Registered investment advisers are accustomed to regulatory scrutiny. But the pressure to understand changing compliance regulations and to meet the requirements they impose has never been more intense. A range of scandals and abuses—from the laundering of terrorist funds to mutual fund trading shenanigans—has caused the Securities and Exchange Commission to tighten regulation and step up enforcement. Unfortunately, definitive compliance information—the kind that can save advisers precious time and spare them serious trouble—has not been easy to find.

Until now. The RIA's Compliance Solution Book gathers the information needed most and puts it all in one place. Here advisers will find plain-English translations of the rules that regulate such issues as: advisory contracts and fees advertising and client communications RIA compliance programs and codes of ethics custody of customer accounts completing, filing, and amending Form ADV selecting brokers and executing trades

FINANCIAL MANAGEMENT Financial Management is the branch of management which is concerned with the estimation of funds, procurement of funds and utilization of funds for attaining the predetermined goals of an organisation. In other words, Financial Management is the application of general management principles in the area of financial decision making. It is the operational activity of a business that is responsible for effectively utilizing the funds necessary for efficient operation. It is concerned with the acquisitions and financing of long term and short term credit for the firm. According to J.F. Bradly, Financial Management is the area of business management devoted to the judicious use of capital and a careful selection of sources of capital in order to enable a business firm to move in the direction of reaching its goal.
