When bigotry and power-mania take control, disaster always follows for ordinary people - even when the power is wielded by the Church. Witchcraft, of course, was seen as devil-worship. Those accused - over 100,000 people, mainly women, between 1450 and 1750 - were subjected to the most bestial tortures and usually executed. Witch Hunt examines t...

"Interesting investigation and straightforward handling of sensational times and tricksters, of the cult of voodooism in all its manifestations. From its first known appearances in New Orleans of 200 years ago, here are the fetishes and formulae, the rites and dances, the cures, charms and gris-gris. Here were the witch-doctors and queens, and in particular a Doctor John who acquired fame and fortune, and Marie Laveau, who with her daughter dominated the weird underworld of voodoo for nearly a century." -Kirkus Reviews "Robert Tallant speaks with authority." -The New York Times "Much

nonsense has been written about voodoo in New Orleans. . . here is a truthful and definitive picture." -Lyle Saxton

#### Conjure Women Dr. Snake's Voodoo Spellbook

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound

flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

The life and work of the legendary "Pope of Voodoo," Marie Laveau—a free woman of color who practically ruled New Orleans in the mid-1800s Marie Laveau may be the most influential American practitioner of the magical arts; certainly, she is among the most famous. She is the subject of songs, films, and legends and the star of New Orleans ghost tours. Her grave in New Orleans ranks among the most popular spiritual pilgrimages in the US. Devotees venerate votive images of Laveau, who proclaimed herself the "Pope of Voodoo." She is the subject of respected historical biographies and the inspiration for novels by Francine Prose and Jewell Parker Rhodes. She even appears in Marvel Comics and on the television show American Horror Story: Coven, where she was portrayed by Angela Bassett. Author Denise Alvarado explores Marie Laveau's life and work—the fascinating history and mystery. This book gives an overview of New Orleans Voodoo, its origins, history, and practices.  THE ordinary fields of psychological inquiry, largely in possession of the pathologist, are fringed by a borderland of occult and dubious experiment into which pathologists may occasionally venture, but it is left for the most part to unchartered explorers. Beyond these fields and this borderland there lies the legendary wonder-world of Theurgy, so called, of Magic and Sorcery, a world of fascination or terror, as the mind which regards it is tempered, but in either case the antithesis of admitted possibility. There all paradoxes seem to obtain actually, contradictions coexist logically, the effect is greater than the cause and the shadow more than the substance. Therein the visible melts into the unseen, the invisible is manifested openly, motion from place to place is accomplished without traversing the intervening distance, matter passes through matter. There two straight lines may enclose a space; space has a fourth dimension, and untrodden fields beyond it; without metaphor and without evasion, the circle is mathematically squared. There life is prolonged, youth renewed, physical immortality secured. There earth becomes gold, and gold earth. There words and wishes possess creative power, thoughts are things, desire realises its object. There, also, the

dead live and the hierarchies of extramundane intelligence are within easy communication, and become ministers or tormentors, guides or destroyers, of man. There the Law of Continuity is suspended by the interference of the higher Law of Fantasia. But, unhappily, this domain of enchantment is in all respects comparable to the gold of Faerie, which is presumably its medium of exchange. It cannot withstand daylight, the test of the human eye, or the scale of reason. When these are applied, its paradox becomes an anticlimax, its antithesis ludicrous; its contradictions are without genius; its mathematical marvels end in a verbal quibble; its elixirs fail even as purges; its transmutations do not need exposure at the assayer's hands; its marvel-working words prove barbarous mutilations of dead languages, and are impotent from the moment that they are understood; departed friends, and even planetary intelligences, must not be seized by the skirts, for they are apt to desert their draperies, and these are not like the mantle of Elijah.
