Why are different

varieties of the  
Japanese language  
used differently in  
social interaction, and  
how are they  
perceived? How do  
honorifics operate to  
express diverse  
affective stances, such  
as politeness? Why  
have issues of

gendered speech been so central in public discourse, and how are they reflected and refracted in language use as social practice? This book examines Japanese sociolinguistic phenomena from a fascinating new perspective, focusing on the historical construction of language norms and its relationship to actual language use in contemporary Japan. This socio-historically sensitive account stresses the different choices which have shaped Japanese and Western sociolinguistics and how varieties of Japanese, honorifics and politeness, and gendered language have emerged in response to the socio-political landscape in

which a modernizing Japan found itself. *Gendered Lives* Polity While women in the United States account for nearly half the workforce, they continue to encounter unique personal, social, and structural dynamics as leaders. Authors Lisa DeFrank Cole and Sherylle J. Tan explore these dynamics and more in *Women and Leadership: Journey Towards Equity*. Grounded in leadership theory and research, this text delves into the barriers and challenges women face on their leadership journeys, including stereotypes, bias, inequality, discrimination, and domestic responsibilities. The text includes several chapters devoted to

strategies and tools for overcoming obstacles, creating structural change, and moving towards greater equity.

**Sexual Oppression and Gender Hierarchies in Queer Men's Lives** Springer Nature

The authors explore the many ways that gender and communication intersect and affect each other. Every chapter encourages a consideration of how gender attitudes and practices, past and current, influence personal notions of what it means not only to be female and male, but feminine and masculine. The second edition of this student friendly and accessible text is filled with contemporary examples, activities, and exercises to help

students put theoretical concepts into practice.

**Gendered Lives**

Oxford University Press  
Well-written and well-researched by leading gender communication scholars Julia T. Wood and Natalie Fixmer-Oraiz, **GENDERED LIVES: COMMUNICATION, GENDER, & CULTURE**, 13th Edition, provides the latest theories, research and pragmatic information to help readers think critically about gender and society. The book demonstrates the multiple and often interactive ways a person's views of masculinity and femininity are shaped within contemporary culture. It offers balanced coverage of different sexes, genders and sexual

orientations. Reflecting emerging trends and issues, the new edition includes expansive coverage of men's issues, an integrated emphasis on social media and a stronger focus on gender in the public sphere.

**Reconsidering the Differences** Waveland Press

The SAGE Handbook of Gender and Communication is a vital resource for those seeking to explore the complex interactions of gender and communication. Editors Bonnie J. Dow and Julia T. Wood, together with an illustrious group of contributors, review

and evaluate the state of the gender and communication field through the discussion of existing theories and research, as well as through identification of important directions for future scholarship.

The first of its kind, this Handbook examines the primary contexts in which gender and communication are shaped, reflected, and expressed:

interpersonal, organizational, rhetoric, media, and intercultural/global.

*From Silence to Performance* John Wiley & Sons

Karen Ross provides the necessary historical context against which to read recent sex- and gender-based media phenomena such as Big Brother, Terminator, girls' use

of mobile phones, women news editors, the Wonderbra generation, the Hillary Clinton and Sarah Palin phenomena, and so on.

**Gender and Social Movements** BRILL

Gender Communication Theories and Analyses: From Silence to Performance surveys the field of gender and communication with a particular focus on feminist communication theories and methods - from structuralism to poststructuralism. In this text, authors Charlotte Krolokke and Ann Scott Sorensen help readers develop analytic focus and knowledge about their underlying assumptions that gender communication scholars use in their work.

*Journey Toward Equity*

Ashgate Publishing, Ltd.

This is an up-to-date textbook in the area of language and gender. Mary Talbot examines the language used by women and men in a variety of speech situations and genres.

*Gendered Lives*

Routledge

A candid re-

examination of what it means to be a gay man

*Gendered Outcasts and*

*Sexual Outlaws: Sexual Oppression and Gender*

*Hierarchies in Queer*

*Men's Lives* explores

the impact and effects of sexual oppression

and power

relationships within the gay male community.

This controversial book features thoughtful and

provocative essays

from authors,

educators, and

activists who challenge the stigmatization and

issues of power they

face as gay men who

don't fit the masculine mold formed by the

gay porn industry and

the media. Their

poignant words reveal

the sting of finding

discrimination and

alienation where least

expected as the rise of

sexualized hyper-

masculinity, racism,

and femiphobia among

gay men has created a

need to re-examine

appropriate gay male identity and sexuality.

Editors Christopher

Kendall and Wayne

Martino, who have

written about and

researched the

negative side of gay

male pornography, the

links between sexism

and homophobia, gay

male suicide, and the

impact of masculinity

and sexuality on gay

men, divide the book's

powerful essays into

two sections: "The

Dynamics of

Sex/Gender

Oppression" and

"When Gender Harms

and Oppression

Becomes the Norm."

The first section

challenges the assumptions that form the basis of gay male identity. Relying on the work of radical feminists and cultural theorists, the authors explore the meaning of "gender" in a society that expects men to act according to a masculine ideal—and punishes them when they don't. The book's second section analyzes the reality of gender oppression caused by inequality and sexualized gender hierarchies. Contributors discuss what can happen when gay men take seriously the sexual role models that are offered and what happens if they dare to reject them. *Gendered Outcasts and Sexual Outlaws* examines: effeminacy in gay men's lives the idealization of the gay

male body straight-acting masculinities and the rejection of the feminine narcissism, masculinity, and body absorption racialized masculinity the feminization of the Asian gay male in gay pornography gay male rape domestic violence and much more! *Gendered Outcasts and Sexual Outlaws* is an eye-opening re-evaluation of what being "gay" means, why being gay is still considered socially unacceptable, and how the gay male community can respond to systemic stigmatization and hate. *Communicating Gender Diversity* SAGE Publications, Incorporated "Edited by a leading pioneer of immigration studies, this volume

offers some of the latest and most brilliant thinking about what migrant men and women bring to the United States, leave behind and create anew. This is a must read for those interested in immigration, gender, and the many meanings of life."—Arlie Russell Hochschild, co-editor with Barbara Ehrenreich of *Global Woman: Nannies, Maids and Sex Workers in the New Economy* "Moving between individual decisions and broad political and economic forces, and focusing on family and community in Mexico and the U.S., Hondagneu-Sotelo's pathbreaking book casts new light on the centrality of gender for patterns of migration.

A superb intersection of ethnography, history and theory."—Michael Burawoy, University of California, Berkeley "A path-breaking book combining the study of gender with immigration to show how Mexican women and men continually reinvent themselves and their family lives in the U.S. *Gendered Transitions* offers rich insights into the complexities of women's settlement experiences and marks a new era in immigration studies."—Maxine Baca Zinn, Michigan State University *The SAGE Handbook of Gender and Communication* Rowman & Littlefield *Gendered Lives: Intersectional Perspectives*, Seventh Edition, is an

interdisciplinary text-reader that provides an introduction to women's and gender studies within a global context by examining the diversity of US women's lives across categories of race-ethnicity, class, sexuality, gender expression, disability, age, and immigration status. Substantial chapter introductions provide statistical information and explanations of key concepts and ideas as a context for the reading selections. Each chapter includes reading questions and suggestions for taking action, to help students link what they learn to their own lives and to the world around them.

Communication, Gender, and Culture  
Routledge

In this engrossing and

original book, Leslie Salzinger takes us with her into the gendered world of Mexico's global factories. Her careful ethnographic work, personal voice, and sophisticated analysis capture the feel of life inside the maquiladoras and make a compelling case that transnational production is a gendered process. The research grounds contemporary feminist theory in an examination of daily practices and provides an important new perspective on globalization.

*Cultural Discourse and Situated Practice*  
Cengage Learning

This innovative reader contains foundational and cutting-edge articles representing a range of primary feminist research by

established and early-career scholars. Editors Joya Misra, Mahala Dyer Stewart, and Marni Alyson Brown have carefully selected, edited, and introduced the selections with undergraduate students in mind, and address many key 21st century approaches to feminist scholarship throughout, including intersectional perspectives, global and transnational perspectives, a focus on transgender, and an emphasis on masculinity. *Gendered Lives, Sexual Beings* is also supported by a dynamic blog, where the editors connect the readings to current events and related online articles, films, short videos, and podcasts. Go beyond the text with the

*Gendered Lives, Sexual Beings* blog here: <https://gendersexualityreader.wordpress.com/> Univ of California Press How does gender influence social movements? How do social movements deal with gender? In *Gender and Social Movements*, Jo Reger takes a comprehensive look at the ways in which people organize around gender issues and how gender shapes social movements. Here gender is more than an individual quality, it is a part of the very foundation of social movements, shaping how they recruit, mobilize and articulate their strategies, tactics and identities. Moving past the gender binary, Reger explores how movements can shift understandings of gender and how

backlash and countermovements can often follow gendered movement successes. Adopting both an intersectional and global lens, the book introduces readers to the idea that gender as a form of societal power is integral in all efforts for social change. With a critical overview across different types of movements and gender activism, such as the women's liberation, #Metoo and transgender rights movements, this book offers a solid foundation for those seeking to understand how gender and social movements interact.

**Gender and Everyday Life**

Cengage Learning  
Globally climate-induced disasters have been impacting

marginalised communities' lives, livelihood and gendered relations. This book explores the effects of Cyclone Aila (as a result of climate change) in 2009 on the rural livelihoods and gendered relations of two ethnically distinct forest communities - Munda, an indigenous group, and Shora, a Muslim group - dwelling near the Sundarbans Forest in Bangladesh. Examining the cyclone's medium-to long-term impacts on livelihoods and comparative aspects of gendered relations between these two contrasting communities, this book addresses a gap in current critical development studies. It adopts an ethnographic research design and analyses

the alterations to livelihood activities and reconfiguration of gender relations within the Munda and Shora communities since 2009. The study primarily contends that post-Aila, livelihoods and gendered relations have been substantially transformed in both communities, making the case that the improvement of local infrastructure, as an important part of the geographical location, has noticeably progressed the living conditions and livelihoods of some members of the Munda and Shora communities. Connecting climate-induced changes with the construction and alteration of gendered livelihood patterns, the book will be of interest

to a wide range of academics in the fields of Asian Studies, Sociology of Environment, Social Anthropology, Human Geography, Gender and Cultural Studies, Human Geography, Disaster Management and Forestry and Environmental Science. *Genders in Production* Cengage Learning Undoing Gender constitutes Judith Butler's recent reflections on gender and sexuality, focusing on new kinship, psychoanalysis and the incest taboo, transgender, intersex, diagnostic categories, social violence, and the tasks of social transformation. In terms that draw from feminist and queer theory, Butler considers the norms that govern--and fail to

govern--gender and sexuality as they relate to the constraints on recognizable personhood. The book constitutes a reconsideration of her earlier view on gender performativity from *Gender Trouble*. In this work, the critique of gender norms is clearly situated within the framework of human persistence and survival. And to "do" one's gender in certain ways sometimes implies "undoing" dominant notions of personhood. She writes about the "New Gender Politics" that has emerged in recent years, a combination of movements concerned with transgender, transsexuality, intersex, and their complex relations to feminist and queer theory.

### Gender Circuits

Routledge

Written by leading gender communication scholar Julia T. Wood, *GENDERED LIVES*, Eighth Edition, introduces you to theories, research, and pragmatic information demonstrating the multiple and often interactive ways that our views of masculinity and femininity are shaped within contemporary culture. With the most up-to-date research, balanced perspectives of masculinity and femininity, a personal introduction to the field, and a conversational first-person writing style, *GENDERED LIVES*, Eighth Edition, is an engaging text that encourages you to think critically about gender and our

society. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

### **The Social Life of the Japanese Language**

Frontiers Media SA

`Gender and Close Relationships deals with gender and its possible effects on aims and behaviour in close relationships: dating, romantic and sexual partnerships, marriage and friendship. The authors warn their readers that they should not be looking at why there

are gender differences, but at whether, when and under what conditions. The book starts with the explanatory concepts that have been found useful in considering these questions. The authors suggest two dimensions of explanations for gender differences: one dimension involves structural (social roles and expectations) versus individual (traits, needs etc.) explanations. The other dimension distinguishes between socialisation and biological explanations.... This is not just a
