Follow the incredible journey of one piece of paper—a copy of Psalm 23—as it travels around the world, linking lives and hearts with its simple but beautiful message. The Lord is my shepherd; I shall not want. He makes me lie down in green pastures... Shortly before a tragic car accident, Kate McConnell wrote down the powerful words of Psalm 23 on a piece of paper for her wayward son. Just before she loses consciousness, Kate wonders if she's done enough with her life and prays, "Please, let my life count." Unbeknownst to Kate, her handwritten copy of Psalm 23 soon begins a remarkable journey around the world. From a lonely dry cleaning employee to a

soldier wounded in Iraq, to a young Kurdish girl fleeing her country, to a Kenyan runner in the Rome Invitational Marathon, this humble message forever changes the lives of twelve very different people. Eventually, Kate's paper makes it back to its starting place, and she discovers the unexpected ways that God changes lives, even through the smallest gestures. With beautiful prose evocative of master storyteller Andy Andrews's *The Butterfly Effect*, this "intriguing...[and] inspiring read" (RT Book Reviews) will touch your heart and remind you of the ways God works through us to reach beyond what we can imagine.

In *Sticky Teams*, Larry Osborne exposes the hidden roadblocks, structures, and goofy thinking that all too often sabotage the health and harmony of even the best

intentioned ministry teams. Then, with practical and seasoned advice, he shows what it takes to get a leadership board, ministry team, and an entire congregation headed in the same direction, sticking together, unified and healthy for the long haul.

Explores the socio-economic background of people in the New Testament using papyrological evidence from Roman Egypt. *The Pastor's Justification* Worthy Books Ministry can be brutal. Discouragement, frustration, and exhaustion are common experiences for all church leaders, often resulting in a lack of joy and a loss of focus. Aiming to encourage and strengthen pastors in particular, Jared Wilson helps readers rediscover the soul-satisfying gospel of grace as he creatively merges biblical exposition and personal

confession. In addition to covering topics such as holiness, humility, and confidence, Wilson explores the nature of pastoral ministry through the lens of the five solas of the Reformation. Full of real-world examples from the author's own life and ministry, this book reminds all pastors that their justification is not found in ministry success or audience approval, but rather in the finished work of Christ.

The Shepherd of the Hills is the classic story of the stranger who takes the Old Trail deep into the Ozark Mountains, many miles from civilization. His appearance signals intellect and culture, yet his countenance is marked by grief and

disappointment. What is his purpose in taking on the lowly work of tending local sheep? And how is it that he befriends these simple hill folk, despite his coming from the world beyond the ridges? Mystery and romance envelop this gentle yet compelling story as the identity and purpose of the stranger-turned-shepherd is gradually unveiled.

What you see is not always what you get - and this true story of a man and his dog is no exception. Woven just under the surface of this simple parable, Keller presents profound spiritual truth. It is the story of Lass, a worthless animal thought to be untrainable, who becomes a magnificent and valuable sheepdog - not terribly unlike how God's love can transform our worst characteristics into blessings that serve to further His Kingdom. Allow yourself to see Biblical truth in this classic tale of what can happen when you yield to the Master.

Mothering is messy. Our joy and hope in raising children doesn't change the reality that being a mom can be frustrating, stressful, and tiring. But just as God is using us to shape our children, God is using our children and motherhood to shape us. In The Better Mom, author Ruth Schwenk, herself a mother of four children, encourages us with the good

news that there is more to being a mom than the extremes of striving for perfection or simply embracing the mess. We don't need to settle for surviving our kids' childhood. We can grow through it. With refreshing and heartfelt honesty Ruth emboldens moms to: Find freedom and walk confidently in purpose Create a God-honoring home environment Overcome unhealthy and destructive emotions such as anger, anxiety, and more Avoid glorifying the mess of mom-ing or idolizing perfection Cultivate life-giving friendships At the heart of The Better Mom is the message that Jesus calls us to live not a weary life, but a worthy life. We don't have to settle for either being apathetic or struggling to be perfect. Both visions of motherhood go too far. Ruth offers a better option. She says, "It's okay to come as we are, but what we're called to do and be is far too important to stay there! The way to becoming a better mom starts not with what we are doing, but with who God is inviting us to become."

WHY DO YOU BELIEVE THE THINGS YOU BELIEVE? Do you remember events differently from how they really happened? Where do your superstitions come from? How do morals evolve? Why are some people religious and others nonreligious? Everyone has thoughts and questions like these, and now Andrew Newberg and Mark Waldman expose, for the first time, how our complex views emerge from the neural activities of the brain. Bridging science, psychology, and religion, they demonstrate, in simple terminology, how the brain perceives reality and transforms it into an extraordinary range of personal, ethical, and creative premises that we use to build meaning, value, spirituality, and truth into our lives. When you come to understand this remarkable process, it will change forever the way you look at the world and yourself. Supported by groundbreaking research, including brain scans of people as they pray, meditate, and even speak in tongues, Newberg and Waldman propose a new model for how deep convictions emerge and influence our lives. You will even glimpse how the mind of an atheist works when contemplating God. Using personal stories, moral paradoxes, and optical illusions, the authors demonstrate how our brains construct our fondest assumptions about reality, offering recommendations for exercising your most important "muscle" in order to develop a more life-affirming, flexible range of attitudes. You'll discover how to: Recognize when your beliefs are altered by others Guard against mental traps and

prejudicial thinking Distinguish between destructive and constructive beliefs Cultivate spiritual and ethical ideals Ultimately, we must always return to our beliefs. From the ordinary to the extraordinary, they give meaning to the mysteries of life, providing us with our individual uniqueness and the ability to fill our lives with joy. Most important, though, they give us inspiration and hope, beacons to guide us through the light and dark corners of the soul.

This book is about leadership. It is, in fact, about the greatest leader model who ever lived. Ken Blanchard and Phil Hodges were the first to encourage us to follow Jesus as the ultimate example of leadership for all purposes. Theodore Mista applied this principle to his own career and learned that even an executive's highest calling is to become just such a shepherd leader. In *The Shepherd and His Staff* Mista illustrates what the Bible reveals about the key principles and practices to becoming a shepherd leader. He shows that the shepherd as a leadership calling, role, and responsibility has equal force for both men and women. He asks us to remember that leadership applies to any person who has authority or influence over another person and that this influence is always to be used to glorify God whether in the home, church, schools, business or government. **Manage like a Shepherd** Kenneth Hagin Ministries

Pastor Jamin Goggin and theology professor Kyle Strobel invite readers on a journey to uncover Jesus' seemingly contradictory way to power: weakness. Why do so many rock-star pastors implode under the spotlight? Why do modern-day churches become so entangled in growing their brand that they lose sight of their true purpose? Because, according to Jamin Goggin and Kyle Strobel, Christians have succumbed to the temptations of power and forgotten Jesus' seemingly contradictory path to power—first giving it up. In *The Way of the Dragon* or *The Way of the Lamb*, Goggin and Strobel paint a richly biblical vision of power through weakness. They invite readers to join them on an adventure around the world, seeking out great sages of the faith with uncommon wisdom to offer those traveling the path of Christian life. As readers eavesdrop on the authors' conversations with people such as J. I. Packer, Dallas Willard, Marva Dawn, John Perkins, Jean Vanier, James Houston, and Eugene Peterson, they begin to piece together the new-old reality of following Jesus today. In the end, *The Way of the Dragon* or the

Way of the Lamb offers a compelling vision of the way of Jesus that will challenge both individual believers and the church as a whole.
