Global Sales for Industrial Robots Doubled Over Last Five ...

The purpose of the International Federation of Robotics is to promote research, development, use and international co-operation in the entire field of robotics, industrial robots as well as service robots. The IFR is also coordinator of the International Symposium on Robotics (ISR), one of the oldest conferences for robotics research, founded in 1970.

Worldwide industrial robot sales reached a record 380,550 units in 2017, the International Federation of Robotics (IFR) announced at Automatica 2018 in Munich. That's a 29 percent increase over the 294,300 units sold in 2016. These are the initial findings of the IFR's World Robotics Report 2018.

Announced during the IFR CEO Round Table at Automatica, the findings show that China experienced the most growth in industrial robot sales at 58 percent.
