I loved her, like head-over-heels crazy loved her. And when she walked out on me at the end of our freshman year, without even a goodbye, she broke my heart. So, I got a surprise gift the other night at my birthday party, an old college friend casually mentioned he saw her on Facebook. Best present I've received in over twenty years. Now, I'm finally going to get my answer. She owes me an explanation as to why she left ... Damn, I loved her. I was having such a crappy morning at work and then his email arrived. It was a friend request and to say I was shocked would be an understatement. A lifetime has passed since we were last in contact. But just seeing his name on my computer screen, made me react in a way I thought I was no longer capable of, you see, I have never gotten over loving him, even though he betrayed me. And so begins the saga of Schooner Moore and Mia

Silver, lovers separated after their first year of college and not reunited again for over twenty years. But two decades was not long enough for their flame to be extinguished and reuniting could cost them everything.

Tracing the associations between artists, planners and engineers with and within the materials of our environment, this book introduces the more than human relational theory of 'art worlding' as a way of coming to know our relational continuity. Through a series of 'sculptural' ethnographies of the making and doing of art in urban and rural contexts, the author re-orientates the art-planning relationship in recognition of art practice as a way of knowing more than human relations, thus promoting the organic continuity between humans and environment. Methodologically innovative, the book traces the inter-relation of art as part of planning practice and integrates artistic practice as a mode of inquiry within planning research. It introduces a new paradigm for public art scholarship and practice that re-connects art and planning. Art Worlding: Planning Relations will appeal to sociologists and social anthropologists with interests in art practice, as well as those working in the fields of urban and rural planning, urban regeneration and cultural management.

A gorgeously heartwarming summer page-turner from the bestselling author of A Village Affair New Riders

Thanks to the rise of neoliberalism over the past several decades, we live in an era of rampant anxiety, insecurity, and inequality. While neoliberalism has become somewhat of an academic buzzword in recent years, this book offers a rich and multilayered introduction to what is arguably the most pressing issue of our times. Engaging with prominent scholarship in media and cultural studies, as well as geography, sociology, economic history, and political theory, author Julie Wilson pushes against easy understandings of neoliberalism as market fundamentalism, rampant consumerism, and/or hyper-individualism. Instead, Wilson invites readers to interrogate neoliberalism in true cultural studies fashion, at once as history, theory, practice, policy, culture, identity, politics, and lived experience. Indeed, the book’s primary aim is to introduce neoliberalism in all of its social complexity, so that readers can see how neoliberalism shapes their own lives, as well as our political horizons, and thereby start to imagine and build alternative worlds.

In selecting *The Lists of the Past* as her nomination for reissue, Cheryl Strayed was moved by "the intelligent, emotional depth and breadth" of the stories, all but two of which originally appeared in *The New Yorker*. Julie Hayden's New York hums with eccentric observation, humor and grit. Her leisurely Connecticut countryside is fresh with tilled soil, distant lapping waves and the summer breeze. Whether describing a child astonished with new perceptions, a distraught woman walking on Fifth Avenue with her concealed liquor flask, or a pair of lovers on a country picnic, her writing is ardent and precise, placing us at the center of her characters' lives and destinies. Her masterful voice and distinctive clarity show us the often concealed ways our pain and joy turn into knowledge.
