From the author's preface: "This book was conceived four years ago, almost to the day, at a time when I was teaching fiddle and mandolin in New York City. It was my idea then, with my students in mind, to compile a book of the most often played, most important and most interesting fiddle tunes from the various Celtic and North American traditions. The tunes were chosen by cataloging a large number of recordings by tune title. A tally was taken to find out which had been

recorded most often. This established a foundation of material that could not be left out. To this list I added the names of other pieces which had not been recorded as frequently, but which I knew were played regularly and with respect. I admit to sprinkling the collection with a few lesser known tunes which happen to be personal favorites, but I am sure they will hold their own when placed next to the old war horses of the fiddler's repertoire. . . .

Although I started out with my students in mind this book has turned out to be the book that I've always wanted and I hope that it will serve the advanced player as well as the beginner." *For Viola* Mel Bay

Mel Bay's old-time fiddling across

America Mel Bay Publications

Appalachian fiddle music, based on the musical traditions of the people who settled

in the mountainous regions of the southeastern United States, is widely-known and played throughout North America and parts of Europe because of its complex rhythms, its catchy melodies, and its often-ancient-sounding stylistic qualities. The authors explore the lives and music of 43 of the classic Appalachian fiddlers who were active during the first half of the 20th century. Some of them were recorded commercially in the 1920s, such as Gid Tanner, Fiddlin' John Carson, and Charlie Bowman. Some were recorded by folklorists from the Library of Congress, such as William Stepp, Emmett Lundy, and Marion Reece. Others were recorded informally by

family members and visitors, such as John Salyer, Emma Lee Dickerson, and Manco Sneed. All of them played throughout most of their lives and influenced the growth and stylistic elements of fiddle music in their regions. Each fiddler has been given a chapter with a biography, several tune transcriptions, and tune histories. To show the richness of the music, the authors make a special effort to show the musical elements in detail, but also acknowledge that nothing can take the place of listening. Many of the classic recordings used in this book can be found on the web, allowing you to hear and read the music together.

Exemplary tunes are included from the Northeast, Southeast and Western regions, plus various widespread ethnic styles including Cajun,

Irish, Scandinavian, Klezmer, and Eastern European styles.

Old-time Kentucky Fiddle Tunes Mel Bay Publications
Meticulously collected from recordings, square and contra dances, fiddle contests, jam sessions and individual fiddlers- this book is meant to provide a snapshot of what American fiddlers were playing and listening to in the latter part of the 20th Century. As the vinyl

record format disappears from the marketplace, a great deal of recorded fiddle music will no longer be available. In this book, Stacy Phillips shares the fruits of some timely collecting for all fiddlers to enjoy.

Bowings, fingerings, and guitar chords are provided for each melody line.

Mel Bay Publications
In 2015 University Press of Mississippi published *Mississippi Fiddle Tunes and Songs from the 1930s* by Harry Bolick and Stephen T. Austin to critical acclaim and commercial success. Roughly half of Mississippi's rich, old-time fiddle tradition was documented in that volume and Harry Bolick has spent the intervening years working on this book,

its sequel. Beginning with Tony Russell's original mid-1970s fieldwork as a reference, and later working with Russell, Bolick located and transcribed all of the Mississippi 78 rpm string band recordings. Some of the recording artists like the Leake County Revelers, Hoyt Ming and His Pep Steppers, and Narmour & Smith had been well known in the state. Others, like the Collier Trio, were obscure. This collecting work was followed by many field trips to Mississippi searching for and locating the children and grandchildren of the musicians. Previously unheard recordings and stories, unseen photographs and discoveries of nearly unknown local fiddlers, such as Jabe

Dillon, John Gatwood, Claude Kennedy, and Homer Grice, followed. The results are now available in this second, companion volume, *Fiddle Tunes from Mississippi: Commercial and Informal Recordings, 1920-2018*. Two hundred and seventy musical examples supplement the biographies and photographs of the thirty-five artists documented here. Music comes from commercial recordings and small pressings of 78 rpm, 45 rpm, and LP records; collectors' field recordings; and the musicians' own home tape and disc recordings. Taken together, these two volumes represent a delightfully comprehensive survey of Mississippi's fiddle

tunes.
