12 More Essential Skills for Software
Architects - Pearson 12 Essential Skills For

SoftwareThe soft skills you need... ...and a
coherent framework and practical
methodology for mastering them!

Relationship skills. Leadership, politics, gracious behavior, communication, negotiation . Personal skills. Context switching, transparency, passion . Business skills. Pragmatism, vision, business knowledge, innovation

12 Essential Skills for Software Architects: Dave ...The soft skills you need... ..and a coherent framework and practical methodology for mastering them!

Relationship skills. Leadership, politics, gracious behavior, communication, negotiation . Personal skills. Context switching, transparency, passion . Business skills. Pragmatism, vision, business knowledge, innovation

12 Essential Skills for Software Architects 1, Dave ..."12 Essential Skills for Software Architects" covers the soft skills technical people need to advance. Parts of it are slanted towards soft skills that are specific to tech leads/architects. Other parts would fit in any soft skills book but the title gets technical folks to read it.

12 Essential Skills for Software Architects by Dave ...Dave Hendricksen is the author of 12 Essential Skills for Software Architects. In this interview with TechWell editor Joey McAllister, he talks about what prompted

him to write the book, discusses some of the soft skills that every architect should know, and offers a selection of his own recommended resources for further reading.

Dave Hendricksen's 12 Essential Skills for Software Architects, Hendricksen begins by pinpointing the specific relationship, personal, and business skills that successful architects rely upon. Next, he presents proven methods for systematically developing and sharpening every one of these skills, from negotiation and leadership to pragmatism and vision.
