily
 basis.
